

**DATE ISSUED:** May 5, 2005

**REPORT NO. PC-05-130**

**ATTENTION:** **Planning Commission, Agenda of May 12, 2005**

**SUBJECT:** 4929 DEL MONTE AVENUE [PARK DEL MONTE]  
PROJECT No. 57172. PROCESS 4

**OWNER:** Mark Gosselin, Trustee, Park Del Monte, L.P.

**APPLICANT:** Philip Buckley, CB Richard Ellis

**SUMMARY**

**Issue:** Should the Planning Commission approve an application for a Tentative Map to convert 20 existing residential units to condominiums and waive the requirement to underground existing overhead utilities?

**Staff Recommendation:**

1. APPROVE Tentative Map No. 173302;
2. APPROVE Coastal Development Permit No. 173303 and
3. WAIVE the requirement to underground overhead utilities.

**Community Planning Group Recommendation:** The Ocean Beach Planning Board will consider this item at their meeting on May 4, 2005. The outcome will be provided to the Planning Commission prior to the May 12 Planning Commission Hearing.

**Environmental Review:** The project has been determined to be exempt from the California Environmental Quality Act (CEQA) in accordance with the State CEQA Guidelines 15301(k), existing facilities.

**Fiscal Impact:** The cost of processing this application is paid for by the applicant.

**Code Enforcement Impact:** None with this action.

**Housing Impact Statement:** The proposed project is the conversion of 20 existing apartment units to condominiums. There would be a loss of 20 rental units and a gain of 20 for-sale units. This project is subject to the Coastal Overlay Zone Affordable Housing Replacement Regulations and would either provide two low-income replacement units or pay the in-lieu fee of \$59,400 to fulfill their obligation pursuant to these regulations.

## **BACKGROUND**

A “Tentative Map for a Condominium Conversion” is a Process Four, Planning Commission decision per San Diego Municipal Code Section 125.0430. A Tentative Map for Condominium Conversion may be approved if the decision maker finds that the proposed division of land complies with the requirements of the Subdivision Map Act and the San Diego Municipal Code.

The developed 14,006 square foot (0.32 acre ) site is located at 4929 Del Monte Avenue between Bacon and Cable Streets within the South Ocean Beach neighborhood of the Ocean Beach Precise Plan and Local Coastal Program. The land is designated multifamily residential in the community plan at a density of 25 du/ac. The site is zoned RM-2-4 and is within the Coastal Overlay Zone (Map C-730) permit jurisdiction of the City of San Diego (non-appealable), the Beach Parking Impact Zone (Map C-731), the Residential Tandem Parking Overlay Zone (Map C-903), Airport Approach Overlay Zone (AAOZ), Airport Environs Overlay Zone (AEOZ), Ocean Beach Emerging Historic District, and Council District 2. The surrounding area contains multifamily and single family development. The two-story structure was built as 20 units with 20 parking spaces in 1971.

## **DISCUSSION**

**Project Description:** The project proposes a change of ownership to convert the existing 20 apartments to 20 condominiums. The project contains a mix of 16 one-bedroom units (approximately 700 square feet each), and 4 two bedroom units (approximately 850 square feet each), for a total of 14,600 square feet of living space. The project consists of two two story buildings built in 1971 with 20 parking spaces (10 spaces accessible from the alley, and 10 spaces accessible from Del Monte Avenue). There are no zoning or code violations associated with the property. A Final Map is required to consolidate the existing four lots into one lot and to subdivide the ownership interest as a condition of the tentative map.

### **Project-Related Issues:**

**Municipal Code Conformance** - The 14,006 square foot site is currently in the RM-2-4 zone as applied to the site in January 2000. Previous zoning includes the R-1750 zone established in April 1985, and the original R-4 zone applied in April 1930. The two-story structure was built as 20 units with 20 parking spaces in 1971 under the requirements of the R-4 Zone. Under current RM-2-4 zone, only 8 units could be constructed on the site (one unit per 1,750 square feet of lot area on a 14,006 square foot site ). Under the R-4 zone as constructed, 20 spaces were required and 20 spaces exist and would remain. However, if constructed today, the 20-unit project within the Parking Impact Overlay Zone would require 37 parking spaces for this mix of one- and two-

bedroom units. The site deviates from current density and parking requirements. However, the project was in conformance with the development codes at the time of development. No code violations exist on the project site. Although the existing multi-unit complex does not meet the current parking or zoning requirements, it has previously conforming rights in accordance with Chapter 12, Article 7, Division 1 of the San Diego Municipal Code.

The site is within the Coastal Overlay Zone (Map C-730) permit jurisdiction of the City of San Diego (non-appealable), the Beach Parking Impact Zone (Map C-731), the Residential Tandem Parking Overlay Zone (Map C-903), Airport Approach Overlay Zone (AAOZ), Airport Environs Overlay Zone (AEOZ), and Ocean Beach Emerging Historic District. Future expansion or redevelopment of the project site would be subject to review under these regulations as outlined in Chapter 13, Article 2 of the Land Development Code.

Coastal Overlay Zone – The project location is within the Coastal Overlay Zone (Map C-730) which is permit jurisdiction of the City of San Diego and non-appealable to the California Coastal Commission. Pursuant to §126.0708(a) of the San Diego Municipal Code, findings for Coastal Development Permit 174895 are substantiated in the Resolution attached. The project site is not within the First Public Roadway, contains no Environmentally Sensitive Lands, is a consistent land use as designated in the Precise Plan, and does not encroach on physical or visual access to the ocean.

Airport Environs Overlay Zone (AEOZ) - The project site is within the Airport Environs Overlay Zone (AEOZ) and within the 65 - 70decibel (dB) Community Noise Equivalent Level (CNEL) for Lindbergh Field operations. As a permit condition, an Avigation Easement shall be granted to the airport operator for airport noise. Under the existing Lindbergh Field Comprehensive Land Use Plan (CLUP), a recorded Avigation Easement would make this a compatible land use.

Airport Approach Overlay Zone (AAOZ) - The project site is within the Airport Approach Overlay Zone (AEOZ) for Lindbergh Field operations. Pursuant to §132.0202, structures less than 30 feet high are exempt from further requirements of the AAOZ.

Undergrounding Waiver Request - There are existing overhead facilities adjacent to the project site. San Diego Municipal Code Section 144.0240 allows the subdivider to apply for a waiver of the requirement to underground the existing overhead utilities within the boundary of the parcel or subdivision. Staff has determined the undergrounding waiver request qualifies under the guidelines of Council Policy 600-25, Underground Conversion of Utility Lines at the Developers Expense, in that it would not represent a logical extension to an underground facility, would represent an isolated undergrounding, and involves a short span (less than a full block in length). The project is located within Block 2Q for which an undergrounding date has been set by Council for Fiscal Year 2010 allocation.

Affordable Housing - This project is subject to the requirements of the Coastal Overlay Zone Affordable Housing Replacement Regulations of the San Diego Municipal Code at Chapter 14, Article 3, Division 8. The San Diego Housing Commission completed a tenant income survey of the existing residents which found the following existing conditions: two one-bedroom units occupied by *low-income* households. Pursuant to the March 21, 2005 direction from the Housing Commission, the applicant must therefore set aside 2 Affordable replacement units or pay the In-Lieu fee of \$59,400 pursuant to the Coastal Affordable Housing Replacement regulations of the Municipal Code at Sections 143.0810 through 143.0860.

This project is subject to the Inclusionary Housing in-lieu fee. The Inclusionary Housing in-lieu fee would be \$22,550 based on 14,600 square feet of living space at a charge of \$1.75/square foot. However, because the Coastal Affordable Replacement In-Lieu fee would be greater, the project is only subject to the more stringent of the two and not both. Therefore, if the applicant chooses to pay the \$59,400 of the Coastal Affordable Housing Replacement regulations, the applicant would not have to pay the additional \$22,550 of the Inclusionary Housing regulations.

Noticing - California State Law and the City's Municipal Code require that all tenants living within a proposed condominium conversion project, and all persons applying for a rental unit within such a project, must receive adequate notice (see California Government Code Section 66427.1 and San Diego Municipal Code Sections 125.0431 and 125.0640). The applicant has certified that the required 60-day Notice of Intent to Convert to Condominiums was provided to the tenants on August 3, 2004. Government Code 66452.3, requires that a copy of the staff report be served to each tenant, on each least 72-hours (three calendar days) prior to the Hearing Officer hearing. This requirement will be fulfilled on or before May 9, 2005.

### **Conclusion:**

Staff has reviewed the proposed condominium conversion and found it to be in conformance with the applicable sections of the San Diego Municipal Code regulating Tentative Maps and land use policies. Staff has determined that the required findings can be made as the project meets the applicable San Diego Municipal Code regulations and requirements. Staff recommends approval of the project as proposed.

### **ALTERNATIVES**

1. Approve Tentative Map No. 173302 and Coastal Development Permit No. 173303 with modifications.
2. Deny Tentative Map No. 173302 and Coastal Development Permit No. 173303 if the findings required to approve the project cannot be affirmed.
