December 23, 2009

Honorable Members of the Agency:

The Annual Financial Report on all projects of the Redevelopment Agency of the City of San Diego for the year ended June 30, 2009 is presented in accordance with the Community Redevelopment Law (§33,000 et seq., of the Health and Safety Code of the State of California).

All expenditures and revenues for these projects have been reported for in accordance with generally accepted accounting principles in the United States applicable to municipalities, and all financial transactions occurring during the year were made in accordance with the redevelopment laws of the State of California.

Respectfully submitted,

Jerry Sanders  
Executive Director

William R. Anderson  
Assistant Executive Director

## INDEPENDENT AUDITOR'S REPORT

Board of Directors  
Redevelopment Agency of the  
City of San Diego  
San Diego, California

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Redevelopment Agency of the City of San Diego, California (Agency), a component unit of the City of San Diego, California, as of and for the year ended June 30, 2009, which collectively comprise the Agency's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Agency's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Agency's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Agency as of June 30, 2009, and the respective changes in financial position thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated December 23, 2009, on our consideration of the Agency's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The management's discussion and analysis and budgetary comparison information on pages 16 through 28 and 70 through 73, are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Agency's basic financial statements. The introductory section, nonmajor governmental funds combining statements and the supplemental information section are presented for purposes of additional analysis and are not a required part of the basic financial statements. The nonmajor governmental funds combining statements have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The introductory and supplemental information sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

## Management's Discussion and Analysis

**MANAGEMENT'S DISCUSSION AND ANALYSIS**  
**(Unaudited)**  
**(In Thousands)**  
**June 30, 2009**

As management of the City of San Diego (the "City"), we offer readers of the Redevelopment Agency (the "Agency") financial statements this narrative overview and analysis of the financial activities of the Agency for the fiscal year ended June 30, 2009.

**OVERVIEW OF THE FINANCIAL STATEMENTS**

This discussion and analysis is intended to serve as an introduction to the Agency's basic financial statements. The Agency's basic financial statements are comprised of three components: (1) government-wide financial statements, (2) fund financial statements, and (3) notes to the financial statements. This report also contains required and other supplementary information in addition to the basic financial statements themselves.

**Government-wide Financial Statements**

The government-wide financial statements are designed to provide readers with a broad overview of the Agency's finances, in a manner similar to a private-sector business.

The Statement of Net Assets presents information on all of the Agency's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the Agency is improving or deteriorating.

The Statement of Activities presents information showing changes in the Agency's net assets during the most recent fiscal year. All changes in net assets are reported when the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. The focus is on both gross and net cost of Agency functions, which are supported by general revenues. This Statement also displays functions of the Agency that are principally supported by taxes, private contributions, and intergovernmental revenues (governmental activities). The governmental activities of the Agency include General Government and Support and Neighborhood Services. The Agency does not engage in business-type activities.

The government-wide financial statements exclusively include the Agency (known as the Primary Government) with no legally separate, discretely presented component units. The government-wide financial statements can be found on pages 32 and 33 of this report.

**Fund Financial Statements**

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Agency, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All funds of the Agency are combined into the governmental funds category.

## **Governmental Funds**

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The Agency maintains individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the Centre City Low and Moderate Income Housing Special Revenue Fund, Centre City Other Special Revenue Fund, Centre City Debt Service Fund and Centre City Capital Projects Fund all of which are considered to be major funds. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

The basic governmental fund financial statements can be found on pages 34-38 of this report.

## **Notes to the Basic Financial Statements**

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the basic financial statements can be found beginning on page 40 of this report.

## **Other Information**

In addition to the basic financial statements and accompanying notes, budget to actual comparison schedules of the Centre City Low and Moderate Income Special Revenue Housing Fund and the Centre City Other Special Revenue Fund can be found on pages 70-73. Combining fund statements and schedules for nonmajor governmental funds can be found beginning on page 76 of this report.

The "Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*" can be found on page 106 of this report.

As part of supplementary information provided in this report, a schedule of changes to principal and interest due to the City for each Project Area can be found on page 116. In addition, assessed valuation information for each project area can be found beginning on page 118 of this report.

**GOVERNMENT-WIDE FINANCIAL ANALYSIS****SUMMARY OF NET ASSETS**

	Governmental Activities		Dollar	Percent
	2009	2008	Increase (Decrease)	Increase (Decrease)
Current and Other Assets	\$ 897,899	\$ 826,851	\$ 71,048	9%
Capital Assets	187,863	177,105	10,758	6%
Total Assets	1,085,762	1,003,956	81,806	8%
Current and Other Liabilities	51,126	49,966	1,160	2%
Net Long-Term Debt	991,839	918,723	73,116	8%
Total Liabilities	1,042,965	968,689	74,276	8%
Net Assets				
Invested in Capital Assets, Net of Related Debt	96,064	83,152	12,912	16%
Restricted	133,478	108,733	24,745	23%
Unrestricted	(186,745)	(156,618)	(30,127)	(19%)
Total Net Assets	\$ 42,797	\$ 35,267	\$ 7,530	21%

As noted earlier, net assets may serve over time as a useful indicator of a government's financial position. In the case of the Agency, assets exceeded liabilities at June 30, 2009, by \$42,797.

Of the Total Net Assets \$96,064 represents the Agency's investment in capital assets, less any outstanding debt used to acquire these assets. The Agency uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the Agency's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves are generally not used to liquidate these liabilities.

The Agency's Restricted Net Assets of \$133,478 represent resources that are subject to external restrictions on how they may be used. Restricted Net Assets increased by \$24,745 over the prior year, or about 23% primarily due to a net increase in resources available for Low and Moderate Income Housing.

There are several factors contributing to the Agency's deficit of \$186,745 in Unrestricted Net Assets. First, the Agency typically borrows funds from the City when a project area does not generate sufficient tax increment to fund redevelopment activities in the area, mostly during the initial stages of a project area's life. At the point sufficient tax increment revenues are generated, the Agency issues long term debt to carry out redevelopment and housing activities in the project area, pledging future tax increment revenues for the repayment of these long term obligations. Interest expense associated with City Loans and other long term debt is an important factor contributing to the deficit in Unrestricted Net Assets. In addition, the Agency has used long term debt to acquire properties that have been sold to developers or conveyed to the City at a loss, for improvements of public infrastructure, rehabilitation of properties not owned by the Agency and for development of affordable housing.

**CHANGES IN NET ASSETS**

	Governmental Activities		Dollar	Percent
	2009	2008	Increase (Decrease)	Increase (Decrease)
Revenues:				
Program Revenues				
Operating Grants and Contributions	\$ 44	\$ 47	\$ (3)	(6%)
Capital Grants and Contributions	17,888	15,506	2,382	15%
General Revenues				
Tax Increments	192,562	177,353	15,209	9%
Grants and Contributions Not Restricted to Specific Programs	1,793	4,775	(2,982)	(62%)
Revenue from Use of Money and Property	24,087	32,947	(8,860)	(27%)
Loss on Sale of Capital Assets	-	(11)	11	100%
Loss on Sale of Land Held for Resale	-	(9,319)	9,319	100%
Total Revenues	<u>236,374</u>	<u>221,298</u>	<u>15,076</u>	<u>7%</u>
Expenses:				
General Government and Support	53,838	48,201	5,637	12%
Neighborhood Services	128,383	33,091	95,292	288%
Interest on Long-Term Debt	46,623	43,669	2,954	7%
Total Expenses	<u>228,844</u>	<u>124,961</u>	<u>103,883</u>	<u>83%</u>
Change in Net Assets	<u>7,530</u>	<u>96,337</u>	<u>(88,807)</u>	<u>(92%)</u>
Net Assets, July 1	<u>35,267</u>	<u>(61,070)</u>	<u>96,337</u>	<u>158%</u>
Net Assets, June 30	<u>\$ 42,797</u>	<u>\$ 35,267</u>	<u>\$ 7,530</u>	<u>21%</u>

**Governmental Activities**

Governmental activities increased the Agency's net assets by \$7,530 hereby accounting for all of the increase in net assets during fiscal year 2009. Key elements of this increase are as follows:

- Capital Grants and Contributions increased by \$2,382 or about 15%, mostly due to the receipt of \$2,901 in federal transportation grant funds from the Federal Highway Administration through the California Department of Transportation and the City for the construction of the Park Boulevard at Harbor Drive Pedestrian Bridge in the Centre City Project Area.
- Tax Increments revenue increased by \$15,209 or approximately 9%. This was mostly due to an increase in the assessed valuation of properties in the various project areas. The Centre City Project Area reported the largest year over year dollar increase of \$8,395, or approximately 7%, over the prior year. The San Ysidro project area reported the largest percentage increase of 73%, or \$2,889 over the prior year. Increases in tax increment revenues are mostly due to supplementary property tax billings issued subsequent to the billings for the initial rolls for the fiscal year. The supplementary billings are typically attributed to new construction activity and the transfer of ownership due to properties being sold and reassessed at the time of sale.
- Grants and Contributions not restricted for specific programs decreased by \$2,982, or about 62%, mostly due to onetime revenue received for the sale of downtown condominium units in the prior fiscal year pursuant to a participation agreement with a developer.

- Revenue from the use of Money and Property decreased by \$8,860 or about 27% mostly due to a bottoming out of declining interest rates around December 2008 and the decrease in interest income from the reinvestment of the Agency's assets at these record low interest rates.
- Loss on Sale of Land Held for Resale decreased by \$9,319 due to a prior year loss on the disposition of a parcel in the Centre City Project Area related to the Renaissance Hotel project. The prior year loss was mostly due to timing differences in revenue and expense recognition as advances from the developer for the purchase of the property were recognized in prior years as the funds were used to acquire the property. There were no land held for resale dispositions in the current fiscal year.
- General Government and Support Expense increased by \$5,637 or approximately 12%. This is mostly attributed to an increase in tax sharing payments of approximately \$4,027 pursuant to California Law and tax sharing agreements. In addition, program management expenses related to the North Embarcadero Project in the Centre City Project Area increased by approximately \$1,533 due to architectural and engineering design services rendered in the current fiscal year.
- Neighborhood Services expense increased by \$95,292 or approximately 288%. This is mostly attributed to a settlement agreement with the County of San Diego (the "County"), reached in the current fiscal year, related to a Superior Court Case seeking to invalidate the Redevelopment Plan for the Grantville Project Area. Pursuant to the agreement, the Agency will pay \$31,360 to the City to fund a portion of the cost of the construction of the C Street transit improvements in the Centre City Project Area; an additional \$31,360 to the County to fund North Embarcadero Project Improvements, as defined in the agreement; and \$7,840 for joint projects in the Grantville Project Area to be proposed by the County and approved by the Agency. These obligations totaling \$70,560 were recognized in the current fiscal year and recorded as Neighborhood Services expense.

Additionally, the Agency's contributed \$11,315 to the City, pursuant to the ballpark cooperation agreement, for satisfaction of the fiscal year 2009 Ballpark Lease Revenue Bonds, Series 2007A debt service obligation. There was no similar contribution in the prior year. Also, the Agency's contributions to the City for planning activities related to the Barrio Logan, Grantville, North Bay and San Ysidro project areas increased by \$4,715 over the prior year.

Moreover, the reduction in net realizable value of \$2,711 related to the Veterans Village property in the North Bay Project Area was reported as Neighborhood Services expense. This property will be sold to Vietnam Veterans of San Diego for a nominal amount pursuant to a Development and Disposition Agreement.

