*Note: Sites in Balboa Park were evaluated for their physical suitability for conversion to population-based, community-serving park uses. The priority recommendations are preliminary and have been provided to facilitate community evaluation of the sites and park use conversion concepts. Any future conversion of uses within Balboa Park would require multi-department review and policy decisions; this would include the Park and Recreation Department, Development Services Department, and other departments as appropriate. Amendments to the Balboa Park East Mesa Precise Plan may be required.
