

DATE ISSUED: July 14, 2005 **REPORT NO.** PC-05-218
ATTENTION: Planning Commission, Agenda of July 21, 2005
SUBJECT: LUSSO TENTATIVE MAP- PROJECT NO. 61065 - Process 4.
OWNER/APPLICANT: LDM WATERFRONT, LLC. (Attachment 7)

SUMMARY

Issue(s) - Should the Planning Commission approve a Tentative Map to allow the conversion of thirty-one residential units into condominiums?

Staff Recommendation - APPROVE Tentative Map No. 181022

Community Planning Group Recommendation - The Centre City Advisory Committee unanimously recommended approval of the Tentative Map.

Environmental Review - This project is categorically exempt from the California Environmental Quality Act per Article 19, Section 15301(k), Existing Facilities.

Fiscal Impact Statement - None with this action. All costs associated with the processing of this project are paid by the applicant.

Code Enforcement Impact - There are no Code Enforcement violations associated with this site .

Housing Impact Statement - With the proposed conversion of thirty-one apartments into condominiums, there would be a loss of thirty-one rental units and a gain of thirty-one for sale units. This Tentative Map request was deemed complete after February, 2004 and is subject to the inclusionary affordable housing requirements and relocation requirements.

BACKGROUND

The 0.46 acre site is located at 1601 Kettner Boulevard in the Airport Approach Zone, Mixed-Use/Residential Emphasis District (Attachment 1). The project lies in the Little Italy Neighborhood and Zone C of the Centre City Planned District (Attachment 2). The project is surrounded by mix use developments to the west, east, south and multi-family residential to the north (Attachment 3).

On April 4, 2000 building permits were issued for the construction of thirty-one apartments. The project maintains eighteen off street parking spaces. These buildings are occupied and were permitted under Centre City Development Permit No. 99-0472.

The development complied with the zoning and development regulations in effect at the time of construction and no Building or Zoning Code violations have been recorded against the property. The project has previously conforming rights to be maintained as outlined in Chapter 12, Article 7, Division 1 of the Land Development Code.

DISCUSSION

Project Description

The project proposes a Tentative Map for the conversion of thirty-one apartments into thirty-one residential condominium units (Attachment 4).

Section 125.0410 of the San Diego Municipal Code requires a Tentative Map be processed for the subdivision of land. According to San Diego Municipal Code Section 144.0444, Findings for Tentative Maps for Condominium Conversion, the decision maker may approve a Tentative Map for the purposes of the conversion of residential property into a condominium project if the decision maker finds the proposed conversion complies with the requirements of the Subdivision Map Act and the San Diego Municipal Code. Development Services and Centre City Development Corporation (CCDC) staff have reviewed the proposed condominium conversion and determined it complies with the Subdivision Map Act and the Municipal Code.

No underground utilities waivers are being requested with this project. All existing utilities are currently underground.

Condominium Conversion Regulations

The requested conversion of these residential units to condominiums represents a change in ownership.

The applicant has certified that the required 60-day Notice of Intent to Convert to Condominium was provided to the tenants on August 30, 2004 (Attachment 5).

All condominium conversion projects deemed complete on or after February 7, 2004, must

comply with regulations addressing inclusionary housing and tenant relocation benefits adopted by the City Council on March 15, 2004. The project was deemed complete on February 2, 2005 and is subject to all Inclusionary Affordable Housing Regulations.

CONCLUSION

Development Services Department staff has reviewed the request for a Tentative Map to convert thirty-one residential units into condominiums. CCDC staff has determined the proposed conversion is consistent with Zone C of the Centre City Planned District. Development Services and CCDC staff have reviewed the proposed condominium conversion and determined the project complies with both the Subdivision Map Act and the Municipal Code. Staff has also determined the required findings can be supported (Attachment 6). Staff recommends the Planning Commission acknowledge the Environmental Exemption and approve Tentative Map No. 181022

ALTERNATIVES

1. Approve Tentative Map No. 181022 with modifications.
2. Deny Tentative Map No. 181022 if the findings required to approve the project cannot be affirmed.

Respectfully submitted,

Jeffery D. Strohminger
Assistant Deputy Director