Finally, the Agency contributed affordable housing funds of approximately \$1,911 for loan programs currently administered by the San Diego Housing Commission designed to assist low and moderate income persons and families with property rehabilitation and first time home buyer financing.

**FINANCIAL ANALYSIS OF THE GOVERNMENT’S FUNDS**

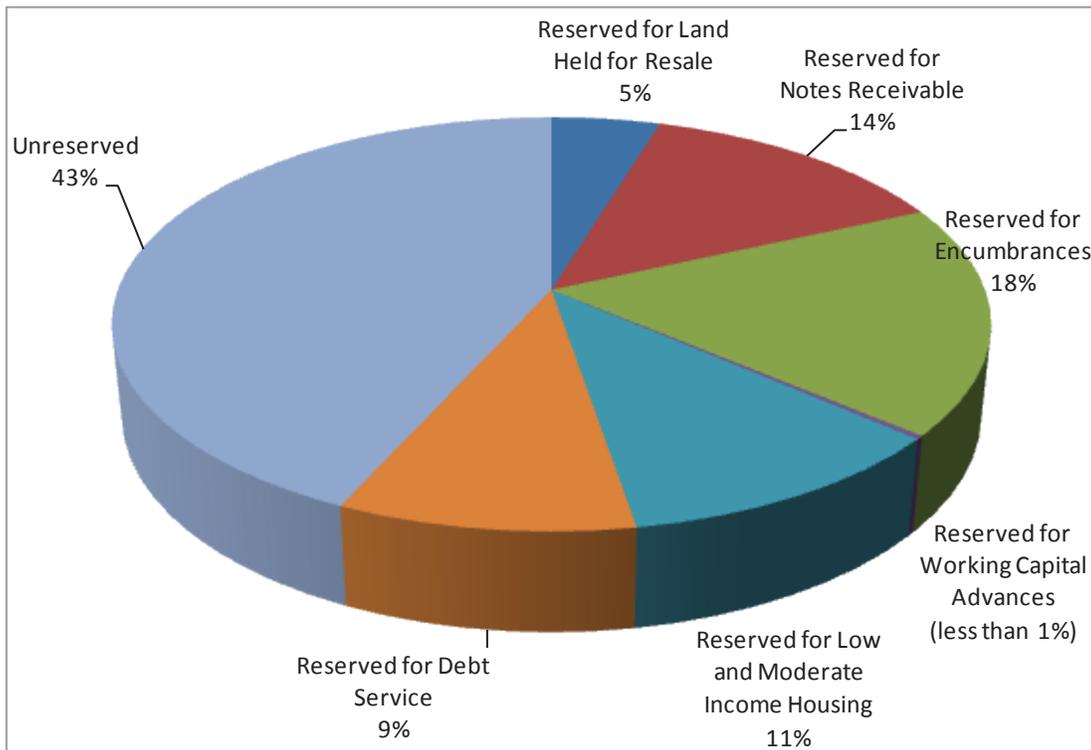

As noted earlier, the Agency uses fund accounting to ensure and demonstrate compliance with finance related legal requirements.

**Governmental Funds**

All of the Agency’s funds are governmental funds, the focus of which is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the Agency’s financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government’s net resources available for spending at the end of the fiscal year.

As of June 30, 2009, the Agency’s governmental funds reported combined ending fund balances of \$878,515. Of the total, \$498,916, or about 57%, is reserved to indicate that it is not available for new spending because it has already been committed (1) to liquidate contracts and purchase orders of the period, (2) to pay debt service, (3) to increase low and moderate income housing or (4) for a variety of other restricted purposes. The remaining amount of \$379,599, or about 43%, constitutes unreserved fund balance, which is available for spending at the Agency’s discretion, including designations for subsequent years’ expenditures made through the Agency’s budgetary process.

**COMPOSITION OF AGENCY FUND BALANCES**

The Agency’s fund balances increased by \$76,601 or about 10% over the prior year. The increase is mostly attributed to current year revenues exceeding expenditures for the fiscal year by \$63,920. This is due to the fact that the Agency’s projects are multi-year in nature and revenue from the current year will be used for projects that are currently in the initial stages of construction or for future year’s projects.

Total expenditures in the current fiscal year remained constant compared to the prior year, decreasing by less than 1%. The Agency's revenue increased by \$6,361, or about 3% mostly due to an increase in tax increment revenue of \$15,209, or about 9%, which was offset by a decrease in interest revenue of \$8,815 mostly due to a bottoming out of declining interest rates around December 2008 and the decrease in interest income from the reinvestment of the Agency's assets at these record low interest rates. The following table shows a breakdown of year over year changes in tax increment revenue for each project area.

#### CHANGES IN TAX INCREMENT

	Tax Increment		Dollar Increase	Percent Increase
	2009	2008	(Decrease)	(Decrease)
Barrio Logan	\$ 691	\$ 679	\$ 12	2%
Central Imperial	2,455	2,249	206	9%
Centre City	125,366	116,971	8,395	7%
City Heights	13,954	14,290	(336)	(2%)
College Community	1,142	1,160	(18)	(2%)
College Grove	818	718	100	14%
Crossroads	4,299	4,274	25	1%
Gateway Center West	346	334	12	4%
Grantville*	2,364	-	2,364	-
Horton Plaza	8,616	8,400	216	3%
Linda Vista	96	94	2	2%
Mount Hope	1,674	1,598	76	5%
Naval Training Center	4,905	4,001	904	23%
North Bay	8,876	8,231	645	8%
North Park	7,729	7,964	(235)	(3%)
San Ysidro	6,825	3,936	2,889	73%
Southcrest	2,406	2,454	(48)	(2%)
	<u>\$ 192,562</u>	<u>\$ 177,353</u>	<u>\$ 15,209</u>	<u>9%</u>

\*Tax Increment revenue in the amount of \$737 and \$447 for fiscal years 2008 and 2007, respectively, were recognized in the current fiscal year after settlement of the of the Grantville Action Validation lawsuit . Tax Increment of \$1,180 associated with fiscal year 2009 represents an increase of 60% over the prior year.

Of the total tax increment revenue received by a project area, 80% is allocated for redevelopment activities and 20% for affordable housing projects. The Agency has pledged tax increment revenue to satisfy long-term debt obligations. These payments are made from the 80% and 20% allocations in proportion to the amount of long-term debt proceeds used for either housing or redevelopment activities. In addition, tax increment revenue is distributed to other governmental entities, from the redevelopment activities 80% allocation, based on formulas established by California Redevelopment Law, or by tax sharing agreements. The summary of significant accounting policies in the notes to the basic financial statements Note 1-q, on page 46, includes a description of the Agency's tax sharing obligations.

The Agency's seventeen project areas are managed by the Redevelopment Division of the City of San Diego and by two non-profit independent corporations, the Centre City Development Corporation (CCDC) and the Southeastern Economic Development Corporation (SEDC). The following chart illustrates the percentage of the Agency's fund balances managed by each of the three administrative units.

**PERCENTAGE OF AGENCY COMBINED FUND BALANCES  
BY ADMINISTRATIVE UNIT**

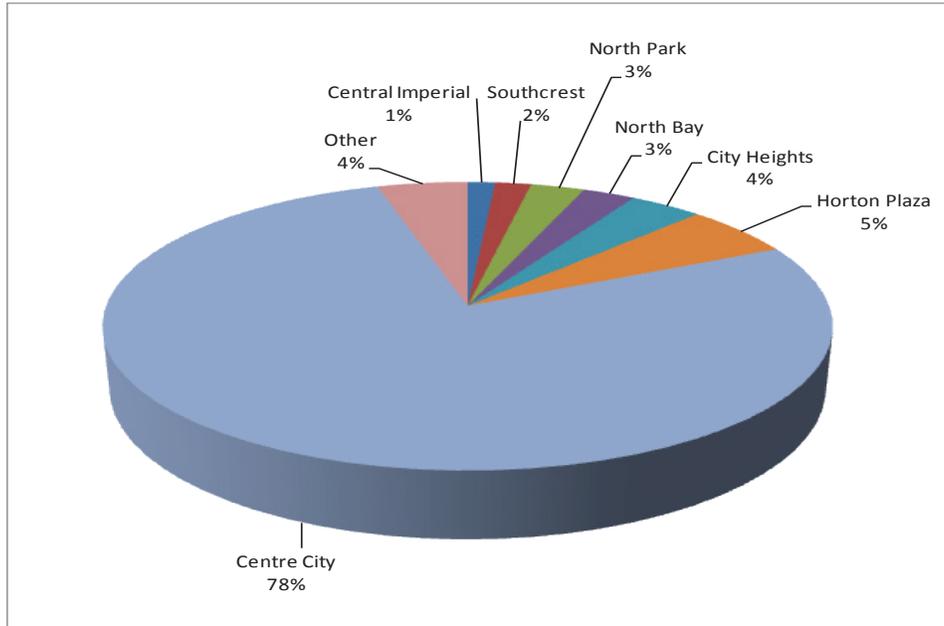

The CCDC administers the two project areas in downtown San Diego, which have the largest share of the Agency's combined fund balances. As of June 30, 2009 project areas administered by the CCDC, accounted for \$729,827 or about 83% of the Agency's combined fund balances.

The SEDC administers four project areas in southeastern San Diego, which, as of the end of the fiscal year, accounted for \$33,962 or about 4%, of the Agency's combined fund balances.

The Redevelopment Division of the City of San Diego administers eleven project areas throughout the City, which, as of the end of the fiscal year, accounted for \$114,726 or about 13%, of the Agency's combined fund balances.

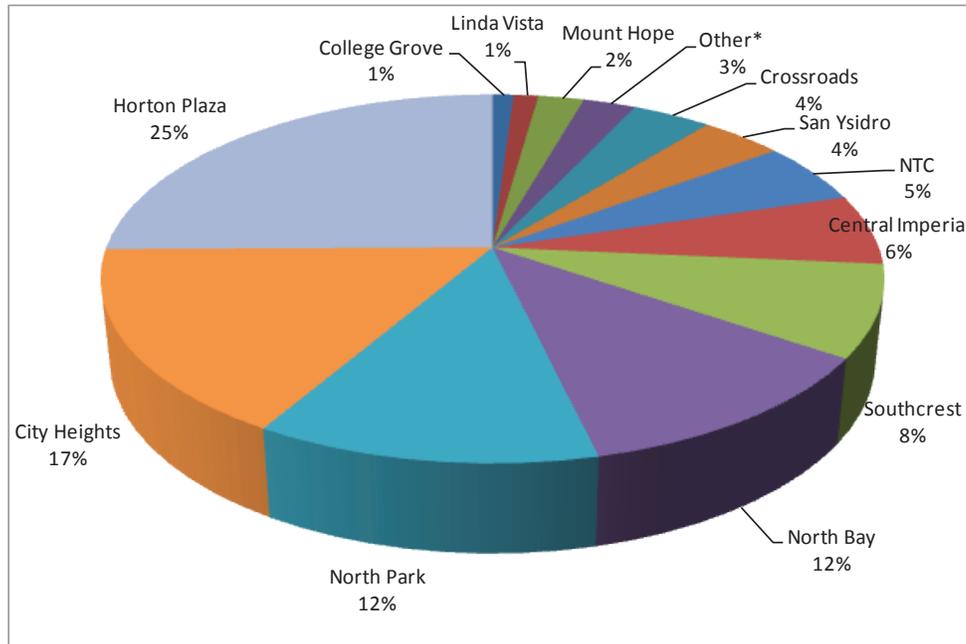

**PERCENTAGE OF AGENCY COMBINED FUND BALANCES BY PROJECT AREA**

The above chart reflects the composition of the Agency’s fund balances by project area. The Centre City project area accounted for 78% of the Agency’s combined fund balances. All of the Centre City project area funds are major funds. Major funds are reported as separate columns in the fund financial statements. Combining fund statements and schedules for nonmajor governmental funds can be found beginning on page 76 of this report.

