

THE CITY OF SAN DIEGO

REPORT TO THE PLANNING COMMISSION

DATE ISSUED: July 20, 2012 **REPORT NO. PC-12-057**

ATTENTION: Planning Commission, Agenda of July 26, 2012

SUBJECT: JACK-IN-THE BOX – UPAS – PROJECT NO. 213093
PROCESS FOUR

**OWNER/
APPLICANT:** John O. Thomas, Property Owner (Attachment 10)
Jack-in-the-Box, Inc., Applicant/Permittee (Attachment 10)

SUMMARY

Issue: Should the Planning Commission approve the request to demolish an existing restaurant and construct a new, approximately 2,178-square-foot Jack-in-the-Box restaurant?

Staff Recommendation:

1. **Certify** Negative Declaration No. 213093; and
2. **Approve** Planned Development Permit No. 758252.

Community Planning Group Recommendation: The North Park Planning Committee voted 13-0-0 to recommend denial of the proposed project on January 18, 2011 (Attachment 9).

Environmental Review: A Negative Declaration No. 213093 has been prepared for the project in accordance with State of California Environmental Quality Act (CEQA) guidelines.

Fiscal Impact Statement: None with this action; the costs of processing this project have been paid by the applicant through a deposit account.

Code Enforcement Impact: None with this action; there is no active Neighborhood Code Compliance case.

Housing Impact Statement: The Greater North Park Community Plan designates the proposed project site for Commercial with the ability to include residential development at a density of 15 to 30 dwelling units per net residential acre. The proposal to demolish

an existing fast food restaurant on a 0.29-acre site and construct a new fast food restaurant would result in the loss of a potential opportunity to develop 4 to 9 dwelling units as part of a mixed-use development at this location in the North Park community.

BACKGROUND

The Jack-in-the-Box – Upas project is located at the southwest corner of Upas and Dale Streets, within the Greater North Park Community Plan area (Attachment 3). The project site is currently designated for Commercial use in the Greater North Park Community Plan, and is currently zoned CN-1-2 (Attachment 2). The site is also located in the FAA Part 77 Notification Area. An alley abuts the property to the east. Commercial uses exist on the east side of the alley. The commercial strip of 30th Street ends at the northern boundary of this property, where it then takes a jog to the east before continuing south. Residential uses are located to the west of the property on the other side of Dale Street, as well as to the south. Although the property immediately adjacent to the south is residentially developed, it is also located within the CN-1-2 zone.

The site is improved with an existing Jack-in-the-Box drive-through restaurant currently in operation. The existing Jack-in-the-Box restaurant was permitted in 1961, when the site was in the C zone. The C zone did not have restrictions on drive-throughs or hours of operation. The current operating hours are the same as those proposed, although the use did operate on a 24-hour basis several years ago. Current zoning requirements prohibit a drive-through on this site and further limit hours of operation from 6:00 a.m. to 12:00 midnight. The property maintains previously conforming rights for the drive-through and hours of operation and may maintain its current operations as outlined in the General Review Procedures for Previously Conforming Premises and Uses in SDMC Chapter 12, Article 7, Division 1. Per these requirements, limited maintenance, repair or alteration to the existing structure, which does not expand the existing structural envelope, would also be allowed by right.

Regardless, the applicant has elected to demolish the existing, previously-conforming facility and construct a new restaurant. Because the new facility proposes to continue the drive-through and hours of operation exceeding the current limitations, a Planned Development Permit is required. The project also includes deviations from other development regulations, all of which are included in the requested Planned Development Permit.

The project is a Process 4 Planning Commission decision, due to the request for the Planned Development Permit.

DISCUSSION

Project Description:

The project proposes the demolition of the existing 1,944-square-foot, drive-through restaurant, and the construction of a new, approximately 2,178-square-foot restaurant with deviations including: operation of a drive-through window, hours of operation, elimination of a pedestrian path of travel, reduced parking, off-setting planes, and landscape.

The project request includes a Planned Development Permit due to the following deviations from the underlying zone requirements and regulations:

1. A deviation to allow a drive-through restaurant to operate on this site where the CN-1-2 Zone does not allow drive-throughs (SDMC Section 131.0522, Table 131-05B footnote 4 does not permit drive-throughs);
2. A deviation to permit modified hours of operation: dining room shall be limited from 6:00 a.m. to 12:00 midnight daily, and drive-through shall be limited from 5:30 a.m. to 2:00 a.m. daily (SDMC Section 131.0522, Table 131-05B footnote 1 restricts hours from 6:00 a.m. to 12:00 midnight);
3. A deviation to provide 11 off-street parking spaces (including one accessible space), where 33 spaces are required (SDMC Section 142.0530, Table 142-05E);
4. A deviation to allow no pedestrian path from Dale Street to the building where one (1) pedestrian path from each property frontage on an improved public street is required (SDMC Section 131.0550(b)). Elimination of the pedestrian path from Dale Street allows design of the structure to focus pedestrian activity toward the north along Upas Street and away from the residential uses to the west;
5. A deviation to allow three (3) offsetting planes on the north elevation and five (5) on the west elevation where four (4) and six (6) offsetting planes are required, respectively (SDMC Section 131.554). The elevations will be constructed with a variety of materials, colors and architectural projections, creating visual interest; and
6. Deviations from the landscape regulations to allow 113 square feet of planting area to be provided for the Remaining Yard, where 400 square feet is required (SDMC Section 142.0404); and to allow the disabled-access parking space to be located 40 feet from a tree, where the VUA tree distribution regulations require one tree within 30 feet of each parking space (SDMC Section 142.0406).

The new restaurant building, landscaping, accessory improvements and enhancements are proposed in order to upgrade the existing facility. Among the enhancements are open seating provided along Upas Street to encourage pedestrian activity and to provide an enhanced streetscape, and the closure of the existing driveways along Upas Street to reduce potential vehicular and pedestrian conflict.

Pursuant to the Land Development Code, in order to maintain previously conforming rights to the drive-through and hours of operation, the existing structure may not be demolished. In order to provide the enhancements, however, the existing structure must be demolished. Therefore, the deviations allow the restaurant site to be upgraded and to provide the enhancements as discussed above, while maintaining current operations.

The proposed project would maintain the existing use and improve the site with perimeter landscaping and street trees. Additionally, the proposed project would remove the two existing driveways along its northern frontage in order to create a contiguous and level sidewalk along Upas Street and a more pedestrian-oriented environment. The drive-through lane would be reconfigured so that traffic would be directed to use the existing alley for egress.

The project will provide an 8-foot-high concrete wall at the south property line and will use visual order confirmation between 5:30 a.m. and 6:00 a.m. and between 10:00 p.m. and 2:00 a.m. at the drive-through order screen to reduce noise to adjacent residences. Improvements to the landscaping, architecture, ADA accessibility, site accessibility, traffic patterns, drive-through

stacking and the overall appearance of the site are also proposed. Specific conditions have been included with the permit to ameliorate the affects of this commercial use on the nearby residential development.

As part of this proposed project, the applicant has indicated they will voluntarily incorporate several sustainability features. The existing site has no water quality measures in place for storm water treatment; as part of this project bioswales and Bioclean filters will be installed to treat wastewater. "Coronado Stone" is specified for exterior finishes, which uses up to 20% recycled material. Exterior lighting will be controlled via time clock and photocells to reduce energy consumption. In addition, the exterior landscaping will use 30% less water than allowed by the City's water budget calculation, and landscape rain sensors will adjust the water schedule based on weather conditions.

Vehicular access to the site is currently provided via two closely spaced driveways on Upas Street and one driveway on Dale Street. The proposed project would require closure of both of the driveways on Upas Street. The driveway on Dale Street would be maintained, with an exit-only driveway being provided into the adjacent alley. This would allow for a reduction in conflicting movements, as well as improvements in the stacking operations within the drive-through, the ability to provide one additional parking space onsite, and an increase in landscaping and pedestrian-orientation along Upas Street. The existing restaurant provides 10 off-street parking spaces. The proposed facility would provide 11 off-street parking spaces, where 33 are required by the underlying zone. A traffic impact analysis was prepared for the project, which concluded that an adequate parking supply will be provided with the 11 spaces proposed for the project, and that no significant impacts would be generated based on the analysis of the study area intersection and street segments.

Community Plan Analysis:

The Greater North Park Community Plan designates the proposed project site for Commercial use with the ability to include residential development at a density of 15 to 30 dwelling units per net residential acre.

A proposal to demolish an existing fast food restaurant and construct a new fast food restaurant with drive-through would implement the existing land use designation. Although the existing CN-1-2 zone does not allow drive-throughs, the community plan does not specifically address prohibition of them.

The project would meet the recommendation in the Transportation Element for the installation and convenient location of bicycle facilities for both customers and employees by providing a bike rack next to the building's western elevation. Drought tolerant landscaping that would be included as part of the project and would provide screening for parking, the drive-through, and trash enclosure would implement the recommendations in the Conservation and the Urban Design Elements of the General Plan for incorporating sustainable landscape design.

Additionally, the proposed project would meet the objective in the Commercial Element of enhancing pedestrian activity in business districts by improving the pedestrian environment, through the incorporation of several pedestrian-oriented features along the project's frontage on Upas Street and Dale Street. The project would enhance the streetscape along Upas Street by

providing outdoor seating along the street, a trellis feature, an approximate 4-foot-wide landscape strip, low scale brick wall, street trees, and pedestrian entries from the street. Also, pedestrian access ramps would be added along Upas Street and the two existing driveways would be removed. On Dale Street, the proposed project would enhance the streetscape with an approximate 7-foot-wide landscape strip that would buffer and screen the sidewalk from parking and street trees in the existing parkway strip. Additionally, the corner of Dale Street and Upas Street would be enhanced with broad canopy street trees and landscaping.

The project proposes a deviation to the zone to allow a drive-through. Although the Greater North Park Community Plan does not specifically address drive-through establishments, the project proposes to maintain the location of the drive-through to the rear of the restaurant. This location helps to maintain pedestrian orientation along Dale and Upas Streets. The project also proposes to include an 8-foot-high concrete wall and institute visual order confirmation between 5:30 a.m. and 6:00 a.m. and between 10:00 p.m. and 2:00 a.m. at the drive-through order screen to reduce noise to adjacent residences. The proposed project would not adversely impact the overall goals and objectives of the community plan and as proposed, would meet recommendations and objectives related to enhancing the pedestrian environment in commercial areas and promoting sustainable landscape design contained in the Commercial, Transportation, and Conservation Elements of the Greater North Park Community Plan and General Plan.

Environmental Analysis:

In accordance with State of California Environmental Quality Act (CEQA) guidelines, an Initial Study was prepared for the proposed project which confirmed either less than significant impacts or no impacts to environmental factors. As a result, a Negative Declaration has been prepared for the proposed project.

