 - a. Location(s) in the Park –
12. Will you be making a donation to Balboa Park, a facility or institution located in the Park or outside the Park? **No**
 - a. How much –

b. Who –

13. Other unique event feature not covered above? The Balboa Park 8 & 3 Miler is the longest running annual footrace in San Diego which was first competed in 1955. San Diego Track Club's race directing team is proposing a new 8 mile course to provide a safer event for the competitors in the annual race.

The new course proposes removing the dog park section of the race to eliminate the impact on dog owners traveling to the dog park the morning of the event as well as the necessary set-up for Park & Recreation maintenance staff the day prior to the event. The new course will also eliminate the two way traffic on the bridle trail to provide runners a safer passage through that portion of the race course. The new course will include the usage of Balboa Drive North of El Prado as well as *north* bound lanes only on 6th Ave. between Juniper Street and Upas Street. The new course also runs the competitors through the Zoo Parking lot for one passage instead of the normal two during the original course. In addition, the new course will eliminate the 3-miler portion of the race. The event will now only host one race and start 30 minutes earlier to mitigate impact on the park the morning of the race.

The overall goal of the proposed changes is to provide San Diego's longest running tradition with a safer race experience for the event's competitors.

Recap:

New proposed course using northbound lanes of 6th Ave.

Eliminate the two-way traffic on the bridle trail and provide a safer passage of the race course.

Eliminate the use of the Dog Off Leash Area and Park & Recreation maintenance staff hours for set up.

Eliminate the 3-miler race course.