The following chart reflects the composition of the Agency’s nonmajor fund balances by project area and excludes all Centre City Project Area funds.

**PERCENTAGE OF AGENCY COMBINED NONMAJOR FUND BALANCES BY PROJECT AREA**

\* Other includes all Barrio Logan, College Community Gateway and Grantville Project Area funds.

## Major Governmental Funds

### *Centre City Low and Moderate Income Housing Special Revenue Fund*

The Centre City Low and Moderate Income Housing Special Revenue Fund is used to account for costs associated with increasing, improving, or preserving the community's supply of low and moderate income housing in the Centre City Project Area. The primary source of revenue for this fund is the 20% tax increment revenue allocation pursuant to redevelopment law as well as housing bond proceeds. The fund balance at June 30, 2009 was \$210,356, which is an increase of \$9,835, or about 5% over the prior year. Fund revenues remained fairly constant while expenditures decreased by \$4,635, mainly due to a year over year decrease of \$5,039 in write downs to the value of land held for resale. Transfers for satisfaction of bond debt service increased by \$9,566 mainly due to additional debt service requirements generated by the issuance of the Centre City 2008 bonds in the final month of fiscal year 2008. Approximately 61% or \$128,658 of the fund's fund balance is reserved to indicate that it is not available for new spending because it has already been committed to liquidate contracts and purchase orders of the period or to reflect that funds have been used to purchase land or to make loans and are not readily available for spending. The remaining amount of \$81,698 or 39% is reserved for spending on low and moderate income projects.

### *Centre City Other Special Revenue Fund*

The Centre City Other Special Revenue Fund is used to account for transactions that cannot be clearly identified with redevelopment activities, debt service or affordable housing. These transactions include tax sharing payments to other entities in the project area; those related to the Grantville settlement agreement with the City and County; revenue collected from the operation of two parking structures in the project area; and satisfaction of the City's debt service obligations related to the Ballpark Lease Revenue Bonds, Series 2007A. The fund balance at June 30, 2009 was \$1,080 which is an increase of \$1,020 over the prior year. The increase is mostly attributed to tax increment transfers to fund future payments to the County pursuant to the Grantville settlement agreement. Also reported in the current fiscal year was the Agency's \$11,315 contribution to the City, pursuant to the ballpark cooperation agreement, for satisfaction of the fiscal year 2009 Ballpark Lease Revenue Bonds, Series 2007A debt service obligation.

### *Centre City Debt Service Fund*

The Centre City Debt Service Fund is used to record debt-related activity such as debt service payments, investment activity for bond reserves held with fiscal agents, and bond issuance costs associated with the Centre City Project Area. In addition, the Centre City Debt Service Fund accumulates tax increment revenue for repayment of indebtedness related to the project area. At the end of the fiscal year, the Centre City Debt Service Fund reported fund balance of \$283,240 of which, \$66,815, or about 24%, is reserved for debt service. The fund balance showed an increase of \$51,414 over the prior year primarily due to tax increment revenue collected in excess of debt service payments.

### *Centre City Capital Projects Fund*

The Centre City Capital Projects Fund is used to account for expenditures related to redevelopment activities in the Centre City Project Area, with the use of such funding sources as tax increment, bond proceeds, developer contributions and participation revenue from the City. The fund balance at June 30, 2009 amounted to \$185,192 which is a decrease of \$12,272 or about 6% over the prior year. In the current fiscal year, costs associated with the purchase of land for development of parks totaled \$13,651. In addition, costs related to the construction of the Park Boulevard at Harbor Drive Pedestrian Bridge totaled \$8,545. These expenditures were offset by revenue of \$4,749 associated with reimbursements by the City, from Development Impact Fees, for eligible land costs related to St. Josephs Park and by \$2,901 in federal and state transportation grants awarded to the Agency, through the City, for the construction of the Park Boulevard at Harbor Drive Pedestrian Bridge project.

## CAPITAL ASSET AND DEBT ADMINISTRATION

### Capital Assets

Capital assets of governmental funds are capitalized at the government-wide level and not at the fund level. Differences between the fund and government-wide statements reporting for these governmental assets will be explained in both the reconciliation and the accompanying notes to the financial statements.

In the current fiscal year, expenditures related to the development of parks in the Centre City Project Area totaled \$13,651, accounting for all the current year additions to the Agency's Capital Assets. Of the total, \$8,742 was related to the development of the East Village Green Park site and \$4,909 for the development of Saint Joseph's Park. These additions were offset by a decrease of \$1,121 in land related to the Skateworld property in the Linda Vista Project Area resulting from the reclassification of land from capital assets to land held for resale. The property was reclassified due to the fact that the Agency intends to sell the property and will no longer continue to lease it.

### REDEVELOPMENT AGENCY CAPITAL ASSETS, NET OF ACCUMULATED DEPRECIATION (In Thousands)

	2009	2008
Land	\$ 123,437	\$ 110,907
Structures and Improvements	64,358	66,102
Equipment	68	96
Total	\$ 187,863	\$ 177,105

Additional information about the Agency's capital assets can be found in the accompanying notes to the financial statements (see Note 4 on page 54).

### HIGHLIGHTS OF FISCAL YEAR 2009 REDEVELOPMENT ACTIVITIES

(In Thousands)

#### Barrio Logan Project Area

- Completed the La Entrada Family Apartments Project, an affordable eighty-five (85) unit multi-family residential development.

#### Central Imperial Project Area

- Completed construction of a 75,000 square-foot office and community meeting center at the Village Center at Market Creek.
- Completed construction of the Navy Federal Credit Union and the 30,000 square-foot 24-Hour Fitness Center at the Imperial Marketplace.
- Completed design and full funding for 62<sup>nd</sup> and Imperial trolley and bus shelter improvements, streetlights from 61<sup>st</sup> to 69<sup>th</sup> Street on Imperial Avenue, and obtained construction commitment from Engineering and Capital Projects.

#### Centre City Project Area

- Five (5) new market-rate residential projects were built in the project area that consisted of 1,153 units.
- Built two (2) new affordable housing projects with Agency funds consisting of 411 total units of which 407 are affordable.
- Completed a 1,190 room Hilton Convention Hotel near the Ballpark and Convention Center.

- Acquired two (2) parcels for the East Village Green Park and one parcel for the St. Joseph's Park for a total of an additional .68 acres.
- Completed demolition of three (3) Agency owned properties. The sites were demolished because they were unreinforced masonry buildings and to eliminate loitering around empty buildings.
- Completed construction of the Simon Levi Building sidewalk at Seventh & J Street located in the Ballpark District of East Village.
- Completed seven (7) construction projects; the temporary Winter Shelter infrastructure improvements, the Fifth Avenue and Martin Luther King Promenade lighted crosswalk, the Fifth and Market scramble modification, the Phase II litter receptacle acquisition, the Gaslamp Quarter newspaper corrals, the Historic Fetter House exterior improvements and the Little Italy hanging baskets and planters. The Fetter House received an award for historic preservation from Save Our Heritage Organization and an award for excellence from the Historical Resources Board.

### **City Heights Project Area**

- Worked with Affirmed Housing to disperse the final installment of Agency funds and record the Release of Construction Covenants for the Auburn Park Apartments. The completed project includes a total of sixty-nine (69) units, with sixty-seven (67) units restricted for low- and very-low income residents.

### **Crossroads Project Area**

- Agency entered into an Owner Participation Agreement with Village Green Apartments LLC (i.e., Wakeland Housing) to provide approximately \$5,800 to acquire and rehabilitate a 94-unit apartment complex in order to rent to households at or below 60% of the Area Median Income.

### **Mount Hope Project Area**

- Completed design and full funding for the Mt. Hope Market Street Median and Streetlight Project and obtained construction commitment from Engineering & Capital Projects Department.

### **North Bay Project Area**

- Completed The Veterans Village of San Diego, Phase II onsite improvements. The project consisted of the construction of 112 transitional beds for previously homeless veterans, an employment/medical center, and a recreational area.

### **North Park Project Area**

- Completed construction of twenty-three (23) units of affordable rental housing for extremely low-income tenants (including nine units designated as supportive housing units) at 3137 El Cajon Blvd.
- Completed the purchase of the deteriorating North Park Inn located at 2625 University Avenue renovations to transform the site into seventeen (17) residential apartments for graduates of the Pathfinders "Shelter Plus Care" recovery program for homeless men.

### **San Ysidro Project Area**

- The Agency completed construction of the Camino de la Plaza improvement project. The project provided new sidewalks, curbs, landscaping, fencing, and street furniture along the north and south side of Camino de la Plaza between Camiones Way and San Ysidro Boulevard.
- The Agency approved the First Implementation Agreement with SYEP Associates L.P. for the El Pedregal Project, a forty-five (45) unit affordable housing project on approximately 2.2-acres located at the northeast corner of West San Ysidro Boulevard and Averil Street. The residential rental units shall be made available for households earning 30% to 60% of the area median income.

- The Agency approved the Second Implementation Agreement with the Chelsea Investment Corporation for the development of the Verbena Project, eighty (80) affordable rental units on approximately 6.8-acres located at 3774 Beyer Boulevard. The residential rental units shall be made available for households earning 30% to 60% of the area median income.

### Long-Term Debt

At June 30, 2009, the Agency long-term debt totaled \$930,704. Of this amount, \$27,430 is secured by specified revenue sources (revenue bonds) and \$534,537 is comprised of tax allocation bonds secured by tax increment revenue. The remainder of the Agency's debt represents contracts payable, notes payable, loans payable and accrued interest in loans and notes from the City.

### REDEVELOPMENT AGENCY OUTSTANDING DEBT (In Thousands)

	2009	2008
Revenue Bonds	\$ 27,430	\$ 28,390
Tax Allocation Bonds	534,547	548,643
Contracts Payable	4,715	2,615
Notes Payable	13,086	13,962
Pooled Financing Authority		
Loans Payable	33,460	34,115
Loans Payable	161,220	151,859
Accrued Interest Payable	156,246	145,294
Total	\$ 930,704	\$ 924,878

The Agency drew \$6,931 and \$2,000 in loan proceeds from the San Diego National Bank lines of credit for the Naval Training Center and North Park project areas respectively. In addition, the Agency received \$1,250 in loan proceeds from the California Housing Financing Agency for development of affordable housing in the North Bay project area. Also, a \$400 City Loan repayment from Southcrest was re-loaned to the Gateway Center West project. Information on loans payable to the City, by project area, can be found on page 116 of this report. Moreover, the Agency recognized the affordable housing component of the obligation to Western Pacific Housing, pursuant to a disposition and development agreement, increasing Contracts Payable by \$2,100.

