Recommendations:

Support CONRAC element to relocate all rental car facilities off N. Harbor Dr. (Port property) and develop new consolidated rental car facility on airport north-side property off Pacific Coast Hwy.

Support dedicated roadway on airport property to connect all terminals to CONRAC.

Request SDCRAA formally remove T-2 parking structure project on airport south-side off N. Harbor Drive from SDIA Master Plan EIR indefinitely.

Concerns regarding improvements to air-cargo facilities may eliminate future opportunity to relocate T-1 to north-side and proposed SANDAG Inter-modal Transit Center plan with no High Speed Rail connections to CONRAC.

Concerns regarding shuttle service safety on proposed dedicated roadway during SDIA Contra-Flow operations with no Engineered Material Arrestor Systems (E-MAS) in place on runway 9.

Recommend SDCRAA:

- 1.) Further studies on runway 9 safety deficiencies
