Jim Bird, Manager, Global Investigations, Qualcomm Inc., donated four computers to Northwestern Division via the San Diego Police Officers Association. The computers will assist Northwestern Division in the investigation of crimes, security alerts, and processing video surveillance.

Many of the video viewers are proprietary and owned by the victim/companies and are not compatible with San Diego Police Department computers. This prevents investigators from accessing the internet and downloading video viewers. The donated systems provide the necessary tools to review, process, and conduct a thorough investigation.

Assistant Chief Boyd Long, SDPD, Captain Miguel Rosario, SDPD, Brian Baker, Vice President of Information Technologies, Qualcomm Inc., Steve Davis, Vice President of Global Security, Qualcomm Inc., and Sergeant Robert Lewis, San Diego Police Officers Association will be available for comment and interviews.