Total principal payments for long-term debt were \$17,531. Of this amount, \$15,056 was for outstanding bonds, \$876 for notes payable and \$1,599 for loans payable. Additionally, there was a loan reduction of \$276 pursuant to an implementation agreement with a developer.

Additional information about the Agency's long-term debt can be found in the accompanying notes to the financial statements (see Note 5 on page 55).

### REQUESTS FOR INFORMATION

This financial report was designed to provide a general overview of the Agency's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Office of the City Comptroller, 202 C Street, San Diego, CA 92101 or e-mailed to the City Comptroller at [comptroller@sandiego.gov](mailto:comptroller@sandiego.gov). This financial report is also available on the City's website at [www.sandiego.gov](http://www.sandiego.gov), under the Office of the City Comptroller department.

**RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND  
CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS  
TO THE STATEMENT OF ACTIVITIES  
Year Ended June 30, 2009  
(In Thousands)**

Net change in fund balances - total governmental funds (page 37)	\$	76,601
Governmental funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period.		10,758
The issuance of long-term debt (i.e. bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any affect on net assets. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the Statement of Activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.		3,305
Some expenses reported in the Statement of Activities do not require the use of current financial resources (i.e. interest on long-term debt, amortization of bond premiums and discounts), and therefore are not accrued as expenses in governmental funds.		<u>(83,134)</u>
Change in net assets of governmental activities (page 33)	\$	<u>7,530</u>

**The accompanying notes are an integral part of the financial statements.**

**NOTES TO THE BASIC FINANCIAL STATEMENTS  
YEAR ENDED JUNE 30, 2009**

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (In Thousands)**

The financial statements of the Redevelopment Agency of the City of San Diego ("Agency") have been prepared in conformity with generally accepted accounting principles ("GAAP") as applicable to government units. The Governmental Accounting Standards Board ("GASB") is responsible for establishing GAAP for state and local governments through its pronouncements. The significant accounting principles and policies utilized by the Agency are described below.

a. Scope of Financial Reporting Entity

The Agency was established by the City of San Diego Council in 1958 for the purpose of providing a method to revitalize deteriorated and blighted areas within designated areas of the City of San Diego. The Agency began functioning in 1969 pursuant to the Community Redevelopment Law of California as codified in the State of California Health and Safety Code.

Under GASB Statement No. 14, the Agency is considered a component unit of the City. The Agency's basic financial statements, which are presented as a blended component unit in the basic financial statements of the City, present an aggregation of funds associated with 17 redevelopment project areas. The redevelopment project areas are overseen by the City's Redevelopment Division, and two corporations, the Centre City Development Corporation ("CCDC") and the Southeastern Economic Development Corporation, Inc. ("SEDC").

CCDC and SEDC are non-profit corporations organized by the City to administer certain redevelopment projects (CCDC in downtown San Diego and SEDC in southeastern San Diego) as well as to provide redevelopment advisory services to the Agency. These activities are carried out pursuant to operating agreements with both the City and the Agency under which the City and the Agency agree to reimburse CCDC and SEDC for all eligible costs (as defined) incurred in connection with such activities. Neither the financial position nor the transactions of CCDC and SEDC are included as part of the financial statements. However, reimbursements to CCDC and SEDC for services provided to the Agency result in administrative charges that are included in the financial statements as Agency costs.

The City Council, acting in accordance with the City Charter, the City's Municipal Code and applicable state laws, appoints the members of the Board of Directors of CCDC and SEDC and acts as the Agency's Board of Directors.

b. Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the Statement of Net Assets and the Statement of Activities) report information on all activities of the Agency. The effect of interfund activity has been removed from these statements.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported instead as general revenues.

All funds presented in the fund financial statements are governmental funds. Major governmental funds are reported as separate columns in the fund financial statements.

The Agency reports the following major funds:

Centre City Low and Moderate Income Housing Fund – The Centre City Low and Moderate Income Housing Fund is a Special Revenue Fund used to account for 20 percent of the tax increment revenue generated from the Centre City Redevelopment Project Area and the costs associated with the Agency's effort to increase and improve the community's supply of affordable housing for persons and families of low and moderate income in this area.

Centre City Other Special Revenue Fund – The Centre City Other Special Revenue Fund is used to account for transactions that cannot be clearly identified with redevelopment activities, debt service or affordable housing. These transactions include those related to the Grantville settlement agreement with the City and County; revenue collected from the operation of two parking structures in the project area; satisfaction of the City's debt service obligations related to the Ballpark Lease Revenue Bonds, Series 2007A; and tax sharing payments to other entities in the project area.

Centre City Debt Service Fund – The Centre City Debt Service Fund is used to account for the accumulation of resources for, and the payment of, long-term debt principal, interest, and related costs of the Centre City Redevelopment Project Area.

Centre City Capital Projects Fund – The Centre City Capital Projects Fund is used to account for the receipt of bond proceeds, costs associated with the acquisition of land held for resale, construction of major capital facilities, development and improvement of infrastructure and other public improvements in the Centre City Redevelopment Project Area.

Additionally, the Agency reports the following other governmental fund types:

Special Revenue Funds – Special revenue funds are used to account for proceeds of specific revenue sources (other than those for major capital projects) that are legally restricted to expenditures for specified purposes.

Debt Service Funds – Debt service funds are used to account for the accumulation of resources for, and the payment of, governmental activities long-term debt principal, interest, and related costs.

Capital Projects Funds – Capital projects funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities.

All nonmajor governmental funds are accounted for and reported similarly to major governmental funds.

c. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

**Government-wide financial statements** are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements have been met.

Amounts reported as program revenues include (1) operating grants and contributions and (2) capital grants and contributions. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes. As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements.

**Governmental fund financial statements** are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period.

Expenditures are recognized when the related fund liability is incurred except for principal and interest of general long-term debt which are recognized when due.

Revenues which are considered susceptible to accrual include tax increments, rents, interest and grants, provided they are received within 60 days from the end of the fiscal year. Revenue from private sources, city participation, and miscellaneous revenues are recorded as revenues when received in cash because they are generally not measurable until actually received.

d. Tax Increment Revenues

Tax Increment Revenues represent taxes collected in the Agency's redevelopment project areas from the excess of taxes levied and collected over that amount which was levied and collected in the base year (the inception year of redevelopment project areas) property tax assessment along with a provision for inflation.

The County of San Diego (the "County") assesses, bills, and collects property taxes on behalf of numerous special districts and incorporated cities, including the Redevelopment Agency of the City of San Diego. The Agency's collections of current year's taxes are received through periodic apportionments from the County.

Property owners of the City can appeal the assessment of their property to the County Assessment Appeals Board. Property's taxable values may be reduced as a result of a successful appeal of the taxable value of property determined by the County Assessor. An appeal may result in a reduction of the County Assessor's original taxable value and tax refund to the applicant property owner. The reduction in future Project Areas taxable values and the refund of taxes affects all taxing entities, including the Agency.

The County's tax calendar is from July 1 to June 30. Property taxes attach as a lien on property on January 1, are levied the following July 1, are then payable in two equal installments on November 1 and February 1, and become delinquent after December 10 and April 10, respectively. Since the passage of California's Proposition 13, beginning with fiscal year ended 1979 general property taxes are based either on a flat 1% rate applied to the 1975-76 full value of the property or on 1% of the sales price of any property sold or of the cost of any new construction after the 1975-76 valuation. Taxable values of properties (exclusive of increases related to sales and new construction) can rise a maximum of 2% per year. The Proposition 13 limitation on general property taxes does not apply to taxes levied to pay the debt service on any indebtedness approved by the voters prior to June 6, 1978 (the date of passage of Proposition 13).

At the government-wide level, Tax Increment Revenues are recognized in the fiscal year for which the taxes have been levied. For the governmental funds, Tax Increment Revenues are recognized in the fiscal year for which the taxes have been levied, provided the taxes are received within 60 days of year end. Tax Increment Revenues received after this date are not considered available as a resource that can be used to finance the current year operations of the Agency and, therefore, are recorded as deferred revenue in the governmental funds. The Agency provides an allowance for uncollected property taxes of 3% of the outstanding balance which reflects historical collections.

e. Encumbrances

Encumbrance accounting, under which purchase orders, contracts and other commitments for the expenditure of funds are recorded in order to reserve that portion of the applicable appropriation, is employed as an extension of formal budgetary control in the budgeted governmental funds.

Encumbrances outstanding at year-end are reported as reservation of fund balances since the commitments will be honored through subsequent years' continuing appropriations. Encumbrances do not constitute expenditures or liabilities for GAAP reporting purposes.

f. Equity in Pooled Cash and Investments

The Agency's Pooled Cash and Investments are part of the City's Pooled Cash and Investments. The City's cash resources are combined to form a cash and investment pool managed by the City Treasurer (the City Pool). The City Pool is not registered as an investment company with the Securities and Exchange Commission (SEC) nor is it a 2a7-like pool. The investment activities of the Treasurer in managing the Pool are governed by California Government Code § 53601 and the City's Investment Policy which is reviewed by the Investment Advisory Committee and approved annually by the City Council. Interest earned on pooled investments is allocated to participating funds and entities based upon their average daily cash balance during the allocation month. Fair value adjustments to the Pool are recorded annually; City Treasurer reports fair values on a monthly basis. The value of the shares in the Pool is equal to the fair value of the Pool.

Additionally, the Agency maintains individual accounts pursuant to bond issuances. The investment of these funds is governed by the policies set forth in individual indenture and trustee agreements.

All City investments are reported at fair value in accordance with the GASB 31, *Accounting and Financial Reporting for Certain Investments and External Investment Pools*. Deposit and investment risks are disclosed in Note 3 of the notes to the financial statements in accordance with GASB 40, *Deposit and Investment Risk Disclosures*. GASB 40 was implemented to communicate deposit and investment risks to financial statement users. Common risk disclosures include interest rate risk, credit risk, concentration of credit risk, and foreign currency risk. Note 3 also contains additional information on permissible investments per the City's Investment Policy and other policies applicable to the cash and investments reported herein.

g. Land Held for Resale

Land Held for Resale, purchased by the Agency, is reported in the government-wide and fund financial statements at the lower of cost or net realizable value. In the governmental fund financial statements, fund balances are reserved in an amount equal to the carrying value of land held for resale because such assets are not available to finance the Agency's current operations.

Land is originally recorded at historical cost and adjusted to net realizable value when the Agency enters into disposition and development agreements whereby the property will be sold for less than its historical cost, when a property is impaired or when property values decrease due to market conditions.

h. Capital Assets

Non-depreciable capital assets, which include land and construction in progress, are reported in the government-wide financial statements. Depreciable capital assets, which include structures, improvements and equipment, are reported in the government-wide financial statements net of accumulated depreciation. To meet the criteria for capitalization, the asset must have a useful life in excess of one year and in the case of capital outlay, must equal or exceed a capitalization threshold of \$5. All other capital assets such as land and structures are capitalized regardless of cost. Subsequent improvements are capitalized to the extent that they extend the initial estimated useful life of the capitalized asset or improve the efficiency or capacity of that asset. Costs for routine maintenance are expensed as incurred. Costs related to development of City infrastructure are not capitalized because these assets are maintained by the City and not the Agency. In cases where the Agency purchases land or structures for development of City infrastructure, acquisition and improvement costs are capitalized and reported as Agency capital assets until they are conveyed to the City, once the project is completed. Losses on the retirement of assets conveyed to the City are reflected in the Statement of Activities.

