OTAY MESA NESTOR BRANCH LIBRARY

3003 Coronado Avenue, San Diego, CA 92154

(6:30) 1. Call to Order/Introduction of OMNCPG Facilities Financing Program Subcommittee Members.

(6:35) 2. Review of this OMNCPG subcommittee's purpose:

According to the City of San Diego web site, "...Facilities Financing provides information about public projects scheduled for each community. It describes the impact fees and fee schedules required for development in San Diego..." Also, the web site states "...the need for public facilities in a specific community is related to that community's growth. Transportation improvements, park and recreation improvements, police, fire, library and other facilities (water, sewer, drainage, etc.) are required, or need to be expanded, as a community reaches identified thresholds for each type of facility and to maintain existing levels of service. Monies collected from building permits, are placed in a City revenue account, and used solely for those major public facilities shown in the financing plan for the area of benefit." The City of San Diego web site is:
