Section 43: Advisory Boards and Committees

- (a) The City Council may by ordinance create and establish advisory boards. Such boards shall be advisory to the Mayor, Council or City Manager as may be designated by ordinance. All members of such boards shall be appointed by the Mayor with Council confirmation, and the terms of office of such members may extend beyond the elective term of the appointing Mayor. The members of such boards shall serve without compensation and it shall be their duty to consult and advise with the Mayor, Council or City Manager, as the case may be, but not to direct the conduct of any Department or Division. Members of such advisory boards shall be limited to a maximum of eight (8) consecutive years in office and an interval of four (4) years must pass before such persons can be reappointed.
- (b) The Mayor, City Council or City Manager may create and establish citizens' committees. Such committees shall be created and established only for the purpose of advising on questions with clearly defined objectives, and shall be temporary in nature, and shall be dissolved upon the completion of the objectives for which they were created. Committee members shall serve without compensation.
- (c) Whenever under the provisions of this Charter or ordinance the Mayor is vested with authority to appoint the members of boards or committees and does not take such action within forty-five (45) days after the board or committee has been established or a vacancy occurs, then the Council shall make such appointments. The Council may remove committee and board members by vote of a majority of the members of the Council.

Section 55: Park and Recreation

The City Manager shall have the control and management of parks, parkways, plazas, beaches, cemeteries, street trees, landscaping of City-owned property, golf courses, playgrounds, recreation centers, recreation camps and recreation activities held on any City playgrounds, parks, beaches and piers, which may be owned, controlled or operated by the City. The City Council shall by ordinance adopt regulations for the proper use and protection of said park property, cemeteries, playgrounds and recreation facilities, and provide penalties for violations thereof. The Manager is charged with the enforcement of such regulations.

All real property owned in fee by the City heretofore or hereafter formally dedicated in perpetuity by ordinance of the Council or by statute of the State Legislature for park, recreation or cemetery purposes shall not be used for any but park, recreation or cemetery purposes without such changed use or purpose having been first authorized or later ratified by a vote of two-thirds of the qualified electors of the City voting at an election for such purpose. However, real property which has been heretofore or which may hereafter be set aside without the formality of an ordinance or statute dedicating such lands for park, recreation or cemetery purposes may be used for any public purpose deemed necessary by the Council.

Whenever the City Manager recommends it, and the City Council finds that the public interest demands it, the City Council may, without a vote of the people, authorize the opening and maintenance of streets and highways over, through and across City fee-owned land which has heretofore or hereafter been formally dedicated in perpetuity by ordinance or statute for park, recreation and cemetery purposes.

The City Manager shall also have charge of the management, control, preservation, regulation, improvement and embellishment of all public burial grounds and cemeteries belonging to the City, and the sale of lots therein. At least twenty percent of the net proceeds from the sale of all cemetery lots shall be deposited with the City Treasurer and be kept in a fund to be known as the Cemetery Perpetuity Fund. This fund shall be administered by the Funds Commission and shall be invested in such income-producing securities as the Funds Commission may decide. The principal of the perpetuity fund (subject to such accretion or diminution as may result from investing the same) shall not be available for meeting expenses for maintenance or upkeep of the cemeteries in any manner whatsoever. All income derived from the investment of the moneys in said perpetuity fund, together with the balance of the sale price of said lots not placed in the perpetuity fund, shall be expended in the maintenance and upkeep of the cemeteries and the perpetual care and upkeep of all graves and lots in said

cemeteries; provided, however, that if in any one year such income is more than needed for the purpose of such maintenance, upkeep and perpetual care the Council may direct that the excess over and above that needed as above provided may be used for any other municipal purpose. If the income from said investments of said perpetuity fund and the balance of the sale price of said lots each year are not sufficient to maintain the cemeteries and to provide perpetual care and upkeep of all graves and lots in said cemeteries the Council shall annually appropriate from other revenues an amount sufficient to enable the City to provide perpetual care and upkeep of all graves and lots in the cemeteries.

Section 103.1a: Environmental Growth Fund

There is hereby created a fund in the City Treasury, to be known as the Environmental Growth Fund. Into this fund each year there shall be placed 25 percent of all moneys derived from the revenues accruing to the City from any franchises for the transmission and distribution of gas, electricity and steam within the City of San Diego.

The Environmental Growth Fund shall be used exclusively for the purpose of preserving and enhancing the environment of the City of San Diego in whatever manner is deemed appropriate by the City Council of The City of San Diego; provided, however, that two-thirds of the moneys paid into the Environmental Growth Fund shall be used exclusively as debt service for bonds of any nature issued for the acquisition, improvement and maintenance of open space to be used for park or recreational purposes. In connection with the issuance of any general obligation bonds for the acquisition, improvement and maintenance of open space to be used for park or recreational purposes, the Council may pledge up to two-thirds of the Environmental Growth Fund to the payment or security of such general obligation bonds and the interest thereon and may so state in any ordinance calling an election authorizing the issuance of said general obligation bonds. If there are no such bonds outstanding or if two-thirds of the moneys paid into the Environmental Growth Fund exceed the amount necessary to service any outstanding bonds issued for the above purposes in any fiscal year, then in those events, and those events only, the moneys set aside for debt service of said bonds or that portion of said moneys which is not needed for debt service of said bonds, shall be used, if at all, exclusively for the purpose of preserving and enhancing the environment of the City of San Diego in whatever manner is deemed appropriate by the City Council of The City of San Diego.