Capital assets, when purchased or constructed, are recorded at historical cost or estimated historical cost. Donated capital assets are recorded at the estimated fair value on the date of donation. Depreciation of capital assets is computed using the straight-line method over the estimated useful life of the asset as follows:

<u>Assets</u>	<u>Years</u>
Structures and Improvements	20-50
Equipment	3-25

i. Deferred Charges

In the government-wide financial statements, deferred charges represent the unamortized portion of bond issuance costs. These costs will be amortized over the life of the related bonds using a method which approximates the effective yield method.

j. Interfund Transactions

Interfund transactions between the Agency's governmental funds are mostly transfers of assets (such as cash or goods) without equivalent flows of assets in return.

Tax increment revenue not intended for low and moderate income housing or for tax sharing payments is originally deposited in Debt Service Funds. As expenditures are incurred in the Capital Projects Funds, cash is transferred from the Debt Service Funds to cover the expenditures.

Housing Bond Proceeds are recorded in the Low and Moderate Income Housing Funds while Redevelopment Bond Proceeds are recorded in the Capital Projects Funds. These proceeds are typically expended in the funds where they are recorded. However, they are sometimes transferred to the Debt Service Funds to satisfy a debt obligation to the City or a Developer.

k. Long-Term Liabilities

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the Statement of Net Assets. Bond premiums and discounts, bond issuance costs and bond refunding gains and losses are amortized over the life of the bonds, using a method that approximates the effective yield method. Net bonds payable reflect amortized bond accretion and unamortized bond discounts, premiums and refunding gains and losses.

l. Sundry Trust Liabilities

Under approval of certain agreements, developers submit to the Agency an initial deposit to ensure the developer proceeds diligently and in good faith to negotiate and perform all of the obligations under the agreement. These deposits can normally be used for administrative costs of the Agency. In the government-wide financial statements and in the fund financial statements, the unspent portion of these deposits, called Sundry Trust Liabilities, are reported as liabilities of the Agency.

m. Claims and Judgments

The costs of claims and judgments are accrued when incurred and measurable in the government-wide financial statements. In governmental funds, the costs of claims and judgments are recorded as expenditures when payments are made.

n. Net Assets and Fund Equity

In the government-wide financial statements, net assets are categorized as follows:

- Invested in Capital Assets, Net of Related Debt consists of capital assets, net of accumulated depreciation, and reduced by outstanding debt attributed to the acquisition of these assets.
- Restricted Net Assets consist of assets, net of any related liabilities, which have had restrictions imposed on them by external creditors, grantors, contributors, or laws or regulations of other governments or law through constitutional provisions or enabling legislation. When both restricted and unrestricted resources are available for use, it is the Agency's policy to use restricted resources first and then unrestricted resources, as they are needed.
- Unrestricted Net Assets consist of net assets that do not meet the definition of Invested in Capital Assets, Net of Related Debt or Restricted Net Assets.

In the fund financial statements, portions of fund equity of governmental funds have been reserved for specific purposes. Reservations were created to either (1) satisfy legal covenants that require a portion of the fund balance to be segregated or (2) identify the portion of the fund balance that is not appropriate for future expenditures.

Designated fund balance represents that portion of fund equity for which the Agency has made tentative plans.

Undesignated fund balance represents that portion of fund equity which is available for appropriation in future periods.

o. Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amount of certain assets and liabilities, disclosure of contingent assets and liabilities, and the related reported amounts of revenues and expenses. Actual results could differ from those estimates. Management believes that the estimates are reasonable.

p. Agreements

On March 30, 2004 the Agency entered into a Development and Disposition Agreement (DDA) with Western Pacific Housing for a condominium development project in the North Park Redevelopment Project Area. Under the agreement, the Agency promised to pay the maximum aggregate principal amount of \$3,000 of which \$2,100 represents the Affordability Component of the Agency Payment Obligation, and \$900 represents the Public Improvement Component. The Affordability Component is subject to an adjustment based on the actual project sales revenue proceeds received by Western Pacific Housing. This adjustment amount cannot be computed until all 45 affordable units are sold. The principal amount outstanding bears simple interest at a rate equal to 5% per annum. Solely for the purposes of calculating the amount of interest payable, Western Pacific Housing shall be deemed to have paid an amount equal to 25% of the Agency's Payment Obligation as of the date which is 195 days after closing of escrow, 50% as of the date which is 390 days after closing of escrow, 75% as of the date which is 585 days after closing of escrow, and 100% at the completion date, which is the date on which the release of construction covenants under the agreement have been recorded in the official records of the San Diego County. For purposes of calculating the amount of interest payable, the principal amounts stated above will be reduced by a 10% per annum applied on a pro rata basis for the period of time Western Pacific Housing is not in compliance with the schedule of performance dates stated in the agreement for commencement and completion of construction. All payments shall be made from the site-generated property tax increment. To date, the \$900 representing the Public Improvement Component of the Agency Payment Obligation has been recognized as a liability. The \$2,100 representing the Affordability Component of the Agency Payment Obligation has also been

recognized but is subject to adjustments upon final sales of all 45 affordable units and computation of any necessary adjustments pursuant to the DDA.

The Redevelopment Agency has entered into various agreements with the San Diego Housing Commission (SDHC) for the administration of programs that benefit, very low, low and moderate-income persons and families in various redevelopment project areas.

- The *Housing Enhancement Loan Program* finances up to \$25 for property rehabilitation and enhancement and an additional \$5 (subject to an annual simple interest rate of 3%) for water conserving landscape improvements and/or energy conserving improvements to eligible homeowners. The total amount of the loan and accrued interest is forgiven in 20% increments and forgiven over a ten year period upon participant's compliance with the terms and conditions of the loan agreement.
- The *Housing Rehabilitation Loan Program* finances interior and exterior improvements and health and safety hazards have a ten year deed restriction, while the exterior enhancement loans have a five year deed restriction. These loans require that the owner maintain residence in the property for at least the agreed number of years, or restricts sale of property. Loans are forgivable after the agreed term.
- The *Downtown First Time Home Buyer* program provides 30-year, zero-interest second trust deed loans of up to \$75 to eligible low and moderate income persons and families for purchase of eligible units within the Project Areas. Level monthly principal payments commence in year six. All loan proceeds, including the Agency's share of appreciation, must be deposited in the Low and Moderate Income Housing Set-Aside fund and SDHC is to use these funds for new loans.

Agency contributions to these programs are expensed at the government-wide and fund financial statements at the time the cash is transferred to the SDHC. Revenue generated by the programs are not recognized by the Agency due to the fact that they are intended to be used to finance additional loans within the programs and are not available to fund other activities. Should the Agency decide to terminate these agreements, revenue would be recognized at the time cash balances in the various programs are returned to the Agency.

q. Tax Increment Sharing Payments

Prior to the adoption of Section 33607.5 of the Redevelopment Law, a redevelopment agency was authorized to enter into an agreement to pay tax increment revenues to any taxing agency that had territory located within a redevelopment project area in an amount which, in the Agency's determination, was appropriate to alleviate any financial burden or detriment caused by the redevelopment project. These agreements normally provided for a pass-through of tax increment revenues directly to the affected taxing agency, and, therefore, are commonly referred to as "pass-through agreements".

Section 33607.5 of the Redevelopment Law repealed the provisions that enabled pass-through agreements, although existing pass-through agreements remain in place. Section 33607.5 replaces the payments from new pass-through agreements with a statutory tax increment sharing formula for all redevelopment project areas established on or after January 1, 1994 and requires statutory pass-through payments ("Statutory Pass-through Payments") to all existing taxing entities.

Section 33607.7 was subsequently added to the Redevelopment Law to provide for Statutory Pass-through Payments to affected taxing entities that do not have existing tax sharing agreements. If a redevelopment plan adopted prior to January 1, 1994 is amended to eliminate its time limit on the establishing of loans, advances and indebtedness, the amounts of Statutory Pass-through Payments under section 33607.5 are computed as follows:

- From the first fiscal year in which the Agency receives tax increment until the last fiscal year in which the Agency receives the tax increment, 25% of the tax increments are passed through to the entities (net of the 20% housing set aside).
- Commencing in the eleventh year, an additional 21% of the tax increment in excess of the tenth year tax increment is passed through to the entities (net of the 20% housing set aside).
- Commencing in the thirty first year, an additional 14% of the tax increment in excess of the thirtieth year tax increment is passed through to the entities (net of the 20% housing set aside).

The Agency records liabilities and expenditures related to tax sharing payments based on the criteria established by GASB 33. The Agency defines the applicable period for recognition as the fiscal year in which tax increment sharing payments are appropriated. Instances in which tax sharing payments are not made in the year they are appropriated result in a liability and expenditure to the Agency for that year, regardless of the timing of cash flows.

r. New Governmental Accounting Standards Implemented during Fiscal year ended June 30, 2009

The requirements for the following accounting standards are effective for the purpose of implementation, for the Agency, for fiscal year ended June 30, 2009.

In November 2006, GASB issued Statement No. 49, *Accounting and Financial Reporting for Pollution Remediation Obligations*, which addresses accounting and financial reporting standards for pollution (including contamination) remediation obligations, which are obligations to address the current or potential detrimental effects of existing pollution by participating in pollution remediation activities such as site assessments and clean ups. The Statement generally requires the government to estimate the components of expected pollution remediation outlays and determine whether outlays for those components should be accrued as a liability or, if appropriate, capitalized when goods and services are acquired. This would only be required if any one of five obligating events has occurred. If deemed appropriate, the liability will be accrued in the government-wide financial statements and included in Note 11 Contingencies. As of June 30, 2009, the Agency does not have any pollution remediation obligations.

In November 2007, GASB issued Statement No. 52, *Land and Other Real Estate Held as Investments by Endowments*, which requires endowments to report their land and other real estate investments at fair value. Governments are also required to report changes in fair value as investment income. As of June 30, 2009 the Agency does not have any endowments.

In March 2009, GASB issued Statement No. 55, *The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments*. The objective of this Statement is to identify the sources of accounting principles and the framework for selecting the principles used in the preparation of the financial statements. The GAAP hierarchy was previously included in the auditing standards of the American Institute of Certified Public Accountants (AICPA). This Statement improves financial reporting by contributing to the GASB's efforts to codify all GAAP for state and local governments so that they derive from a single source.

In March 2009, GASB issued Statement No. 56, *Codification of Accounting and Financial Reporting Guidance Contained in the AICPA Statement on Auditing Standards*. The objective of this Statement is to incorporate in the GASB authoritative literature certain accounting and financial reporting guidance presented in the AICPA Statements on Auditing Standards. The three issues addressed are related party transactions, going concern consideration, and subsequent events. This Statement does not establish new accounting standards but rather incorporates existing guidance into the GASB standards.

## 2. RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS (In Thousands)

The Governmental Funds Balance Sheet includes a reconciliation between Total Fund Equity - Governmental Funds and Total Net Assets - Governmental Activities as reported in the Government-wide Statement of Net Assets. Certain adjustments are necessary to reconcile governmental funds to governmental activities. The details of these adjustments are as follows.

