Status Codes (see Appendix D for the complete list of codes)

- 1S An individual property listed in the National Register or California Register.
- 5S1 An individual property that is listed or designated locally.
- 5S3 Appears to be eligible for local listing or designation through survey evaluation or needs a historical research report to determine potential historical significance.
- 5D3 Appears to be a contributor to a geographic district that appears eligible for local designation through survey evaluation. For purposes of the Land Development Code 45 year review, this property needs a research report to determine its potential historical significance.
- 5B Locally significant both individually and as a contributor to a thematic district through survey evaluation. For purposes of the Land Development Code 45 year review, this property needs a research report to determine its potential historical significance.
- 6L Not eligible for historical designation due to significant, but reversible modifications. Contact City of San Diego Historic Resources Board staff for technical assistance.
- 6Z Not eligible for historical designation through survey evaluation.
- 7N May be a significant historic property when restored to its original condition or when it becomes 45 years of age.

Minimally Altered

The inventoried resource appears to be close to its original configuration; or minor reversible alterations have occurred; or a few minor alterations have occurred that cumulatively do not alter the resource beyond its original design intent.

Heavily Altered

The inventoried resource appears to no longer be close to its original configuration, or alterations have occurred that are not easily reversible, or several alterations have occurred that cumulatively obscure the resource beyond its original design intent. However, the overall original massing is discernible.

Altered Beyond Recognition

The inventoried resource appears to no longer be close to its original configuration and the overall original massing is no longer discernible.

WFI (Warrants Further Investigation)

Pending further research, this property may be the work of a significant architect or builder, or may yield information important to the history of the local area, California, or the nation.
