

Connect commons to urban neighborhood + compact green streets

EL CAJON DENSITY: REQUIRES HIGHER DENSITY SOUTH ON SOUTH

Digs in Uptown: potential for large/taller buildings that are less visible - duplexes & townhomes

positive example of transition density in conservation areas

MAJOR WALL positive example of transition density of transition

ALWAYS AS CROSS-PROPERTY FACILITIES - REUSE - RECYCLING - ENERGY (GEAR ETC.) - WATER RECLAMATION

POTENTIALLY CONFLICTING INTEREST OF CANYONS: ACCESS & HABITAT

MANY AVOID USES, BUT MORE PROPER USE COULD DISPLACE ILLEGAL ONES.

Using Streets for Urban Forestry - Arrows, Blue, Green, and others are really nice. Vacate Streets for urban reclamation business

GATEWAYS + CORRIDORS

EDUCATION/RECREATION CORRIDORS

ALL THE WAY TO BAY