Project-Related Issues:

Community Participation:

Several letters and emails have been received both in opposition and in support of the proposed project since it was submitted. If requested by the parties, these communications have been attached to this report.

Community Planning Group:

The North Park Planning Committee voted 13-0-0 to recommend denial of the proposed Planned Development Permit for the proposed project. The minutes provided by the North Park Planning committee state their basis for denial is because “the project does not conform to the findings that must be made to allow such a permit as outlined in Municipal Code 126.0604 (a)” (Attachment 9).

Conclusion:

Staff has determined the proposed Jack-in-the-Box – Upas project, except for the proposed

deviations, complies with the applicable sections of the Municipal Code and adopted City Council policies. Staff has determined the required findings would support the recommendation to approve the proposed Planned Development Permit.

ALTERNATIVES

1. **Approve** Planned Development Permit No. 758252, **with modifications.**
2. **Deny** Planned Development Permit No. 758252, **if the findings required to approve the project cannot be affirmed.**

Respectfully submitted,

PLANNING GROUP RECOMMENDATION:	The North Park Planning Committee voted 13-0-0 to recommend denial of the proposed project on January 18, 2011.															

PLANNING COMMISSION
RESOLUTION NO. _____
PLANNED DEVELOPMENT PERMIT NO. 758252
JACK-IN-THE-BOX - UPAS - PROJECT NO. 213093

WHEREAS, JOHN O. THOMAS, AN INDIVIDUAL, Owner, and JACK-IN-THE-BOX, INC. A DELAWARE CORPORATION, Permittee, filed an application with the City of San Diego for a permit to demolish an existing restaurant and construct a new, approximately 2,178-square-foot restaurant with deviations including: operation of a drive-through window, hours of operation, elimination of a pedestrian path of travel, reduced parking, off-setting planes, and landscape (as described in and by reference to the approved Exhibits "A" and corresponding conditions of approval for the associated Permit No. 758252, on portions of a 0.29-acre site;

WHEREAS, the project site is located at 2959 Upas Street in the CN-1-2 Zone and the FAA Part 77 Notification Area, within the Greater North Park Community Plan area;

WHEREAS, the project site is legally described as Lots 1 and 2, Block 1, Lynhurst, Map No. 1262;

WHEREAS, on July 26, 2012, the Planning Commission of the City of San Diego considered Planned Development Permit No. 758252 pursuant to the Land Development Code of the City of San Diego;

WHEREAS, on May 10, 2012, the City of San Diego, as Lead Agency, through the Development Services Department, made and issued an Environmental Determination (include rest of language as deemed appropriate);

BE IT RESOLVED by the Planning Commission of the City of San Diego as follows:

That the Planning Commission adopts the following written Findings, dated July 26, 2012:

Planned Development Permit Findings - Section 126.0604

1. The proposed development will not adversely affect the applicable land use plan.

The proposed project includes the demolition of an existing drive-through restaurant and the construction of a new drive-through restaurant, with deviations. The Greater North Park Community Plan designates the proposed project site for Commercial use with the ability to include residential development at a density of 15 to 30 dwelling units per net residential acre. A proposal to demolish an existing fast food restaurant and construct a new fast food restaurant with drive-through would implement the existing land use designation. Although the existing CN-1-2 zone does not allow drive-throughs, the community plan does not specifically address prohibition of them.

The project would meet the recommendation in the Transportation Element for the installation and convenient location of bicycle facilities for both customers and employees

by providing a bike rack next to the building's western elevation. Drought tolerant landscaping that would be included as part of the project and would provide screening for parking, the drive-through, and trash enclosure would implement the recommendations in the Conservation and the Urban Design Elements of the General Plan for incorporating sustainable landscape design.

Additionally, the proposed project would meet the objective in the Commercial Element of enhancing pedestrian activity in business districts by improving the pedestrian environment, through the incorporation of several pedestrian-oriented features along the project's frontage on Upas Street and Dale Street. The project would enhance the streetscape along Upas Street by providing outdoor seating along the street, a trellis feature, an approximate 4-foot-wide landscape strip, low scale brick wall, street trees, and pedestrian entries from the street. Also, pedestrian access ramps would be added along Upas Street and the two existing driveways would be removed. On Dale Street, the proposed project would enhance the streetscape with an approximate 7-foot-wide landscape strip that would buffer and screen the sidewalk from parking and street trees in the existing parkway strip. Additionally, the corner of Dale Street and Upas Street would be enhanced with broad canopy street trees and landscaping.

The project proposes a deviation to the zone to allow a drive-through. Although the Greater North Park Community Plan does not specifically address drive-through establishments, the project proposes to maintain the location of the drive-through at the rear of the restaurant. This location helps to maintain pedestrian orientation along Dale and Upas Streets. The project also proposes to include an 8-foot-high concrete wall and institute visual order confirmation between 5:30 a.m. and 6:00 a.m. and between 10:00 p.m. and 2:00 a.m. at the drive-through order screen to reduce noise to adjacent residences. The proposed project would not adversely impact the overall goals and objectives of the community plan and as proposed, would meet recommendations and objectives related to enhancing the pedestrian environment in commercial areas and promoting sustainable landscape design contained in the Commercial, Transportation, and Conservation Elements of the Greater North Park Community Plan and General Plan.

2. The proposed development will not be detrimental to the public health, safety, and welfare.

The proposed project includes the demolition of an existing drive-through restaurant and the construction of a new drive-through restaurant, with deviations. Currently, the proposed project site contains an existing fast food restaurant with drive-through. The proposed project would maintain the existing use and improve the site with perimeter landscaping and street trees. Additionally, the proposed project would remove the two existing driveways along its northern frontage in order to create contiguous and level sidewalk along Upas Street and a more pedestrian-oriented environment. The drive-through lane would be reconfigured so that traffic would be redirected to use the existing alley for egress. Further, the project also proposes to include an 8-foot concrete wall and institute visual order confirmation between 5:30 a.m. and 6:00 a.m. and between 10:00 p.m. and 2:00 a.m. at the drive-through order screen to reduce noise to adjacent residences.

In accordance with State of California Environmental Quality Act (CEQA) guidelines, an Initial Study was prepared for the proposed project which confirmed either less than significant impacts or no impacts to environmental factors. As a result, a Negative Declaration has been prepared for the proposed project. The draft permit contains specific conditions addressing project compliance with the City's codes, policies, regulations and other regional, State and Federal regulations, as well as several operational constraints and development controls. Accordingly, the proposed development will not be detrimental to the public health, safety and welfare.

3. **The proposed development will comply with the regulations of the Land Development Code including any proposed deviations pursuant to Section 126.0602(b)(1) that are appropriate for this location and will result in a more desirable project than would be achieved if designed in strict conformance with the development regulations of the applicable zone; and any allowable deviations that are otherwise authorized pursuant to the Land Development Code.**

The proposed project includes the demolition of an existing drive-through restaurant and the construction of a new drive-through restaurant, with deviations. The project proposes to maintain current operation of an existing fast food restaurant, which includes operation of a drive-through and store hours of 6:00 a.m. to 12:00 midnight (dining room) and 5:30 a.m. to 2:00 a.m. (drive-through). The drive-through restaurant was permitted in 1961, when the site was in the C zone. The C zone did not have restrictions on drive-throughs or hours of operation. Current zoning requirements prohibit a drive-through restaurant on this site and further limit hours of operation to 6:00 a.m. – 12:00 midnight. The project maintains previously conforming rights for the drive-through and hours of operation and may maintain its current operations as outlined in the General Review Procedures for Previously Conforming Premises and Uses in SDMC Chapter 12, Article 7, Division 1. Per these requirements, limited maintenance, repair or alteration to the existing structure, which does not expand the existing structural envelope, would also be allowed by right.

A new restaurant building, landscaping, accessory improvements and enhancements are proposed in order to upgrade the existing facility. Among the enhancements are open seating provided along Upas Street to encourage pedestrian activity and to provide an enhanced streetscape, and the closure of the existing driveways along Upas Street to reduce potential vehicular and pedestrian conflict.

In order to maintain previously conforming rights to the drive-through and hours of operation, the existing structure may not be demolished. In order to provide the enhancements, however, the existing structure must be demolished. Therefore, the deviations allow the restaurant site to be upgraded and to provide the enhancements as discussed above, while maintaining current operations.

The project also proposes deviations from the offsetting planes requirement and does not provide the required pedestrian path from Dale Street to the establishment. The elevations will be constructed with a variety of materials, colors and architectural projections, creating

visual interest. Elimination of the pedestrian path from Dale Street allows design of the structure to focus pedestrian activity toward the north along Upas Street and away from the residential uses to the west.

In addition, the project will provide an 8-foot-high concrete wall at the south property line and will use visual order confirmation between 5:30 a.m. and 6:00 a.m. and between 10:00 p.m. and 2:00 a.m. at the drive-through order screen to reduce noise to adjacent residences. The inclusion of the drive-through in the project allows a reduction in square footage of the restaurant, which provides the ability to devote more of the site to landscaping, pedestrian orientation and parking; a walk-in only restaurant would require a larger facility to accommodate more customers. The ability to provide more landscaping and meet the pedestrian-orientation goals of the community plan, in addition to improving the architecture, ADA accessibility, site accessibility, traffic patterns, drive-through stacking and the overall appearance of the site will result in a more desirable project.

Therefore, the proposed development will comply with the regulations of the Land Development Code. The proposed deviations are authorized by the Land Development Code, and pursuant to Section 126.0602(b)(1) are appropriate for this location and will result in a more desirable project than would be achieved if designed in strict conformance with the development regulations of the applicable zone.

BE IT FURTHER RESOLVED that, based on the findings hereinbefore adopted by the Planning Commission, Planned Development Permit No. 758252 is hereby GRANTED by the Planning Commission to the referenced Owner/Permittee, in the form, exhibits, terms and conditions as set forth in Permit No. 758252, a copy of which is attached hereto and made a part hereof.

PLANNED DEVELOPMENT PERMIT NO. 758252
JACK-IN-THE-BOX - UPAS - PROJECT NO. 213093
PLANNING COMMISSION

DRAFT

This Planned Development Permit No. 758252 is granted by the Planning Commission of the City of San Diego to JOHN O. THOMAS, AN INDIVIDUAL, Owner, and JACK-IN-THE-BOX, INC., A DELAWARE CORPORATION, Permittee, pursuant to San Diego Municipal Code [SDMC] section 126.0602. The 0.29-acre site is located at 2959 Upas Street in the CN-1-2 Zone and the FAA Part 77 Notification Area, within the Greater North Park Community Plan. The project site is legally described as: Lots 1 and 2, Block 1, Lynhurst, Map No. 1262.

Subject to the terms and conditions set forth in this Permit, permission is granted to Owner/Permittee to demolish an existing restaurant and construct a new, approximately 2,178-square-foot restaurant with deviations including: operation of a drive-through window, hours of operation, elimination of a pedestrian path of travel, reduced parking, off-setting planes, and landscape, described and identified by size, dimension, quantity, type, and location on the approved exhibits [Exhibit "A"] dated July 26, 2012, on file in the Development Services Department.

The project shall include:

- a. Demolition of an existing restaurant and construction of a new, approximately 2,178-square-foot restaurant with deviations including: operation of a drive-through window, hours of operation, elimination of a pedestrian path of travel, reduced parking, off-setting plans, and landscape;
- b. Deviations from the development regulations to as further delineated in Condition 30:

- a. To allow a drive-through restaurant to operate on this site where the CN-1-2 Zone does not allow drive-throughs;
 - b. To permit modified hours of operation as described in Conditions 36 and 37 of this permit;
 - c. To provide 11 off-street parking spaces (including one accessible space), where 33 spaces are required;
 - d. To allow no pedestrian path from Dale Street to the building where one (1) pedestrian path from each property frontage on an improved public street is required;
 - e. To allow three (3) offsetting planes on the north elevation and five (5) on the west elevation where four (4) and six (6) offsetting planes are required, respectively; and
 - f. Deviations from the landscape regulations to allow 113 square feet of planting area to be provided for the Remaining Yard, where 400 square feet is required (SDMC Section 142.0404) and to allow the disabled-access parking space to be located 40 feet from a tree, where the VUA tree distribution regulations require one tree within 30 feet of each parking space (SDMC Section 142.0406).
- c. Landscaping (planting, irrigation and landscape related improvements);
 - d. Off-street parking; and
 - e. Public and private accessory improvements determined by the Development Services Department to be consistent with the land use and development standards for this site in accordance with the adopted community plan, the California Environmental Quality Act [CEQA] and the CEQA Guidelines, the City Engineer's requirements, zoning regulations, conditions of this Permit, and any other applicable regulations of the SDMC.

STANDARD REQUIREMENTS:

1. This permit must be utilized within thirty-six (36) months after the date on which all rights of appeal have expired. If this permit is not utilized in accordance with Chapter 12, Article 6, Division 1 of the SDMC within the 36 month period, this permit shall be void unless an Extension of Time has been granted. Any such Extension of Time must meet all SDMC requirements and applicable guidelines in effect at the time the extension is considered by the appropriate decision maker. This permit must be utilized by July 26, 2015.
2. No permit for the construction, occupancy, or operation of any facility or improvement described herein shall be granted, nor shall any activity authorized by this Permit be conducted on the premises until:
 - a. The Owner/Permittee signs and returns the Permit to the Development Services Department; and
 - b. The Permit is recorded in the Office of the San Diego County Recorder.

3. While this Permit is in effect, the subject property shall be used only for the purposes and under the terms and conditions set forth in this Permit unless otherwise authorized by the appropriate City decision maker.
4. This Permit is a covenant running with the subject property and all of the requirements and conditions of this Permit and related documents shall be binding upon the Owner/Permittee and any successor(s) in interest.
5. The continued use of this Permit shall be subject to the regulations of this and any other applicable governmental agency.
6. Issuance of this Permit by the City of San Diego does not authorize the Owner/Permittee for this Permit to violate any Federal, State or City laws, ordinances, regulations or policies including, but not limited to, the Endangered Species Act of 1973 [ESA] and any amendments thereto (16 U.S.C. § 1531 et seq.).
7. The Owner/Permittee shall secure all necessary building permits. The Owner/Permittee is informed that to secure these permits, substantial building modifications and site improvements may be required to comply with applicable building, fire, mechanical, and plumbing codes, and State and Federal disability access laws.
8. Construction plans shall be in substantial conformity to Exhibit "A." Changes, modifications, or alterations to the construction plans are prohibited unless appropriate application(s) or amendment(s) to this Permit have been granted.
9. All of the conditions contained in this Permit have been considered and were determined-necessary to make the findings required for approval of this Permit. The Permit holder is required to comply with each and every condition in order to maintain the entitlements that are granted by this Permit.

If any condition of this Permit, on a legal challenge by the Owner/Permittee of this Permit, is found or held by a court of competent jurisdiction to be invalid, unenforceable, or unreasonable, this Permit shall be void. However, in such an event, the Owner/Permittee shall have the right, by paying applicable processing fees, to bring a request for a new permit without the "invalid" condition(s) back to the discretionary body which approved the Permit for a determination by that body as to whether all of the findings necessary for the issuance of the proposed permit can still be made in the absence of the "invalid" condition(s). Such hearing shall be a hearing de novo, and the discretionary body shall have the absolute right to approve, disapprove, or modify the proposed permit and the condition(s) contained therein.

AIRPORT REQUIREMENTS:

10. Prior to the issuance of any building permits, the Owner/Permittee shall provide a copy of the signed agreement [DS-503] and show certification on the building plans verifying that the structures do not require Federal Aviation Administration [FAA] notice for Determination of No

Hazard to Air Navigation, or provide an FAA Determination of No Hazard to Air Navigation as specified in Information Bulletin 520.

ENGINEERING REQUIREMENTS:

11. Prior to the issuance of any building permit, the Owner/Permittee shall assure by permit and bond the closure of the non-utilized driveway, on Upas Street, with City standard curb, gutter and sidewalk, satisfactory to the City Engineer.
12. Prior to the issuance of any building permit, the Owner/Permittee shall assure by permit and bond the replacement of the existing curb with City standard curb and gutter, along the project frontage on Upas Street and Dale Street, per Standard Drawings G-2 and SDG-100, satisfactory to the City Engineer.
13. Prior to the issuance of any building permit, the Owner/Permittee shall assure by permit and bond the replacement of the existing driveways with City standard driveways on Upas Street and on Dale Street, per Standard Drawing G-14B, G-16 and SDG-100, satisfactory to the City Engineer.
14. Prior to the issuance of any building permit, the Owner/Permittee shall dedicate an additional 2.5 foot alley, along the project site adjacent to the alley, to provide a minimum of 10-foot alley centerline to property line distance, satisfactory to the City Engineer.
15. Prior to the issuance of any building permit, the Owner/Permittee shall assure by permit and bond the replacement of the alley apron, at the alley entrance on Upas Street, satisfactory to the City Engineer.
16. Prior to the issuance of any building permit, the Owner/Permittee shall assure by permit and bond the replacement of the damaged portion of the alley, satisfactory to the City Engineer.
17. Prior to the issuance of any building permit, the Owner/Permittee shall assure by permit and bond the construction of City standard curb ramps, at the alley entrance on Upas Street, satisfactory to the City Engineer.
18. Prior to the issuance of any building permit, the Owner/Permittee shall assure by permit and bond the construction of the City standard curb ramps with truncated domes, adjacent to the project site on Upas Street and align with the existing curb ramps located on the opposite sides of Upas Street at the intersection with 30th Street, satisfactory to the City Engineer.
19. Prior to the issuance of any construction permit, the Owner/Permittee shall enter into a Maintenance Agreement for the ongoing permanent BMP maintenance, satisfactory to the City Engineer.
20. Prior to the issuance of any construction permit, the Owner/Permittee shall incorporate any construction Best Management Practices necessary to comply with Chapter 14, Article 2,

Division 1 (Grading Regulations) of the Municipal Code, into the construction plans or specifications.

21. Prior to the issuance of any construction permit, the Owner/Permittee shall submit a Water Pollution Control Plan (WPCP). The WPCP shall be prepared in accordance with the guidelines in Appendix E of the City's Storm Water Standards.
22. Prior to the issuance of any construction permit, the Owner/Permittee shall incorporate and show the type and location of all post construction Best Management Practices (BMPs) on the final construction drawings, consistent with the approved Water Quality Technical Report.
23. Prior to the issuance of any building permit, the Owner/Permittee shall assure by permit and bond the replacement of the existing driveway with City standard driveway on Dale Street, per Standard Drawing G-14B, G-16 and SDG-100, satisfactory to the City Engineer.
24. Prior to the issuance of any building permit, the Owner/Permittee shall assure by permit and bond the construction of City standard curb ramps with truncated domes, on both sides of the alley entrance on Upas Street, satisfactory to the City Engineer.

LANDSCAPE REQUIREMENTS:

25. Prior to issuance of any engineering permits for right-of-way improvements, complete landscape construction documents shall be submitted to the Development Services Department for approval. Improvement plans shall provide a minimum root zone of 40 square feet unencumbered by utilities for all trees. Driveways, utilities, drains, water and sewer laterals shall be designed so as not to prohibit the placement of street trees.
26. Prior to issuance of any construction permits, complete landscape and irrigation plans consistent with the Landscape Standards shall be submitted to the Development Services Department for approval. The construction documents shall be in substantial conformance with Exhibit 'A' (Landscape Development Plan).
27. Prior to issuance of any Certificate of Occupancy, it shall be the responsibility of the Owner/Permittee to install all required landscape and obtain all required landscape inspections. A "No Fee" Street Tree Permit shall be obtained for the installation, establishment, and on-going maintenance of all street trees.
28. The Owner/Permittee shall be responsible for the maintenance of all landscape improvements shown on the approved plans, including in the right-of-way, consistent with the Landscape Standards unless long-term maintenance of said landscaping will be the responsibility of a Landscape Maintenance District or other approved entity.

PLANNING/DESIGN REQUIREMENTS:

29. Owner/Permittee shall maintain a minimum of 11 off-street parking spaces (including one accessible space) on the property at all times in the approximate locations shown on the

approved Exhibit "A." All on-site parking stalls and aisle widths shall be in compliance with requirements of the City's Land Development Code and shall not be converted and/or utilized for any other purpose, unless otherwise authorized in writing by the Development Services Department.

30. The following deviations are granted with this permit, as more fully described on Exhibit "A," dated July 26, 2012:
- a. A deviation to allow a drive-through restaurant to operate on this site where the CN-1-2 Zone does not allow drive-throughs (SDMC Section 131.0522, Table 131-05B footnote 4);
 - b. A deviation to permit modified hours of operation as described in Conditions 33 and 34 of this permit (SDMC Section 131.0522, Table 131-05B footnote 1);
 - c. A deviation to provide 11 off-street parking spaces (including one accessible space), where 33 spaces are required (SDMC Section 142.0530, Table 142-05E);
 - d. A deviation to allow no pedestrian path from Dale Street to the building where one (1) pedestrian path from each property frontage on an improved public street is required (SDMC Section 131.0550(b));
 - e. A deviation to allow three (3) offsetting planes on the north elevation and five (5) on the west elevation where four (4) and six (6) offsetting planes are required, respectively (SDMC Section 131.554); and
 - f. Deviations from the landscape regulations to allow 113 square feet of planting area to be provided for the Remaining Yard, where 400 square feet is required (SDMC Section 142.0404) and to allow the disabled-access parking space to be located 40 feet from a tree, where the VUA tree distribution regulations require one tree within 30 feet of each parking space (SDMC Section 142.0406).
31. A topographical survey conforming to the provisions of the SDMC may be required if it is determined, during construction, that there may be a conflict between the building(s) under construction and a condition of this Permit or a regulation of the underlying zone. The cost of any such survey shall be borne by the Owner/Permittee.
32. All lighting facing the residential neighborhood to the west and all lighting associated with the drive-through shall be reduced in intensity between the hours of 12:00 midnight and 6:00 a.m.
33. The drive-through shall utilize visual order confirmation at the order board between 5:30 am and 6:00 a.m. and between 10:00 p.m. and 2:00 a.m. The drive-through speaker system shall not be used between these hours.
34. An 8'-0" high wall shall be installed along the southern property line, as specified on Exhibit "A," per the noise plan analysis for the decibel levels to the property to the south.
35. Prior to final inspection of the building permit, the Owner/Permittee shall post two permanent signs, one near the entrance of the drive-through or menu board and one near the pick-up window, instructing patrons to dim their automobile's headlights, lower speaking

volumes and excessive noise, and to respect the residential neighbors. Construction drawings shall show the location of these signs and the proposed language, to the satisfaction of the Development Services Department.