- a. Explanation of certain differences between the Governmental Funds Balance Sheet and the Government-wide Statement of Net Assets:

An element of the reconciliation states, "Deferred Charges reported in governmental activities are not financial resources, and therefore, are not reported in the funds." The details of this \$9,709 difference are as follows:

Deferred Charges, net July 1, 2008	\$ 10,270
Issuance Costs	24
Amortization Expense	(585)
Net adjustment to increase Total Fund Balances – Governmental Funds to arrive at Total Net Assets of Governmental Activities	<u>\$ 9,709</u>

Another element of the reconciliation states that "Some liabilities are not due and payable in the current period and therefore are not reported in the funds." The details of this \$ (1,033,290) difference are as follows:

Liability Claims	\$ (70,560)
Bonds Payable	(561,977)
Pooled Financing Loans	(33,460)
Net Premiums and Discounts on Bond and Loan Issuances	(6,097)
Unamortized Loss on Refunding	914
Contracts Payable	(4,715)
Notes Payable	(13,086)
Loans Payable	(161,220)
Accreted Interest Payable on Bonds	(14,682)
Accrued Interest Payable on Long Term Debt	(12,161)
Accrued Interest Payable on City Loans and Notes	(156,246)
Net adjustment to decrease Total Fund Balances - Governmental Funds to arrive at Total Net Assets of Governmental Activities	<u>\$ (1,033,290)</u>

- b. Explanation of certain differences between the Governmental Funds Statement of Revenues, Expenditures, and Changes in Fund Balances and the Government-wide Statement of Activities:

The Governmental Funds Statement of Revenues, Expenditures, and Changes in Fund Balances includes reconciliation between Net Change in Fund Balances - Total Governmental Funds and Changes in Net Assets of Governmental Activities as reported in the Government-wide Statement of Activities. One element of that reconciliation explains that, "Governmental funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense." The details of this \$10,758 difference are as follows:

Capital outlay	\$ 13,651
Depreciation expense	(1,772)
Capital Assets reclassified as Fund Assets	<u>(1,121)</u>
Net adjustment to increase Net Changes in Fund Balances – Governmental Funds to arrive at Changes in Net Assets of Governmental Activities	<u><u>\$ 10,758</u></u>

Another element of the reconciliation states that “The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities.” The details of this \$3,305 difference are as follows:

Debt Issued or Incurred:	
Bond and Loan Issuance Costs	\$ 24
Net Accretion on Capital Appreciation Bonds	(1,845)
Loans Payable	(10,581)
Contracts Payable	(2,100)
Principal Repayments:	
Revenue Bonds	960
Tax Allocation Bonds	14,096
Pooled Financing Authority Loans Payable	655
Loans Payable	944
Notes Payable	876
Other Changes in Long Term Debt:	
Loan Payable Modification (See Note 5-c)	<u>276</u>
Net adjustment to increase Net Changes in Fund Balances – Total Governmental Funds to arrive at Changes in Net Assets of Governmental Activities	<u><u>\$ 3,305</u></u>

Another element of the reconciliation states that “Some expenses reported in the Statement of Activities do not require the use of current financial resources, and therefore are not accrued as expenses in governmental funds.” The details of this \$(83,134) difference are as follows:

Change in Liability Claims	\$ (70,560)
Change in Accrued Interest on Long-Term Debt	(1,131)
Change in Accrued Interest on City Note and Loans	(10,952)
Amortization of Bond Issuance Costs	(585)
Amortization of Bond Premiums, Discounts and Deferred Charges on Refunding	<u>94</u>
Net adjustment to decrease Net Changes in Fund Balances – Total Governmental Funds to arrive at Changes in Net Assets of Governmental Activities	<u><u>\$ (83,134)</u></u>

**3. CASH AND INVESTMENTS (In Thousands)**

The following is a summary of the carrying amount of the Agency’s cash and investments:

	Governmental Activities
Cash or Equity in Pooled Cash and Investments	\$ 539,984
Cash and Investments with Fiscal Agent	82,762
Investments at Fair Value	97,222
	<hr/>
Total	<u>\$ 719,968</u>

a. Cash or Equity in Pooled Cash and Investments

The Agency participates in the City’s Pooled Cash and Investments. Cash or Equity in Pooled Cash and Investments represents petty cash, cash at the bank in demand Pool deposit and/or savings accounts, and cash in escrow for contract retention payables. Furthermore, it represents equity in pooled cash and investments. The Agency does not own identifiable investment securities of the Pool; rather, it participates as a shareholder of the Pool. It does however, own identifiable investments which are not part of the Pool and are managed by the City Treasurer.

b. Cash and Investments with Fiscal Agent

Cash and Investments with Fiscal Agents represents cash and investments held by fiscal agents resulting from bond issuances. More specifically, these funds represent reserves held by fiscal agents or trustees as legally required by bond issuances and liquid investments held by fiscal agents or trustees which are used to pay debt service.

c. Investments at Fair Value

Investments at Fair Value represent investments managed by the City Treasurer which are not part of the City’s Pooled Cash and Investments.

d. Investment Policy

**City of San Diego Investment Policy**

In accordance with City Charter Section 45 and under authority annually approved by the City Council, the City Treasurer is responsible for the safekeeping and investment of the unexpended cash in the City Treasury according to the City’s Investment Policy (the “Policy”). This Policy applies to all of the investment activities of the City except for the pension trust funds, the proceeds of certain debt issues, which are managed and invested at the direction of the City Treasurer in accordance with the applicable indenture or by Trustees appointed under indenture agreements or by fiscal agents, and the assets of trust funds, which are placed in the custody of the Funds Commission by Council ordinance.

City staff reviews the Policy annually and may make revisions based upon changes to the California Government Code and the investment environment. These suggested revisions are presented to the Investment Advisory Committee (IAC) for review and comments. The IAC consists of two City representatives and three outside financial professionals with market and portfolio expertise not working for the City of San Diego. The City Council reviews the Policy and considers approval on an annual basis.

The IAC evaluates the horizon returns, risk parameters, security selection, and market assumptions the City’s investment staff is using when explaining the City’s investment returns. The IAC also meets semi-annually to review the previous two quarters’ investment returns and make recommendations to the City Treasurer on proposals presented to the IAC by the Treasurer’s staff.

The Policy is governed by the California Government Code (CGC), Sections 53600 et seq. The following table presents the authorized investments, requirements, and restrictions per the CGC and the City Policy:

Investment Type	Maximum Maturity (1)		Maximum % of Portfolio		Maximum % with One Issuer		Minimum Rating	
	CGC	City Policy	CGC	City Policy	CGC	City Policy	CGC	City Policy
	U.S. Treasury Obligations (bills, bonds, or notes)	5 years	5 years	None	None	None	None	None
U.S. Agencies	5 years	5 years	None	(2)	None	(2)	None	None
Bankers' Acceptances (6)	180 days	180 days	40%	40%	30%	10%	None	(3)
Commercial Paper (6)	270 days	270 days	25%	25%	10%	10%	P1	P1
Negotiable Certificates (6)	5 years	5 years	30%	30%	None	10%	None	(3)
Repurchase Agreements	1 year	1 year	None	None	None	None	None	None
Reverse Repurchase Agreements (4)	92 days	92 days	20%	20%	None	None	None	None
Local Agency Investment Fund	N/A	N/A	None	None	None	None	None	None
Non-Negotiable Time Deposits (6)	5 years	5 years	None	25%	None	10%	None	(3)
Medium Term Notes/Bonds (6)	5 years	5 years	30%	30%	None	10%	A	A
Municipal Securities of California Local Agencies (6)	5 years	5 years	None	20%	None	10%	None	A
Mutual Funds	N/A	N/A	20%	5%	10%	None	AAA	AAA
Notes, Bonds, or Other Obligations	5 years	5 years	None	None	None	None	None	AA
Mortgage Pass-Through Securities	5 years	5 years	20%	20%	None	None	AA	AAA
Financial Futures (5)	N/A	None	None	None	None	None	None	None

Footnotes:

- (1) In the absence of a specified maximum, the maximum is 5 years.
- (2) No more than one-third of the cost value of the total portfolio at time of purchase can be invested in the unsecured debt of any one agency.
- (3) Credit and maturity criteria must be in accordance per Section X of the City's Investment Policy.
- (4) Maximum % of portfolio for Reverse Repurchase Agreements is 20% of base value.
- (5) Financial futures transactions would be purchased only to hedge against changes in market conditions for the reinvestment of bond proceeds.
- (6) Investment types with a 10% maximum with one issuer are further restricted per the City's Investment Policy: 5% per issuer and an additional 5% with authorization by City Treasurer.

According to the Policy, the City may enter into repurchase and reverse repurchase agreements only with primary dealers of the Federal Reserve Bank of New York with which the City has entered into a master repurchase agreement.

Additionally, the Policy authorizes investment in other specific types of securities. The City may invest in floating rate notes with coupon resets based upon a single fixed income index (which would be representative of an eligible investment), provided that security is not leveraged. Structured notes issued by U.S. government agencies that contain imbedded calls or options are authorized as long as those securities are not inverse floaters, range notes, or interest only strips derived from a pool of mortgages. A maximum of 8% of the "cost value" of the pooled portfolio may be invested in structured notes.

In fiscal year 2009, the City invested \$15 million as part of the Certificate of Deposit Account Registry Service (CDARS). The CDARS investment was deposited with two institutions, \$5 million with Neighborhood National Bank and \$10 million with First Business Bank. Under the City Treasurer's Investment Policy, this type of investment is subject to a 1% limit of total portfolio value for the City's pooled investments. The CDARS investment program is permissible per the California Government Code (CGC), Section 53601.8, and is subject to a 30% limit of total portfolio value.

Ineligible investments prohibited from use in the portfolio include, but are not limited to, common stocks and long-term corporate notes/bonds. A copy of the investment Policy can be requested from the City Treasurer, 1200 3rd Avenue, Suite 1624, San Diego, CA 92101.

## Other Investment Policies

The City and its component units, including the Agency, have funds invested in accordance with various bond indenture and trustee agreements. . The investment of these bond issuances is in accordance with the Permitted Investments section and applicable account restrictions outlined in the Indenture of each bond issuance. The Permitted Investments section in each Indenture will vary based upon the maturity, cash flow demands and reserve requirements associated with each issuance. In general, the Permitted Investments section of each Indenture will closely resemble the City Treasurer's Investment Policy, but may include certain investment options not authorized by applicable law for the City Treasurer's Investment Policy (CGC §53601). Copies of the individual bond indentures can be requested from the City Treasurer's Investment Division, 1200 3rd Avenue, Suite 1624, San Diego, CA 92101.

### e. Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Market or interest-rate risk for the City's pooled investments is intended to be mitigated by establishing two portfolios, a liquidity portfolio and a core portfolio. Target durations are based upon the expected short and long-term cash needs of the City. The liquidity portfolio is structured with an adequate mix of highly liquid securities and maturities to meet major cash outflow requirements for at least six months (per CGC Section 53646). The liquidity portfolio uses the Merrill Lynch 3-6 months Treasury Index as a benchmark with duration of plus or minus 40% of the duration of that benchmark.

The core portfolio uses the Merrill Lynch 1-3 years Treasury Index as a benchmark with a duration of plus or minus 20% of the duration of that benchmark. It consists of high quality liquid securities with a maximum maturity of 5 years and is structured to meet the longer-term cash needs of the City. Information about the sensitivity of the fair value of the Agency's investments to market interest rate fluctuations is presented in the table below.