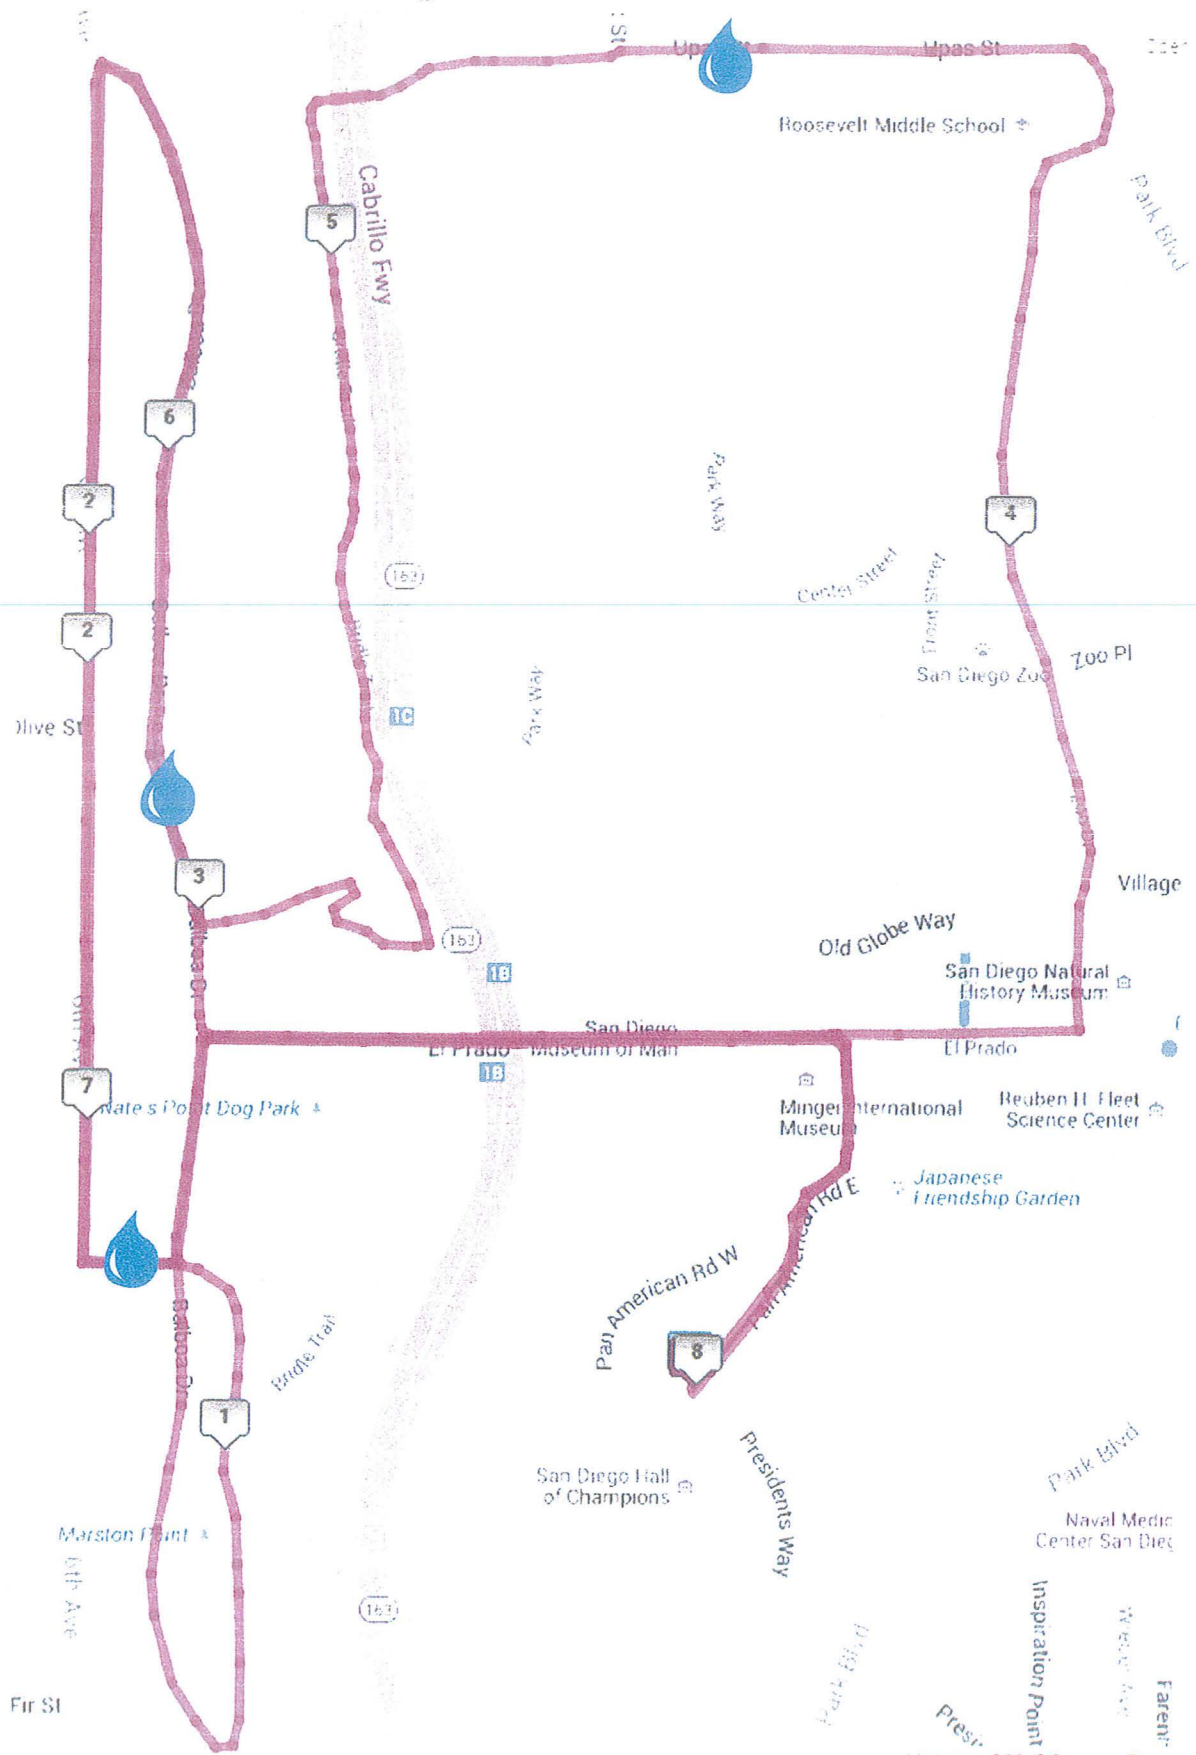

Decreasing the double passage through the Zoo parking lot to only one.

Start the race 30 minutes earlier.

BALBOA PARK 8 MILER

SAN DIEGO TRACK CLUB

Saturday, August 6, 2016

Start – Pan American Road East (Running North)
Left on El Prado (.23 m) (cross bridge heading west)