36. All outdoor dining areas, parking area, and the remainder of the exterior of the property shall be kept free of litter at all times.
37. Hours of operation for the dining area shall be limited to 6:00 a.m. to 12:00 midnight daily.
38. Hours of operation for the drive-through shall be limited to 5:30 a.m. to 2:00 a.m. daily.
39. All signs associated with this development shall be consistent with sign criteria established by the City-wide sign regulations, and as supplemented by the approved Exhibit "A."
40. All private outdoor lighting shall be shaded and adjusted to fall on the same premises where such lights are located and in accordance with the applicable regulations in the SDMC, and as supplemented within the other conditions of this permit.

GEOLOGY REQUIREMENTS:

41. The Owner/Permittee shall submit a geotechnical investigation report or update letter that specifically addresses the proposed construction plans. The geotechnical investigation report or update letter shall be reviewed for adequacy by the Geology Section of the Development Services Department prior to issuance of any construction permits.
42. The Owner/Permittee shall submit an as-graded geotechnical report prepared in accordance with the City's "Guidelines for Geotechnical Reports" following completion of the grading. The as-graded geotechnical report shall be reviewed for adequacy by the Geology Section of the Development Services Department prior to exoneration of the bond and grading permit close-out.

PUBLIC UTILITIES DEPARTMENT REQUIREMENTS:

43. All proposed public water facilities, including services and meters, must be designed and constructed in accordance with established criteria in the most current edition of the City of San Diego Water Facility Design Guidelines and City regulations, standards and practices pertaining thereto.
44. All proposed public sewer facilities are to be designed and constructed in accordance with established criteria in the most current City of San Diego sewer design guide.
45. All proposed private water and sewer facilities located within a single lot are to be designed to meet the requirements of the California Uniform Plumbing Code and will be reviewed as part of the building permit plan check.

46. No trees or shrubs exceeding three feet in height at maturity shall be installed within ten feet of any water and sewer facilities.

INFORMATION ONLY:

- The issuance of this discretionary use permit alone does not allow the immediate commencement or continued operation of the proposed use on site. The operation allowed by this discretionary use permit may only begin or recommence after all conditions listed on this permit are fully completed and all required ministerial permits have been issued and received final inspection.
- Any party on whom fees, dedications, reservations, or other exactions have been imposed as conditions of approval of this Permit, may protest the imposition within ninety days of the approval of this development permit by filing a written protest with the City Clerk pursuant to California Government Code-section 66020.
- This development may be subject to impact fees at the time of construction permit issuance.

APPROVED by the Planning Commission of the City of San Diego on July 26, 2012, by Resolution No. _____.

RESOLUTION NUMBER R-_____

ADOPTED ON _____

WHEREAS, on June 22, 2010, Jack-in-the-Box submitted an application to the Development Services Department for a Planned Development Permit; and

WHEREAS, the permit was considered by the PLANNING COMMISSION of the City of San Diego; and

WHEREAS, the issue was considered by the PLANNING COMMISSION of the City of San Diego on July 26, 2012; and

WHEREAS, the PLANNING COMMISSION of the City of San Diego considered the issues discussed in Negative Declaration No. 213093; NOW THEREFORE,

BE IT RESOLVED, by of the City of San Diego, that it is hereby certified that Negative Declaration No. 213093 has been completed in compliance with the California Environmental Quality Act of 1970 (California Public Resources Code Section 21000 et seq.) as amended, and the State guidelines thereto (California Administrative Code Section 15000 et seq.), that the report reflects the independent judgment of the City of San Diego as Lead Agency and that the information contained in said report, together with any comments received during the public review process, has been reviewed and considered by the PLANNING COMMISSION of the City of San Diego.

BE IT FURTHER RESOLVED that the PLANNING COMMISSION of the City of San Diego finds, based upon the Initial Study and any comments received, that there is no substantial evidence that the project will have a significant effect on the environment and therefore, that said Negative Declaration is hereby approved.

PROJECT DESCRIPTION

THE PROPOSED PROJECT INCLUDES THE COMPLETE DEMOLITION OF EXISTING 1,944 SQUARE FOOT JACK IN THE BOX RESTAURANT WITH DRIVE THRU AND CONSTRUCTION OF A NEW 2,178 SQ.FT. JACK IN THE BOX RESTAURANT WITH DRIVE-THRU.

ON SITE WORK WILL INCLUDE LANDSCAPING, PAVING FOR THE DRIVE-THRU AND WALKWAYS, NEW TRASH ENCLOSURE, AND PARKING SPACES. THE BUILDING STYLE AND FINISHES HAVE BEEN CHOSEN TO MATCH THE SURROUNDING COMMERCIAL DISTRICT.

OFF SITE WORK TO INCLUDE NEW GUTTER SIDEWALK AND CURB AS DIRECTED BY CITY ENGINEER NEW RAMP FOR BOTH 30TH STREET CROSS WALKS.

PROPOSED USES/ACTIVITIES THAT WILL OCCUR INSIDE THE BUILDING ARE TYPICAL RESTAURANT/FAST FOOD DINING ACTIVITIES WHICH INCLUDE PREPARATION OF FOOD, TAKE-OUT/DRIVE-THRU TRANSACTIONS AND SEATED DINING.

PROPOSED USES/ACTIVITIES THAT WILL OCCUR OUTSIDE THE BUILDING INCLUDE A DRIVE-THRU LANE, CUSTOMER PARKING, PATIO SEATING, AND TRASH PICK-UP.

HOURS OF OPERATION WILL REMAIN THE SAME AS EXISTING, MONDAY-SUNDAY 8:00AM-MIDNIGHT FOR THE DINING ROOM, AND 5:30AM- 2:00AM OPERATION FOR THE DRIVE-THRU.

TOTAL NUMBER OF EMPLOYEES: 45
TOTAL NUMBER OF EMPLOYEES ON LARGEST SHIFT: 8

DEVELOPMENT PERMIT INFORMATION:
PLANNED DEVELOPMENT PERMIT WITH DEVIATIONS FOR DRIVE-THRU AND REDUCED PARKING PEDESTRIAN PATH, BUILDING OFFSETS, LANDSCAPING AND DRIVE-THRU HOURS.

SITE DEVIATIONS

THE FOLLOWING SITE DEVIATIONS LIST THE CURRENT SITE CONDITION AND THE PROPOSED SITE IMPROVEMENTS.

	EXISTING	NEW LAYOUT
PARKING	9 SPACES	11 SPACES
DRIVE-THRU STACKING	2 CARS	4 CARS
LANDSCAPE AREA	1056 SF	2785 SF
ELEVATION OFFSETS NORTH	1 OFFSET	3 OFFSETS
ELEVATION OFFSETS WEST	1 OFFSET	5 OFFSETS
DRIVE THRU	EXISTING	TO REMAIN
PATH OF TRAVEL	0	1
DINING ROOM HOURS	6:00AM-MDNIGHT	6:00AM-MDNIGHT
DRIVE-THRU HOURS	5:30AM-2:00AM	5:30AM-2:00AM

THE SITE CURRENTLY HAS NO PATH OF TRAVEL TO THE SIDEWALK. THE NEW LAYOUT WILL INCLUDE A PATH OF TRAVEL TO UPAS STREET. A SECOND PATH OF TRAVEL TO DALE STREET WOULD REQUIRE A REDUCTION IN THE AMOUNT OF SITE PARKING. SEE 4 OF 14 AND 5 OF 14 FOR LANDSCAPE DEVIATIONS.

⑥ AN EASEMENT FOR LAYING AND MAINTAINING GAS PIPES AND INCIDENTAL PURPOSES IN FAVOR OF SAN DIEGO CONSOLIDATED GAS & ELECTRIC COMPANY
 REC'D: MARCH 14, 1923, IN BOOK 930, PAGE 130, OF DEEDS

NOTES:

- TITLE REPORT BY: FIRST AMERICAN TITLE INSURANCE COMPANY
 ORDER NO. NCS-428452-SA1 DATED: FEBRUARY 9, 2010
- A.P.N.: 453-482-01
- ZONING: CN-1-2
- FLOOD ZONE: ZONE X, FEMA CODE 161 FEMA PANEL 1882 F, DATED 6/19/1997 (AS OF THE DATE OF THIS SURVEY)
- TITLE REPORT, SCHEDULE B, ITEM 5: GRANT DEED FROM SOUTHERN TITLE GUARANTY COMPANY TO SAN DIEGO CONSTRUCTION COMPANY SETS COVENANTS AND RESTRICTIONS PERTAINING TO THE USES FOR SAID PROPERTY REC'D: SEPTEMBER 5, 1913, IN DEED BOOK 627, PAGE 187

SURVEYOR'S CERTIFICATE:

THIS IS TO CERTIFY THAT THIS PLAN AND THE SURVEY ON WHICH IT IS BASED, WERE MADE IN ACCORDANCE WITH THE "MINIMUM STANDARD DETAIL REQUIREMENTS FOR ALTA/ACSM LAND TITLE SURVEYS", JOINTLY ESTABLISHED AND ADOPTED BY ALTA AND NSPS IN 2005, AND PURSUANT TO THE ACCURACY STANDARDS AS ADOPTED BY ALTA AND NSPS AND IN EFFECT ON THE DATE OF THIS CERTIFICATION, THE UNDERSIGNED, CERTIFIES THAT IN MY PROFESSIONAL OPINION, AS A LAND SURVEYOR, REGISTERED IN THE STATE OF CALIFORNIA, THE RELATIVE POSITIONAL ACCURACY OF THIS SURVEY DOES NOT EXCEED THAT WHICH IS SPECIFIED THEREIN.