	Maturity in Years				Fair Value
	Under 1	1-3	3-5	Over 5	
<u>Cash or Equity in</u>					
City Pooled Cash & Investments <sup>1</sup>	\$ -	\$ 539,984	\$ -	\$ -	\$ 539,984
<u>Non-Pooled Investments with</u>					
<u>City Treasurer:</u>					
US Treasury Bills	88,041	-	-	-	88,041
US Treasury Notes & Bonds	2,089	-	-	-	2,089
US Agency Discount Notes	7,092	-	-	-	7,092
Subtotal - Non-Pooled Investments	97,222	-	-	-	97,222
<u>Investments with Fiscal Agent:</u>					
US Treasury Bills	23,596	-	-	-	23,596
US Treasury Notes & Bonds	8,894	-	-	-	8,894
US Agency Notes & Bonds	1,467	-	-	-	1,467
Money Market Mutual Funds	48,805	-	-	-	48,805
Subtotal - Investments with Fiscal Agent	82,762	-	-	-	82,762
Total Investments or Cash in City Pooled Cash	\$ 179,984	\$ 539,984	\$ -	\$ -	719,968

<sup>1</sup> As of June 30, 2009, the City Pooled Cash and Investments weighted average maturity was 511.28 days.

f. Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. At June 30, 2009, the Agency's investments and corresponding credit ratings are as follows:

	<u>Moody's Rating</u>	<u>S&amp;P</u>	<u>Fair Value</u>	<u>Percentage</u>
<u>Cash or Equity in</u>				
<u>City Pooled Cash &amp; Investments</u>	Not Rated	Not Rated	\$ 539,984	100.00%
<u>Non-Pooled Investments with</u>				
<u>City Treasurer:</u>				
US Treasury Bills	Exempt	Exempt	88,041	90.56%
US Treasury Notes & Bonds*	Exempt	Exempt	2,089	2.15%
US Agencies - Federal National Mortgage Association	P1	N/A	7,092	7.29%
Subtotal - Non-Pooled Investments			<u>97,222</u>	<u>100.00%</u>
<u>Investments with Fiscal Agent</u>				
<u>and Other Investments:</u>				
US Treasury Bills	Exempt	Exempt	23,596	28.51%
US Treasury Notes & Bonds	Exempt	Exempt	8,894	10.75%
US Agencies - Federal National Mortgage Association	P1	N/A	1,467	1.77%
Money Market Mutual Funds	Aaa	N/A	48,805	58.97%
Subtotal - Other Investments			<u>82,762</u>	<u>100.00%</u>
Total Cash and Investments			<u>\$ 719,968</u>	

"N/A" - S&P rating not applicable, Moody's rating provided.

"Not Available" - Bloomberg credit history did not have Moody's ratings, only S&P ratings.

"Exempt" - Per GASB 40, US Treasury Obligations do not require disclosure of credit quality.

g. Concentration of Credit Risk

Concentration of credit risk is the risk of loss attributed to the relative size of an investment in a single issuer. Investments issued explicitly guaranteed by the U.S. government and investments in mutual funds, external investment pools, and other pooled investments are exempt. At June 30, 2009, more than 5% of the Agency's investments are with the Federal National Mortgage Association.

h. Custodial Credit Risk

At June 30, 2009, all of the Agency's cash and investments were part of the City's Pool, held by fiscal agents or invested by the City Treasurer outside of the City Pool. None of the Agency's cash and investments are uninsured and unregistered, with securities held by a counterparty, or by its trust department or agent but not in the Agency's name.

**4. CAPITAL ASSETS (In Thousands)**

Capital asset activity for the year ended June 30, 2009, was as follows:

	Beginning Balance	Increases	Decreases	Ending Balance
<b>Governmental Activities:</b>				
Non-Depreciable Capital Assets:				
Land	\$ 110,907	\$ 13,651	\$ (1,121)	\$ 123,437
Total Non-Depreciable Capital Assets	<u>110,907</u>	<u>13,651</u>	<u>(1,121)</u>	<u>123,437</u>
Depreciable Capital Assets:				
Structures and Improvements	69,732	-	-	69,732
Equipment	<u>819</u>	<u>-</u>	<u>-</u>	<u>819</u>
Total Depreciable Capital Assets	<u>70,551</u>	<u>-</u>	<u>-</u>	<u>70,551</u>
Less Accumulated Depreciation for:				
Structures and Improvements	(3,630)	(1,744)	-	(5,374)
Equipment	<u>(723)</u>	<u>(28)</u>	<u>-</u>	<u>(751)</u>
Total Accumulated Depreciation	<u>(4,353)</u>	<u>(1,772)</u>	<u>-</u>	<u>(6,125)</u>
Total Depreciable Capital Assets, Net	<u>66,198</u>	<u>(1,772)</u>	<u>-</u>	<u>64,426</u>
Governmental Activities Capital Assets, Net	<u>\$ 177,105</u>	<u>\$ 11,879</u>	<u>\$ (1,121)</u>	<u>\$ 187,863</u>

Depreciation expense was charged to the Neighborhood Services governmental activities function in the amount of \$ 1,772.

In the current fiscal year, land purchases for the development of parks in the Centre City Project Area resulted in an increase in the Agency's capital assets of \$13,651. Land purchases and related costs of \$8,742 were related to the development of the East Village Green Park site and \$4,909 for the development of Saint Joseph's Park. These additions were offset by a decrease of \$1,121 in land related to the Skateworld property in the Linda Vista Project Area resulting from the reclassification of land from capital assets to land held for resale. The property was reclassified due to the fact that the Agency intends to sell the property and will no longer continue to lease it.

## 5. GOVERNMENTAL ACTIVITIES LONG-TERM DEBT (In Thousands)

### a. Long-Term Liabilities

Governmental activities long-term debt consists of revenue bonds, tax allocation bonds, contracts payable, notes payable, and loans payable. A summary of these obligations as recorded in the government-wide Statement of Net Assets as of June 30, 2009, is as follows:

<u>Type of Obligation</u>	<u>Interest Rates</u>	<u>Fiscal Year Maturity Date</u>	<u>Original Amount</u>	<u>Balance Outstanding June 30, 2009</u>
<b>Liability Claims</b>				\$ 70,560
<b><u>Revenue Bonds:</u></b>				
Centre City Parking Revenue Bonds, Series 1999 A	4.5-6.4% <sup>1</sup>	2026	\$ 12,105	9,860
Centre City Parking Revenue Bonds, Series 2003 B	3.0-5.3 <sup>1</sup>	2027	20,515	17,570
<b>Total Revenue Bonds</b>			<u>32,620</u>	<u>27,430</u>
<b><u>Tax Allocation Bonds:</u></b>				
Gateway Center West Redevelopment Project Tax Allocation Bonds, Series 1995	7.8-9.75 <sup>1</sup>	2014	1,400	580

<b>Total Accrued Interest Payable</b>				<u>156,246</u>
<b>Total Governmental Activities</b>			<u>\$ 847,649</u>	<u>\$ 1,001,264</u>

<sup>1</sup> Interest rates are fixed, and reflect the range of rates for various maturities from date of issuance to maturity.

<sup>2</sup> The City Heights Tax Allocation Bonds, Series 1999 B, are capital appreciation bonds, which mature from fiscal year 2011 through 2029. The balance outstanding at June 30, 2009 does not include accreted interest of \$7,695.

<sup>3</sup> The Centre City Tax Allocation Bonds, Series 2001 A, partially include capital appreciation bonds, which mature from fiscal year 2015 through 2027. The balance outstanding at June 30, 2009 does not include accreted interest of \$6,987.

<sup>4</sup> San Diego State University Foundation executed an Agreement for Processing a Redevelopment Plan and Land Use Entitlements with the Redevelopment Agency of the City of San Diego which allows for reimbursement of expenses incurred by the Foundation, in assisting in the preparation and processing of the Redevelopment Plan and Land Use Entitlements in the College Area. The agreement is a variable rate obligation of the Agency. The unpaid principal bears interest at the prime rate and is fixed on a quarterly basis, using the prime rate established on the first banking day of each calendar quarter. Interest calculations are payable on the quarterly weighted average of the principal balance and are made at the end of the quarter based upon the rate fixed for that quarter. The interest rate is not to exceed 12 percent per annum on funds advanced to the Agency. The effective interest rate as of June 30, 2009 is 3.25 percent (also see page 68, Note 12 - Subsequent Events).

<sup>5</sup> Loans Payable includes a line of credit executed by the Redevelopment Agency of the City of San Diego with Bank of America, N.A. on October 31, 2006. The line of credit is to be used to refinance the North Park Theatre, to pay sums of settlement of eminent domain actions relating to the North Park Redevelopment Area and for other redevelopment activities in the North Park Redevelopment Area. The tax-exempt portion of the line of credit has an effective interest rate of 3.23 percent and the taxable portion has an effective interest rate of 4.75 percent as of June 30, 2009 and the effective interest rate will reset on October 31, annually.

<sup>6</sup> Loans Payable also includes six separate non-revolving secured three-year term lines of credit executed by RDA with San Diego National Bank dated July 26, 2007. Four lines of credit are for affordable housing in North Park, City Heights, North Bay and Naval Training Center (NTC) Redevelopment Project Areas. Two lines of credit are for non-housing or general purposes for City Heights and NTC Redevelopment Project Areas. Each advance taken from the lines of credit has a fixed rate that is set on the day of the advance to be equal to either the United States Three-Year Treasury Constant Maturities Index plus one and nine-tenths percentage point or the One-Month LIBOR Rate plus one and one-tenth percentage point and that rate remains constant during the entire period such advance is outstanding.

<sup>7</sup> The City of San Diego has loaned funds to the Redevelopment Agency to carry out and implement redevelopment activities which are expected to generate future tax increment revenues. The basis for computation of interest on these loans is based on the Prime Rate as printed in the Wall Street Journal on the first Monday following January 1 of the calendar year in which the fiscal year begins plus 2 percent on the outstanding principal loan balance only. The Prime Rate on January 1, 2008 was 7.25 percent.

<sup>8</sup> Interest on City Loans and Notes is not compounded.

b. Amortization Requirements

The debt service for tax allocation bonds are paid from tax increment from the project area and the bonds are secured from the tax increment of the project area. The debt service for revenue bonds are secured and paid first from the revenue generated by certain public parking facilities operated by the City pursuant to a Parking Structure Operating Agreement between the City and the Agency. In the event that the operating revenues are insufficient to pay the debt service, parking meter revenue and tax increment have been pledged as additional security for the bonds.

The annual requirements to amortize the Agency's long-term debt outstanding as of June 30, 2009, including interest payments to maturity, are as follows:

Year Ending June 30, 2009	Revenue Bonds		Tax Allocation Bonds			Pooled Financing Authority Loans	
	Principal	Interest	Principal	Unaccrued Appreciation	Interest	Principal	Interest
2010	\$ 995	\$ 1,463	\$ 19,054	\$ 2,163	\$ 26,620	\$ 680	\$ 1,883

\*The contract payable to San Diego State University Foundation in the amount of \$1,715, contract payable to Western Pacific Housing, Inc. in the amount of \$3,000, notes payable to the Price Charities in the amount of \$4,786, note payable to the City in the amount of \$8,300, loan payable to Centerpoint, LLC in the amount of \$4,969, loans payable to the California Housing Financing Agency in the amount of \$1,250, loans payable to the City in the amount of \$118,467 and accrued interest associated with Contracts, Loans and Notes of \$160,102 do not have annual repayment schedules. Annual payments to Western Pacific Housing, Inc. and Price Charities debt are based on available tax increment. Annual payments to Centerpoint, LLC debt are based upon future receipts of unallocated tax increment or other available sources. Principal and accrued interest payable on City Loans are payable when practicable.

c. Changes in Long-Term Liabilities

The following is a summary of changes in governmental activities long-term liabilities for the year ended June 30, 2009. The effect of bond accretion, bond premiums, discounts, and deferred amounts on bond refunds are amortized as adjustments to long-term liabilities.

