## **Multiple Species Conservation Program Annual Report Workshop**

You're invited to learn all about regional habitat conservation accomplishments and goals at the Multiple Species Conservation Program (MSCP) Annual Report Workshop. At the workshop, you will hear about MSCP projects completed in 2013 through presentations by local jurisdictions and state and federal agencies. This is an opportunity for the public to learn more about San Diego County's unique habitats and the role of the MSCP in preserving open space and biological diversity.