LANDSCAPE DEVELOPMENT PLAN
4 of 14

CONCEPT DESIGN STATEMENT

DESIGN OBJECTIVE

CREATE A COLORFUL, INTERESTING DROUGHT TOLERANT LANDSCAPE PER AB 1881

DESIGN ELEMENTS

LOW WATER USE PLANTINGS, KNOWN TO THRIVE IN SAN DIEGO HAVE BEEN SELECTED AND ARRANGED FOR INTEREST, AND FULL COVERAGE WITHIN 2 YEARS.

SPECIFIC ELEMENTS INCLUDE:

- SCREENING OF PARKING
- SCREENING OF DRIVE THRU
- LARGE SHADE TREES
- MAINTAIN VISIBILITY OF BUILDING AND SIGNS
- SCREEN TRASH ENCLOSURE
- PROVIDE COLOR AND INTEREST AT ENTRIES
- COMPLEMENT EXISTING CENTER LANDSCAPING

NORTH PARK COMMUNITY PLAN

- DESIGN ENHANCES THE QUALITY OF LANDSCAPING AS VIEWED FROM THE STREET.
- LANDSCAPING BUFFERS PEDESTRIANS FROM STREET TRAFFIC AND DEFINES PEDESTRIAN WALKWAY.
- SOFTENING BUILDING FACAD AT GROUND PLANE AND AT PEDESTRIAN SCALE.
- PARKING AND PEDESTRIAN AREAS ARE SHADED.

CONCEPT DESIGN STATEMENT cont'd.

DESIGN DEVIATIONS REQUESTED

- 142,048 PARKING NOT WITHIN 30' OF TREE-LARGER TREE SPECIFIED
- 38" TREE USED INSTEAD OF 24" TREE
- BUMPER OVERHANGING IS PART OF PEDESTRIAN PATH DUE TO SITE DESIGN
- 142,043 (1) (2) REMAINING YARD PLANTERS IS UNDER 3' DUE TO SITE DESIGN
- LARGER TREES AND HARDSCAPE INCLUDED TO MEET LANDSCAPE AREAS
- STREET TREE NUMBER ON DALE LIMITED TO UTILITIES AND SETBACKS-ON SITE TREE SHIFTED PER DIRECTION FROM CITY TO MEET REQUIREMENT.
- PERIMETER PLANTER AT WALL REMAINS 1' DUE TO SITE PLAN RESTRICTIONS
- PERIMETER PLANTER AT WALL TAKEN OUT OF CALCULATIONS FOR POINTS
- 142,043 (1) (2) SOME PLANTING AREAS DO NOT MEET MIN. DIMENSIONS DUE TO SITE PLAN CONSTRAINTS - THESE AREAS STILL INCLUDED IN STREET YARD AND REMAINING YARD CALCULATIONS
- DUE TO THE CONSTRAINTS OF THE SITE A NUMBER OF DEVIATIONS ARE REQUESTED FOR THE LANDSCAPING OF THIS PROJECT HOWEVER, ALL PLANTERS THAT HAVE BEEN PROVIDED BY THE ARCHITECT AND CIVIL ENGINEER, HAVE BEEN MAXIMIZED WITH PLANTER AREAS IN MANY PARTS OF THE SITE, EXCEEDING THE REQUIRED SQUARE FOOTAGE AND REQUIRED POINTS.
- ADDITIONAL PLANTS PROVIDED IN EXCESS OF REQUIRED POINTS AND THE POINTS HAVE BEEN APPLIED TO OFFSET 7' PLANTER INSTEAD OF THE REQUIRED 8' - REQUEST DEVIATION FROM 142,046C.

CITY REQUIREMENTS MET

- EROSION MINIMIZED
- ENERGY CONSERVED WITH TREE SHADING
- WATER CONSERVED WITH LOW WATER USE PLANTING
- NON-FLAMMABLE VEGETATION USED
- ENHANCED LANDSCAPE VIEWED FROM PUBLIC AREAS PROVIDED
- APPLICABLE REGULATIONS MET PER TABLE 142-044, 142-040 TO 142-047, 142-048 AND 142-041.
- NO INVASIVE PLANTS USED
- 45 S.F. PLANTER PROVIDED PER TREE - 1MIN DIMENSION 5'
- TREE MIN ARE STD AND MORE THAN 18" TALL AT MATURITY WITH 8' AND 18' CLEARANCE ABOVE WALKS AND VEHICLE AREAS RESPECTIVELY
- ROOT BARRIERS PROVIDED
- PLANTS GROUPED IN HYDROZONES
- 80% OF VEHICLE AREAS SCREENED WITH 30" HEIGHT PLANTS
- 24" 90X TREES IN VEHICULAR AREAS
- STREET TREES PROVIDED
- UPAS=127 L.F. FRONTAGE/20 L.F. = 6 TREES REQUIRED
- 3 EXISTING TREES - 3 NEW TREES = 6 PROVIDED
- DALE=100 L.F. FRONTAGE/20 L.F. = 5 TREES REQUIRED
- 2 EXISTING TREES - 2 NEW TREES IN STREET PLANTER AND ONE IN FINGER ISLAND = 5 PROVIDED=UTILITY SETBACKS
- AND 25' CLEARANCE TO CORNER PREVENTS ADDITION OF STREET TREE
- PLANTING AREA REQUIRED IS 2024 S.F. 2255 S.F. PROVIDED.

ADDITIONAL DESIGN DEVIATIONS REQUESTED 5-29-12

- DEVIATION FROM SDDC 142.040: 113 SF PF PLANTING AREA PROVIDED FOR THE REMAINING YARD, WHERE 400 SF ARE REQUIRED.
- DUE TO THE SITE CONSTRAINTS THIS DEVIATION IS REQUESTED ALL PLANTERS THAT HAVE BEEN PROVIDED BY THE ARCHITECT AND CIVIL ENGINEER, HAVE BEEN MAXIMIZED WITH PLANTER AREAS IN MANY PARTS OF THE SITE, EXCEEDING THE REQUIRED SQUARE FOOTAGE AND REQUIRED POINTS.
- DEVIATION FROM SDDC 142.040: DISABLED PARKING SPACE IS LOCATED 40 FEET FROM A TREE, WHERE THE VJA TREE DISTRIBUTION REGULATIONS REQUIRE ONE TREE WITHIN 30 FEET OF EACH PARKING SPACE.
- DUE TO THE SITE CONSTRAINTS THIS DEVIATION IS REQUESTED, TREES HAVE BEEN LOCATED IN THE PLANTERS THAT HAVE BEEN PROVIDED BY THE ARCHITECT AND CIVIL ENGINEER AND THEY HAVE BEEN LOCATED AS CLOSE AS POSSIBLE TO THE PARKING SPACE CONSIDERING ALL THE REQUIREMENTS AND ENHANCEMENTS FOR THE PROJECT.

CITY OF SAN DIEGO WATER CONSERVATION STATEMENT

- WATER BUDGET = (ETW)0.62(0.7)(LAH)(3)(SLA) WATER BUDGET = 47 X .62(0.7 X 2255) X 3 WATER BUDGET = 46,155 GAL/YR
- WATER USE = (47 X .62) (PF X HAS) / SLA = (29.4) (4 X 2255 SF / 30") = 28,518 GAL/YR

CITY OF SAN DIEGO WATER CONSERVATION STATEMENT

- ANNUAL WATER BUDGET = 46,155 GAL/YR
- ANNUAL WATER USE = 28,518 GAL/YR
- WATER CONSERVING CONCEPTS - SEE AB1881 THIS SHEET
- IRRIGATION SYSTEM TO BE UNDERGROUND TARGET SYSTEM WITH RAIN SHUTOFF ON AUTOMATIC CONTROLLER

- REMAINING YARD = 1180 S.F.
- VEHICLE USE ZONE (IN STREET YARD) = 6400 S.F.

LANDSCAPE CONSTRUCTION NOTES

- CONTRACTOR IS TO CONDUCT A FIELD REVIEW AND IS TO BE FAMILIAR WITH ALL EXISTING AND PROPOSED UTILITIES AND SUBSURFACE FEATURES PRIOR TO START OF WORK. SEE ARCHITECTURAL SITE PLANS AND CIVIL PLANS.
- CONTRACTOR SHALL LOCATE ALL EXISTING UNDERGROUND UTILITIES AND NOTIFY ARCHITECT OF ANY CONFLICTS. CONTRACTOR SHALL EXERCISE CAUTION WHEN WORKING IN THE VICINITY OF UNDERGROUND UTILITIES.
- CONTRACTOR IS RESPONSIBLE FOR OBTAINING ALL REQUIRED LANDSCAPE AND IRRIGATION PERMITS.
- ALL UTILITIES AND EXISTING IRRIGATION ARE TO BE PRESERVED AND PROTECTED IN PLACE. EXISTING REMOTE CONTROL VALVES SERVING ADJACENT AREAS MUST REMAIN IN OPERATION DURING THE COURSE OF THE PROJECT. SHOULD THERE BE ANY DISRUPTION IN WATER SERVICE AS RESULT OF THIS WORK AND PLANTS IN ADJACENT AREAS DIE, THE CONTRACTOR WILL BE RESPONSIBLE TO REPLACE PLANTS IN LIKE KIND. THEREFORE THE CONTRACTOR MAY BE REQUIRED TO HOOK UP TEMPORARY IRRIGATION OR HAND WATER FOR THE DURATION UNTIL PERMANENT REPAIRS CAN BE MADE. THE CONTRACTOR WILL BE RESPONSIBLE TO REPLACE IN LIKE KIND.
- ALL MATERIALS AND EQUIPMENT SHALL BE PROVIDED AND INSTALLED AS SHOWN IN THE DETAILS AND AS DESCRIBED IN THE SPECIFICATIONS EXCEPT AS NOTED OTHERWISE.
- ALL PLANTING AREAS, SHALL BE TOP DRESSED WITH A 3" (MINIMUM) DEEP LAYER OF 1/2"-1" ORGANIC COMPOST OR WESTERN FIR BARK OR EQUAL.
- REFER TO ARCHITECTURAL AND CIVIL PLANS FOR DESCRIPTIONS OF ELEMENTS NOT IDENTIFIED ON THIS PLAN.
- OBSERVE THE FOLLOWING MINIMUM SETBACK DISTANCES FOR TREE PLANTING:
DRIVEWAY CUTS AND FIRE HYDRANTS = 10 FT.
UTILITY BOXES, MANHOLE AND OTHER UTILITY VAULTS, TELEPHONE AND OTHER UTILITY POLES, GAS AND WATER METER, AND MAINS INTERSECTIONS = 5 FT.
ABOVE GROUND UTILITIES = 10 FT.
SEWER LINES = 10 FT.
- ALL SURFACE AND SUB-SURFACE SWALES, DRAINAGE STRUCTURES AND PATTERNS SHALL BE MAINTAINED.
- A LICENSED LANDSCAPE MAINTENANCE CONTRACTOR WILL BE RETAINED TO PERFORM ROUTINE MAINTENANCE DUTIES INCLUDING FOR STREET TREES. SEE SHEET L4. ALL MAINTENANCE TO BE PER CITY CODE.
- LOCATIONS AND QUANTITIES OF EXISTING LANDSCAPE MATERIALS ARE APPROXIMATE.
- CONTRACTOR TO CONFIRM EXISTING PAVED AREAS BEING CONVERTED INTO PLANTING BEDS AND NEW PLANTER BEDS SURROUNDED BY PAVEMENT OR STRUCTURES SHALL BE EXCAVATED TO A MINIMUM DEPTH OF 12". GRAVEL AND COMPACTED SOIL ARE TO BE REMOVED. SOIL SHALL BE BACKFILLED OFF-SITE. UNIFORMLY FILL PLANTERS TO WITHIN 1-1/2" OF TOP OF CURB. COMPACT TO 85%. REPLACE AND CONDITION SOIL PER SOILS TEST.
- PLANTER SOIL SHALL BE AMENDED AS DESCRIBED BY A LABORATORY SOIL ANALYSIS. CONTRACTOR TO REQUEST "ORGANIC" AMENDMENTS AND FERTILIZER RECOMMENDATIONS. TEST TO INCLUDE A 24 HOUR PERC TEST.
- THE CONTRACTOR IS REQUIRED TO PROVIDE THE QUANTITY OF MATERIALS SHOWN ON THE PLAN DRAWING. QUANTITIES IN THE LEGEND ARE MERELY A GUIDE. QUANTITIES SHOWN ON THE DRAWING TAKE PRECEDENCE OVER QUANTITIES LISTED IN THE LEGENDS.
- FINAL CERTIFICATION OF THE LANDSCAPE INSTALLATION IS REQUIRED BY THE LANDSCAPE ARCHITECT. CONTRACTOR TO CONTACT LANDSCAPE ARCHITECT 48 HOURS PRIOR TO COMPLETION OF INSTALLATION WORK TO ARRANGE FOR THE REQUIRED SITE REVIEW AS PART OF THIS CERTIFICATION.
- EXISTING LANDSCAPE AREAS TO REMAIN: SURFACE IN THESE AREAS TO BE CLEARED FREE OF WEEDS, LITTER, DEBRIS, ETC. REPLACE DEAD, DAMAGED, OR MISSING PLANTS WITH 5 GALLON SPECIMENS OF SIMILAR MATERIAL. TOP-DRESS AS DESCRIBED IN GENERAL NOTES (THIS SHEET). FERTILIZE WITH A BALANCED, COMPLETE ORGANIC TIME RELEASE PLANT FOOD AS NEEDED, APPLY AT THE MANUFACTURER'S RECOMMENDED RATE.
- CARE TO BE TAKEN TO PROTECT EXISTING LANDSCAPE FROM DAMAGE DURING CONSTRUCTION. TRENCHING BENEATH DRIP LINES OF EXISTING PLANTS SHALL BE DONE MANUALLY. NO ROOTS LARGER THAN 1-1/2" SHALL BE CUT.
- SLOPES: JUTE NETTING TO BE USED ON ALL SLOPES 3:1 OR GREATER AT FINAL GRADING. SEE JUTE NETTING DETAIL ON SHEET L3. SEE CIVIL SHEETS FOR SITE GRADING DESIGN.
- SYMBOL FOR GROUND COVER IS SCHEMATIC AND IS NOT SHOWN UNDER SHRUBS AND TREES FOR CLARITY. CONTRACTOR TO INSTALL UNDER SHRUBS AND TREES TO FILL ENTIRE PLANTER BED. QUANTITY IN LEGEND IS A GUIDE.
- CONTRACTOR SHALL VERIFY ALL EXISTING AND PROPOSED SITE ELEMENTS AND NOTIFY ARCHITECT OF ANY DISCREPANCIES. SURVEY DATA OF EXISTING CONDITIONS WAS SUPPLIED BY OTHERS.
- CONTRACTOR TO PROVIDE A MINIMUM 2% SLOPE AWAY FROM ALL STRUCTURES.

NORTH PARK PLANNING COMMITTEE
DRAFT MINUTES: January 18, 2011
<http://www.northparkplanning.org>
2901 NORTH PARK WAY, 2ND FLOOR
Mailing address: 3939 ARIZONA ST., SAN DIEGO, CA 92104

I. Called to Order: 6:32 p.m.

II. Members in attendance (13): Robert Barry, Kitty Callen, Dionne Carlson, Brandon Cohen, Cheryl Dye, Lynn Elliott, Vicki Granowitz, Lucky Morrison, Judi O'Boyle, Christy Scannell, Rob Steppke, Liz Studebaker, Rene Vidales (left at 8:20 p.m.).

III. Modifications to & Adoption of the 1/18/11 Agenda. Steppke said he would reopen public comment for someone who arriving late. Audience member requested moving Consent Agenda Item C: "Proposal for Pilot Head-in Parking project on Kansas Street between El Cajon Blvd. & Meade, and between Meade & Monroe" to Action item. **MOTION: Approved as modified. O'Boyle/Studebaker. (13-0-0)**

IV. Chair's Report/CPC

- A. Neighborhood Code Compliance training, 1/27.
- B. Appointment of March 2011 NPPC election subcommittee. Granowitz will head as vice-chair. Morrison and Carlson agreed to serve on subcommittee.
- C. Two vacant seats due to resignations plus several members up for reelection.
- D. "Thanks" to North Park Main Street for years of allowing subcommittees to meet at their office.
- E. "Thanks" from Steppke to board and public for gracious conduct during recent meetings.

V. Approval of Previous Minutes: 11/16/2010. Add motion failed to third motion in Action Item/Bluefoot Bar. **MOTION: To approve. Barry/Elliott (12-0-1, O'Boyle abstained)**

VI. Treasurer's Report. Steppke reported a \$93 deposit from funds gathered at the 11/16/10 meeting brings the total to \$659.22.

VII. Planner's Report/Marlon Pangilinan.

Reminder of CPU on 1/19.

VIII. Non Agenda Public Comment

- A. Donna Byrd. Concerns about NPPC representation in northern area of North Park, specifically regarding conduct of bars such as Kadan. Wants NPPC to put the issue on notice.
- B. Joyce Summer/CCDC. City Council approved Horton Plaza park, which will be finished by 2014. Cap meeting for District 3 on 3/8/11 from 6-7:30 p.m. at North Park Recreation Center.

IX. Elected Official Reports

- A. Katherine Fortner, Hon. Susan Davis/US Congressional District 53. Moved office from City Heights to North Park at 2700 Adams Ave., Ste 102. Committed to continuing town halls.

- B. Anthony Bernal, Hon. Todd Gloria/City Councilmember District 3. Gloria is now chair of budget and finance and redevelopment agency ad hoc committees. Unveiling of North Park garage art on 1/18. Thorn Street median groundbreaking will be week after.
- C. Lindsey Masukawa, Hon. Toni Atkins/State Assembly District 76. Concerns about redevelopment and the governor's cuts to general fund programs including mental health. Office phone is 645-3090 and new office is 2445 Fifth Ave.

X. Liaisons Reports

- A. Alcohol and Entertainment Working Group/Granowitz. Did not meet.
- B. Balboa Park Committee/Steppe. Public hearing regarding Jacobs' bridge proposal.
- C. Maintenance Assessment District/Morrison/Steppe. Met 1/10/11. Report from city staff on streetscape and related maintenance issues. Also reported on creating three MAD sub-districts for tree trimming that would service each district once every three years. Next meeting: 3/14/11.
- D. North Park Main Street/Studebaker. Working on ballot to provide additional services with new assessment structure. New tree grates (25) installed. Next CDBG project will be bike racks and bike corrals. Arts festival, 5/15/11.
- E. North Park Parking Management Working Group/Vidales. No report.
- F. Project Area Committee/O'Boyle. Approved projects will move forward if they've been approved by City Council regardless of Redevelopment changes.

XI. Consent Agenda: (January 3 UD/PR: Voting Members attended Cheryl Dye, Robert Barry, Judi O'Boyle, Kitty Callen, Rene Vidales, Ernie Bonn; In audience: Lynn Elliott, Vicki Granowitz, Rob Steppe, Dionne Carlson.)

A. Jack in the Box, 2959 Upas Street. Dan Hom, for applicant. A request for a Planned Development Permit (Project number 213093) on a 0.29-acre site located in the CN1-2 zone. The project applicant proposes to demolish the existing 1,944 sq. ft. restaurant and construct a new 2,491 sq. ft. restaurant with deviations to the current development regulations: 12 parking spaces where 37 are required; operation of a drive-thru where the CN1-2 zone does not allow such development; 24-hour operation of a drive-thru where the hours of operation are limited in the CN1-2 zone to 6:00am to 12:00 midnight. The decision to approve, conditionally approve, or deny the project will be made by the San Diego Planning Commission with appeal rights to the City Council (Process Four). **Motion:** **To recommend denial of a Planned Development Permit to the proposed Jack in the Box demolition/construction project located at Upas and 30th streets, Project Number 213093, because the project does not conform to the findings that must be made to allow such a permit as outlined in Municipal Code 126.0604 (a). 13-0-0 Elliott/UDPR (On Consent) (Corrected per 1-4-12 email from V. Granowitz)**

B. Neighborhood Development Permit, 3000 block of Nile Street (APN 453-801-13-00) Landowner proposes development of a three-story, 2710-square-foot single family residence on a 7,500-square-foot vacant lot located within the RS1-1/RS1-7 Zone with steep hillside and sensitive vegetation. **Motion:** **To approve the project as presented. O'Boyle/Dye. (6-0-0)**
MOTION: **To approve. Elliott. (13-0-0)**

XII. Action Items

- A. Proposal for Pilot Head-in Parking project on Kansas Street between El Cajon Blvd. & Meade, and between Meade & Monroe.** Steve Aldana, El Cajon BID. **Motion:** **To recommend implementation of head-in parking of the pilot (project) presented today to include striping for stalls, centerline, and driving lanes, in addition to striping for parallel handicapped parking spaces, one space located at the northeast corner of El Cajon Boulevard and Kansas Street, and another space located at the northwest corner of Meade and Kansas streets with the provision that the project is evaluated within six months of installation and the ability to**

have it removed with a vote from the (North Park) Planning Committee and without a City Council action. The pilot project is to include a City-funded program through the Mid-City Parking District for the installation of screening landscaping to mitigate headlight glare if determined necessary at the end of the six-month evaluation period. (January 12 PF/PA; Voting Members attended Dionne Carlson, Rene Vidales, Lynn Elliott, Lucky Morrison, Kitty Callen, Cheryl Dye; In audience: Rob Steppke) Vidales/Callen. (7-0-0)

Audience member suggested that parking be “back-in” only. Alan Hoffman, consultant for Mid-City parking district, said “back-in” is a good suggestion but this project is too far along to use that method.

MOTION: To approve. O’Boyle/Studebaker. (13-0-0)

- B. Nomination of NPPC voting rep for community organization seat at PAC election. MOTION: To authorize the chair to sign a letter naming Judy O’Boyle as NPPC voting representative for community organization seat at PAC election. Granowitz/Callen. (13-0-0)**
- C. Discussion of 7th Update to Land Development Code.** Many issues within each category of processes, measurements, setbacks, landscape and parking plus minor corrections. Steppke shared his position on a number of these issues. Voting on this at the next CPCI meeting.
- D. Discussion of Liaison Reports for non-Brown Act compliant groups.** Should liaison reports be heard by NPPC if those liaison groups are not subject to the Brown Act? Steppke said part of NPPC’s responsibility is to communicate what is going on in the community as a service to the public. Audience member suggested liaison reports be moved to public comment since those people are not elected. Barry said the reports are informational but NPPC does not take action; any action goes to subcommittees to be vetted. Granowitz said A&E group doesn’t make decisions. Audience member said it is nice to be able to come to one committee meeting and hear what everyone is doing without having to go to every meeting. Audience member asked what are the criteria for being a liaison report. Steppke said NPPC members are required to go to two other committees per month and they report to board. Audience member asked if the liaison report speaker has to be on NPPC board. Steppke referred the question to the policy subcommittee.
- E. NPCF Donation for 11/16 NPPC meeting sound system set-up and management. MOTION: To donate \$50 to North Park Christian Fellowship in thanks for all they do for us. Carlson/Callen. (13-0-0)**

XIII. Information Items

- A. Brief discussion on Brown Act and Council Policy 600-24 regarding serial communication.** Steppke said when in conflict the more restrictive policy applies, which the NPPC has interpreted as having minimal discussion – with each other or with proponents of an issue – outside publicly noticed meetings. Dye said she asked for the item on the agenda because she wanted the policy clarified. Pangilinan said he would get a clarification from the city attorney for NPPC.

XIV. Subcommittee Reports

- A. Urban Design/Project Review,** Barry/Dye - NP Adult Community Center, 6 p.m. 1st Monday. Next meeting 2/7/11. Both of today’s action items were at January meeting.
- B. Public Facilities/Public Art,** Carlson/Vidales – NP Adult Community Center, 6 p.m., 2ND Wednesday. Next meeting 2/9/11. Heard head-in project. Working on Texas Street improvements; will get acorn lights.
- C. Utility Boxes,** Barry/Dye. No report.

XV. Next Meeting Date: 2/15/11.

XVI. MOTION: To adjourn. Granowitz/O’Boyle. (12-0-0)

Meeting adjourned at 8:31 p.m.

Part I - To be completed when property is held by Individual(s)

By signing the Ownership Disclosure Statement, the owner(s) acknowledge that an application for a permit, map or other matter, as identified above, will be filed with the City of San Diego on the subject property, with the intent to record an encumbrance against the property. Please list below the owner(s) and tenant(s) (if applicable) of the above referenced property. The list must include the names and addresses of all persons who have an interest in the property, recorded or otherwise, and state the type of property interest (e.g., tenants who will benefit from the permit, all individuals who own the property). A signature is required of at least one of the property owners. Attach additional pages if needed. A signature from the Assistant Executive Director of the San Diego Redevelopment Agency shall be required for all project parcels for which a Disposition and Development Agreement (DDA) has been approved / executed by the City Council. Note: The applicant is responsible for notifying the Project Manager of any changes in ownership during the time the application is being processed or considered. Changes in ownership are to be given to the Project Manager at least thirty days prior to any public hearing on the subject property. Failure to provide accurate and current ownership information could result in a delay in the hearing process.

NOTICE OF PUBLIC HEARING PLANNING COMMISSION

DATE OF HEARING: July 26, 2012
TIME OF HEARING: 9:00 A.M.
LOCATION OF HEARING: Council Chambers, 12th Floor, City Administration Building,
202 C Street, San Diego, California 92101

PROJECT TYPE: PLANNED DEVELOPMENT PERMIT
NEGATIVE DECLARATION – PROCESS FOUR
PROJECT NUMBER: 213093
PROJECT NAME: JACK-IN-THE-BOX - UPAS
APPLICANT: Jack-in-the-Box, Inc.

COMMUNITY PLAN AREA: Greater North Park
COUNCIL DISTRICT: 3

CITY PROJECT MANAGER: Michelle Sokolowski, Development Project Manager
PHONE NUMBER/E-MAIL: (619) 446-5278; msokolowski@sandiego.gov

As a property owner, tenant or person who has requested notice, you should know that the Planning Commission will hold a public hearing to approve, conditionally approve, or deny an application for a request for a Planned Development Permit to demolish an existing restaurant and construct a new, approximately 2,178-square-foot restaurant with deviations including: operation of a drive-through window, hours of operation, elimination of a pedestrian path of travel, reduced parking, off-setting planes, and landscape. The 0.29-acre site is located at 2959 Upas Street in the CN-1-2 Zone and the FAA Part 77 Notification Area, within the Greater North Park Community Plan.

Submitting Project Information for Planning Commission Consideration: All project information for the commissioners needs to be submitted directly to the recording secretary in one of the following ways:

Mail: 1222 First Ave, 5th floor, San Diego, CA 92101

Email: planningcommission@sandiego.gov

Fax: (619) 321-3200

You may also contact the recording secretary at (619) 321-3208

All material should be received 9 days prior to a hearing. If your project information is received at the hearing, the commissioners may not be able to review and consider your information thoroughly.

The decision of the Planning Commission is final unless the project is appealed to the City Council. In order to appeal the decision of the Planning Commission you must be present at the public hearing and file a speaker slip concerning the application or have expressed interest by writing to the Planning Commission before the close of the public hearing. Please do not e-mail appeals as they will not be accepted. See Information Bulletin 505 "Appeal Procedure", available at www.sandiego.gov/development-services or in person at the office of the City Clerk, 202 "C" Street, Second Floor. The appeal must be made within 10 working days of the Planning Commission decision. If you wish to challenge the City's action on the above proceedings in court, you may be limited to addressing only those issues you or someone else have raised at the public hearing described in this notice, or written in correspondence to the City at or before the public hearing.

If you have any questions after reviewing this information, you can contact the City Project Manager listed above.

This information will be made available in alternative formats upon request. To request an agenda in alternative format or to request a sign language or oral interpreter for the meeting, call Support Services at (619) 321-3208 at least five working days prior to the meeting to insure availability. Assistive Listening Devices (ALDs) are also available for the meeting upon request.

Subject: Project 213093 (North Park Jack in the Box): exit

Follow Up Flag: Follow up
Flag Status: Flagged

Hi Michelle!

I fully support the JITB remodel, however I am very concerned about the City's proposed location for the exit driveway. I think it is unwise to utilize the alley as the exit, and to force exit to one direction when it could be kept included in a major intersection. Use of the alley in this way will have a significant impact on residents previously unaffected by JITB business (as it will likely cause a dramatic increase in traffic at the OTHER end of the alley from residents who park in the alley, as well as increase traffic on Thorn St. by exiting patrons forced to loop around the neighborhood to head back west).

I would like to see 30th and Upas remain an all-way stop, to be used by exiting patrons. Improved signage and indicators on the ground could help to improve driver and pedestrian safety at the intersection.

Are there other departments I should contact regarding this issue? Can you please include me in future emails regarding this project?

Thank you for your time and consideration! Have a great weekend :)

RECEIVED

MAY 18 2012

RE: Rebuilding of Jack in the Box Restaurant at 2959 Upas St.

Development Services

Dear Ms. Sokolowski,

My name is Maria Sosa and I rent out the properties directly south of the 2959 Upas St. Jack in the Box restaurant. My addresses are 3375 and 3377 Dale St. so we share a property line as my properties are on the other side of the chain-linked fence. I also live down the alleyway at 3386 30th Street. I have been a North Park community member for the past 45 years.

I am writing to you in support of the rebuild Jack in the Box project. I know my neighbors have written to you in opposition, clumping all of the "community" together, but I have to tell you that there are some in our community who welcome this project.

As the President of the Association of Latino Americans, Secretary of the House of Latin America in Balboa Park, Treasurer for Saint Patrick Catholic Parish in North Park for the past eight years, and Eucurest Minister for more than 10 years, I am an active member of the community and resident/owner in North Park, CA.

I understand that this Jack in the Box project, regardless of its ability to remodel or not, will be a part of our community, and I want to see it as an improved, updated facility than what is there now. I know many of the workers there and I believe it will provide them a better and more efficient place to work. Out of the 20-30 people who work there, many of the staff at Jack in the Box are also students and/or Latino/a. This restaurant provides them with a place to work and I believe in giving them the best working conditions. Our students and Latinos in our community deserve this upgrade.

For the regular morning people who I see almost everyday, for the mailmen, mechanics and workers at the medical center down the street, and for the students of St. Augustine, I know it will be a welcomed new atmosphere.

I appreciate Jack in the Box meeting with us and changing their plans to accommodate the community as much as they can. I really do believe that this improvement will benefit me, my neighbors on 30th St and Dale St, and overall is a welcomed project.

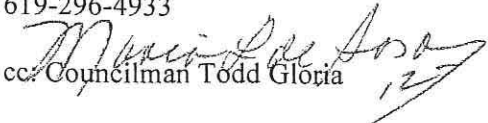

Thank you for your time and as you complete your information for the Planning Commission, I ask that you include this letter in your report.

I look forward to helping give the Jack in the Box workers and our community a better project than what is there today and support the project.

Sincerely,

Maria Sosa
 3368 30th Street

Subject: re Jack in the Box on 30th and Upas

Hello,
My neighbors only want business to succeed if they have a personal interest. I think Jacks should be remodeled, it's old and dated. I've lived in this neighborhood on 29th Street for over 20 years and I don't have a problem with it at all.

L. Redenbaugh

Michelle, and DSD staff,

Forwarded is a letter to Jack in the Box representatives, and Board of Directors, addressing issues that are of major concern to nearby residents as well as much of the North Park community. This project is being pushed through by DSD despite the developer's deceptive tactics outright lies, and their complete lack soliciting public input, especially from those living in close proximity to the site. I urge you to seriously consider the recommendations of North Park Planning Committee, and North Park Main Street for denial of this project. And please consider both the community, and specifically the neighborhood good when reviewing and making recommendations to this project, something Jack in the Box has not done in their planning process.

Sincerely,

Rick Pyles

Sent: Fri, November 11, 2011 8:33:50 PM
Subject: Jack in the Box Project 213093

November 11, 2011

To: Dan Hom, Nikki Jiminez, Mike Hogenboom, Enrique Guajardo, and all connected with the North Park Jack in the Box project # 213093,
 located at 2959 Upas St. San Diego, CA 92104 :

On Tuesday, Oct. 18, 2011, Focuscom presented the current project plans before the North Park Planning Committee (NPPC) and interested community members. Once again, NPPC voted unanimously to recommend denial of this project. NPPC, as well as North Park Main Street and much of the North Park Community, especially those residing in the vicinity of the restaurant, continue to adamantly oppose this project, and recommend its denial by the City of San Diego specifically because the redevelopment plans call for deviations and variances to existing SD Municipal Code, Land Use ordinance, existing zoning, and the North Park community plan. Simply put, this site is just not appropriate for the development you wish to place there.

Beside the mentioned substantive cause to deny this project, those of us living close-by the restaurant are especially concerned and aggravated at your approach in trying to push through project plans that in no way insure or even promise that any proposed development will improve the quality of life issues that negatively impact the neighborhood on a regular basis by the current Jack in the Box operation. A group of neighbors met with you, in good faith, a year ago (Nov. 1 2010), and were assured in the summary sent by Focuscom of several things, three of which (direct quotes in bold italics taken directly from that summary) are herein addressed:

1. "Enrique will be available to the neighbors. That will give everyone a framework for what happens three months from now when there may be a problem with his location."

This was in response to neighbor complaints of late night (after 10:00 pm) and early morning (before 7:00am) deliveries and maintenance services. There have been many incidents of late-night and early morning deliveries by semi-truck, as well as late night steam carpet cleaning by a large, truck-mounted steam engine. Various resident- documented cases, by police incident number, videotaping, or photographic evidence include, but are not limited to:

- | | | | |
|---|---------------|----------|---|
| • | Nov. 29, 2010 | 10:45 pm | delivery by semi truck |
| • | Dec. 11, 2010 | 11:20 pm | " " " |
| • | Dec. 15, 2010 | 10:40 pm | " " " |
| • | Dec. 23, 2010 | 12:15 am | carpet steam cleaning |
| • | Jan. 19, 2011 | 12:50 am | " " " |
| • | Mar. 1, 2011 | 12:30 am | " " " |
| • | Aug. 13, 2011 | 10:45 pm | delivery by semi truck |
| • | Aug. 15, 2011 | 6:30 am | delivery truck on Dale St. Double parked/airbrakes/horn |

Each of these incidents was reported to Enrique, Operations Manager for this location as well as several others, and every time the response was that "it won't happen again".

Then on Oct. 27, 2011, a little over a week after Focuscom presented to NPPC, trying to convince the community that this was a positive project, yet another occurrence of a roaring truck-mounted engine steam carpet cleaning occurred between approximately 11:00 and 11:25 pm. When I called Enrique to complain and ask why this was happening yet again, he reacted unaware of anything to do with it. It is absolutely unbelievable, considering his position with the company and the number of past occurrences he was made aware of, that word was not passed on to whoever is responsible for the scheduling of these things, that this is unacceptable to the neighbors, as well as illegal. It seems a reasonable assumption that the Operations Manager has some authority, as well as responsibility in the scheduling of such things, yet despite assurances to the contrary, they continue. The fact that each occurrence of steam cleaning involves a different cleaning company is even more suspect.

2. "Mike has confirmed that JIB will NOT have a 24-hr drive-thru. Hours will remain the same-midnight dining and 2am drive-thru."

Neighbors have heard this for a year now, and it has been emphatically reinforced at every presentation Focuscom has made, including before NPPC Oct. 18. However, the current project plans submitted to DSD, and any official documentation continues to call out a 2:30 am drive-thru closing time.

Drive-thru operation is not allowed in the current CN-1-2 zoning designation for the site, and even though SD Municipal Code states that by making the proposed changes current zoning must be followed, it has been verified by Michelle Sokolowski that the plans in current review process call for a deviation to the SDMC, requesting a 2:30 am closing time. How exactly are we neighbors and the community supposed to view this obvious contradiction and deceptive tactic? As an outright lie? Or will you show at least some virtue and modify your submittal to DSD?

3. "With the communities[sic] contact information, Nikki and Dan can keep in direct contact with them and give them updates. They'll continue meeting with community members to make sure everyone has a chance to voice their concerns if they're not able to in places like group dynamics".

Not one of the neighbors that met with you last November heard a word from anybody over the past year. There were obviously substantial changes made to the plans during that time, contradicting other assurances given at that meeting.

- There was absolutely NO "direct contact with them"

- There was absolutely NO "continue[d] meeting with community ...embers"
- There was absolutely NO attempt to "make sure everyone has a chance to voice their concerns"

I was personally contacted just prior to plan re-submittal to DSD in an attempt to help facilitate a presentation of the plans to the community, at a time that I was out of town, and ill for several days after I returned. The plans were subsequently re-submitted to the City without any public or neighborhood review or input. NPPC agreed to allow Focuscom to re-present the plans in order for the community to have opportunity to view them and comment, although you were informed that as long as there were still deviations to zoning and code, the Committee would not be changing their stand on the issue. Knowing of the presentation, I personally canvassed the neighborhood to notify residents of the meeting, although any input or comments from them at the meeting was an exercise in futility, since by that time the plans had already been re-submitted to DSD.

I must admit I am upset and saddened at so little interaction with the community, especially the neighbors, by those representing Jack in the Box. Despite the fact that Jack in the Box is pursuing deviations to city code and zoning, the blatant disregard of the surrounding neighbors' and the community's health, safety and welfare is evidenced in the fact that so little regard was given to our other site and design concerns, primarily, but by no means solely, the problems created with the proposed outdoor dining. It really doesn't take a design specialist to see that such an area will draw after-hours drunks, homeless, and other undesirables, and, with the wall you included, you add more seating for them all, as well as a protective screen to hide and sleep behind.

The only conclusion one can draw from this whole process is that Jack in the Box has not taken any time to research or explore the fabric of North Park, the community it is, and is striving to be. There has been absolutely nothing pursued in the stages of planning that is anything other than the status-quo for fast food restaurant design and concept. Jack in the Box has done some innovative projects elsewhere, but I guess North Park isn't worthy of such consideration, for whatever reason. What has become glaringly evident through this process is the disappointing fact that Jack in the Box does not care about our community, they don't care that they will effectively be destroying the quality of life of those residents that live across the street from the only proposed entrance this location will have, they don't care that city and local code and zoning have been implemented to protect residents from exactly what they are pushing to do, and they have demonstrated clearly that they don't care about any input the community or nearby residents may have. They only care about maximizing their bottom line regardless of who they hurt. 30th and Upas Streets in North Park is merely another place to sell lots of Jumbo Jacks, no matter what it takes or who it hurts.

Be assured that area residents will continue to oppose this ill-conceived project and demand that it be denied unless it complies with current land use code and zoning and until it effectively addresses and protects our health, safety and welfare, and ensures the quiet enjoyment of our homes, the basic right of every resident.

Sincerely,

Rick Pyles

Subject: Project #213093 Jack in the Box Upas Street

Dear Ms. Sokolowski,

I would like to add my voice to the protest against the tear-down/rebuilding of the Jack in the Box on Upas and 30th. I am a long time property owner in the area, one of my properties is close to this site. I oppose issuing any variances for the rebuilding of an even bigger 'restaurant' in that location even as the existing business in not consistent with current zoning. The community clearly does not support expansion, the North Park Planning Committee has voted unanimously to deny the project. Inadequate parking, disruptive drive-through window, resulting trash and noise will continue to negatively impact the neighborhood. The expansion of the business would only increase congestion and traffic to an otherwise mostly residential neighborhood. This is a prominent corner that deserves better then the 'big box' design that is totally out of character with the area. The existing business has caused ongoing problems for the neighbors and an even larger Jack in the Box with extended hours will only make problems worse.

Please help us maintain the health, safety and welfare of our neighborhood by preventing further development of this project.

Thank you. Sincerely,

Linda Artiaga
North Park Property Owner

I would appreciate it if the City of San Diego would simply following the ordinances and laws that govern our city. The variances and side-stepping that is being done does not seem fair to citizens, but rather to business. We can all co-exist with the laws that govern us as they are in place.

RE: Rebuilding of Jack in the Box Restaurant at 2959 Upas Street, San Diego

Dear Ms. Sokolowski:

I am writing in opposition to new construction of the Jack in the Box Restaurant at 2959 Upas Street. I have lived in my home, a single family house, for over 20 years. It is approximately 500 feet from the the Jack in the Box Restaurant at 2959 Upas Street. In that period of time I have seen its fast food business increase tremendously, disproportionately to the activity of other business around the 30th at Upas intersection.

Much of that business has comes from vehicular traffic. The traffic is either people who quickly park and hurry in to buy food or drink or wait, engines running, in the drive through lane. Frequently in the early evening cars and trucks will be backed up ten deep at the drive through blocking the south bound lane of Dale Street.

There seems to be some considerable doubt of the legality of the use of the Dale Street driveway for customer vehicle access.

Traffic exiting from the restaurants drive through and from the parking spaces into the 30th and Upas intersection are provided with no direction as to right of way. Traffic coming from Upas Street in both directions and 30th Street south must arbitrarily decide if drivers legally on the public thoroughfare or vehicles from Jack in the Box have the right of way.

While the site may have been adequate for a drive through restaurant in the 1960s, the publics increased reliance on cars has eliminated that reality. Families in the neighborhood have met with the planners of Jack in the Box on more than one occasion. No design can provide for (1) adequate parking for the restaurant or (2) safe ingress and exit for a drive through service window.

I urge the City of San Diego, uphold it's current building and traffic regulations and deny any redevelopment of the current site as a drive through fast food restaurant.

Sincerely,

John Keasler

RE: Redevelopment Proposal for Jack in the Box, 2959 Upas, San Diego 92104

As a resident of the North Park community I oppose the proposal for new construction of Jack in the Box. The current use is operating outside of the CN1-2 zoning which restricts hours of operation from 6am to 12midnight and prohibits drive thru operations. Redevelopment of this project will serve only to increase the existing problems this business brings to Dale Street, an otherwise quiet residential street.

I request that the City of San Diego uphold and enforce the regulations that are currently in place and deny any redevelopment of the current site.

Sincerely,

cc. Councilman Todd Gloria

RE: Redevelopment Proposal for Jack in the Box, 2959 Upas, San Diego 92104

The City of San Diego has regulations in place that were created to ease the relationship between neighbors and business in North Park. The attempt by Jack in the Box to demolish and redevelop the current site for increased capacity and use is in direct violation of the regulations that are in place. The City of San Diego has a responsibility to the citizens of this city to enforce the codes that are in place.

Increasing capacity without adequate parking is not sensible. Further impacting neighbors without the ability to control drive through operations or late night cleanings and deliveries is also not sensible.

The ordinances and codes we live by are recommended unanimously by North Park Planning Committee also. There is no recommendation for one more "variance" to these conditions. Growth is not always progress.

I am asking the City of San Diego to enforce the laws as they stand.

Sincerely,

cc: Councilman Todd Gloria