	Balance, July 1, 2008	Additions	Reductions	Balance, June 30, 2009	Due Within One Year
Liability Claims	\$ -	\$ 70,560	\$ -	\$ 70,560	\$ -
Revenue Bonds	28,390	-	(960)	27,430	995
Less deferred amounts:					
For Issuance Discounts	(93)	-	5	(88)	-

Net Tax Allocation Bonds	566,475	2,080	(14,416)	554,139	19,054
Pooled Financing Authority Loans	34,115	-	(655)	33,460	680
Less/Plus deferred amounts:					
For Issuance Premiums/Discounts	375	-	(14)	361	-
Net Pooled Financing Authority Loans	34,490	-	(669)	33,821	680
Contracts Payable	2,615	2,100	-	4,715	-
Notes Payable	13,962	-	(876)	13,086	-
Loans Payable	151,859	10,581	(1,220)	161,220	8,561
Interest Accrued on City Note and Loans	145,294	11,777	(825)	156,246	-
Total	\$ 942,992	\$ 97,098	\$ (18,961)	\$ 1,021,129	\$ 29,290

The Agency drew \$6,931 and \$2,000 in loan proceeds from the San Diego National Bank lines of credit for the Naval Training Center and North Park project areas respectively. In addition, the Agency received \$1,250 from the California Housing Financing Agency for development of affordable housing in the North Bay project area. Also, a \$400 City Loan repayment from Southcrest was re-loaned to the Gateway Center West project area. Moreover, the Agency recognized the affordable housing component of the obligation to Western Pacific Housing, pursuant to a disposition and development agreement, increasing Contracts Payable by \$2,100. In addition, accrued interest on outstanding City loans and notes increased by \$10,709 and \$1,068 respectively. These increases were offset by interest payments of \$825.

In the current fiscal year, the Agency entered into a third implementation agreement with Centerpoint, LLC which converted the project from the sale of residential dwelling units to rental residential dwelling units. Due to the reduction in development costs, the amount of the loan was reduced from \$5,245 to \$4,969. The corresponding liability has been reduced from the Statement of Net Assets.

In the current fiscal year, the Agency entered into a settlement agreement with the County of San Diego (the "County") and Atomic Investments, Inc. related to a San Diego Superior Court Case seeking to invalidate the Redevelopment Plan for the Grantville Redevelopment Project Area. The settlement agreement resulted in an increase to liability claims of \$70,560 (see note 10, page 65).

d. Defeasance and Redemption of Debt

As of June 30, 2009, principal amounts payable from escrow funds established for defeased bonds are as follows:

Defeased Bonds	Amount Outstanding
Central Imperial Redevelopment Project Tax Allocation Bonds, Series 2000	\$ 2,975
Southcrest Redevelopment Project Tax Allocation Bonds, Series 2000	1,520
<b>Total Defeased Bonds Outstanding</b>	<b>\$ 4,495</b>

e. Long-Term Pledged Liabilities

In September 2006, GASB issued Statement No. 48, *Sales and Pledges of Receivables and Future Revenues and Intra-Entity Transfers of Assets and Future Revenues*. Governments sometimes exchange an interest in their expected cash flows from collecting specific receivables or specific future revenues for immediate cash payments—generally, a single lump sum. The disclosures pertaining to future revenues that have been pledged or sold are intended to provide financial statement users with information about which revenues will be unavailable for other purposes and how long they will continue to be so.

Governmental long-term pledged liabilities as of June 30, 2009 are comprised of the following:

Type of Pledged Revenue	Fiscal Year Maturity Date	Pledged Revenue to Maturity	Debt Principal & Interest Paid	Pledged Revenue Received
<b><u>Pledged Net Operating Revenue (Parking):</u></b>				
Centre City Parking Revenue Bonds, Series 1999 A	2026	\$ 16,065	\$ 957	\$ 953
Centre City Parking Revenue Bonds, Series 2003 B	2027	26,879	1,508	1,390
<b>Total Pledged Net Operating Revenue (Parking)</b>		<b>42,944</b>	<b>2,465</b>	<b>2,343</b>
<b><u>Pledged Tax Increment Revenue:</u></b>				
<b><u>Bonds</u></b>				
Gateway Center West Redevelopment Project Tax Allocation Bonds, Series 1995	2014	\$ 732	\$ 145	\$ 145

<sup>1</sup> Proceeds received by the City were loaned to the Agency and are reflected as part of City Loans Payable in other sections of the report. Tax Increment revenue from the Naval Training Center Project Area was pledged for repayment of this obligation.

## 6. INTERFUND RECEIVABLES, PAYABLES, AND TRANSFERS (In Thousands)

Interfund transfers result from the transfer of assets without the expectation of repayment. In the case of the Agency, transfers are most commonly used to move revenues from the fund in which they are collected to the fund in which they are expended. Interfund transfers for year ended June 30, 2009 are as follows:

Contributing Fund (Transfer Out)	Benefiting Fund (Transfer In)				
	Centre City Special Revenue Other	Centre City Debt Service	Centre City Capital Projects	Other Governmental Funds	Total Governmental Funds
Centre City Special Revenue Low-Mod	\$ -	\$ 15,393	\$ -	\$ -	\$ 15,393
Centre City Special Revenue Other	-	2,344	-	-	2,344
Centre City Debt Service	28,688	-	9,571	-	38,259
Centre City Capital Projects	-	44	-	-	44
Other Governmental Funds	-	-	-	28,237	28,237
Total Governmental Funds	<u>\$ 28,688</u>	<u>\$ 17,781</u>	<u>\$ 9,571</u>	<u>\$ 28,237</u>	<u>\$ 84,277</u>

## 7. RISK MANAGEMENT (In Thousands)

The Agency is exposed to various risks and losses related to torts, including theft of, damage to, and destruction of assets, errors and omissions, and natural disasters. The Agency maintains contracts with various insurance companies to manage excessive risks and typically requires indemnification and insurance coverages in all contracts with its business partners.

The Agency does not directly employ management or staff. Rather, the business of the Agency is performed under contract with the City, CCDC, and SEDC. Each entity maintains insurance programs for workers compensation and employee injury risk as well as employee benefits plans.

The Agency maintains liability insurance for its own benefit and for the benefit of CCDC and SEDC for general liability, automobile liability, public officials liability, directors and officers liability, employment practices liability, and employee benefit liability. The Agency also carries crime and property insurance and earthquake insurance for designated buildings and structures.

There have been no significant reductions in these coverages in the past three fiscal years and there have been no settlements that exceeded the coverages in the past three fiscal years. The Agency, retains no significant risk of loss related to in any of the above referenced coverages.

## 8. FUND DEFICIT (In Thousands)

Fund	Net Deficit
Barrio Logan Capital Projects	\$ (13)
College Community Capital Projects	(529)
College Grove Capital Projects	(101)

All of the deficits can be attributed to timing of inflows of financial resources. Most expenditures in Capital Projects Funds are reimbursed from Special Revenue Funds through transfers at the time cash is disbursed. In the case of these funds, expenditures related to City services have been accrued in the Capital Projects Funds and will be reimbursed at the time of payment the following year.

## 9. RELATED PARTY TRANSACTIONS (In Thousands)

During the year ended June 30, 2009 the Agency received \$400 in loan proceeds from the City to be used for redevelopment activities in the Gateway Center West Project Area. This loan was funded by a principal payment of \$181 and accrued interest of \$219 on a sales tax City loan made to the Southcrest Project Area in prior years.

Loan repayments to the City also included a principal payment of \$161 and related interest of \$123 by the City Heights Project Area and a principal payment of \$213 and related interest of \$296 by the NTC project area. Both payments were made according to Section 108 loan debt service schedules. Also, The City Heights project area made a principal payment of \$362 and related interest of \$187 to the City State Route 274 and State Route 209 infrastructure fund for a property sold to the Agency in prior years in exchange for debt.

During the year ended June 30, 2009 the Agency received participation revenue from the City totaling \$11,677. Of the total, \$11,514 was received for activities in the Centre City Project Area, of which approximately \$4,749 was associated with reimbursements of costs by the City, from Development Impact Fees, for eligible land costs related to St. Josephs Park. In addition, approximately \$3,864 was associated with transfers of parking revenue to the Agency for debt service payments related to parking revenue bonds and for other downtown parking projects. Also, the Centre City Project Area received \$2,901 in federal and state transportation grants awarded to the City for the construction of the Park Boulevard at Harbor Drive Pedestrian Bridge project. The City Heights Project Area received \$163 in participation revenue resulting from the return of unspent contributions for capital improvement projects transferred to the City in prior years.

During the year ended June 30, 2009, the Agency's participation in City activities totaled \$20,297. The Agency contributed \$3,520 for City Capital Improvement Projects in various project areas. In addition, the Agency incurred \$4,776 for planning services provided by the City related to the Barrio Logan, Grantville, North Bay and San Ysidro project areas. Also, the Centre City contributed \$11,315 in tax increment funds for the satisfaction of the City's debt service obligations related to the Ballpark Lease Revenue Bonds, Series 2007A. In addition, the Agency transferred program income of \$465 related to a residential project in the Centre City Project Area partly funded with Community Development Block Grant funds. The Agency also contributed \$137 for the transitional housing program and \$84 to fund a performance audit of SEDC.

In the current fiscal year, the Agency contributed affordable housing funds of approximately \$1,911 for loan programs administered by the San Diego Housing Commission designed to assist low and moderate income persons and families with property rehabilitation and first time home buyer financing.

The Agency does not directly employ management or staff. The redevelopment project areas are overseen by the Redevelopment Division of the City's City Planning and Community Investment Department and two independent corporations, CCDC and SEDC. These activities are carried out pursuant to operating agreements with both the City and the Agency under which the City and the Agency agree to reimburse CCDC, SEDC and the Redevelopment Division for all eligible costs incurred in connection with such activities. These costs include the annual required contribution for the pension and other post employment benefits incurred by Redevelopment Division staff as well as payments made by CCDC and SEDC towards the defined contribution plans of its employees.

Pursuant to these operating agreements, the Agency provides a working capital advance to CCDC and SEDC to be deposited in an account with a commercial bank designated by each corporation as its depository. The corporations then draw funds to pay for eligible expenses incurred in connection with services rendered. At the end of each calendar month, the corporations submit to the Agency a voucher for the total of eligible expenses paid out of the account during the previous calendar month. Upon approval by the City, the corporations are reimbursed for these expenses. Similarly, costs for services incurred under the operating agreement with the Redevelopment Division of the City are initially recorded in the Redevelopment Division Administrative Fund and reimbursed by the Agency on a periodic basis upon receipt of a statement of expenses.

The following table reflects the reimbursements made during the current fiscal year:

	<u>Amount</u>
Centre City Development Corporation	\$ 8,295
Southeastern Economic Development Corporation	2,304
City Redevelopment Division	<u>3,065</u>
Total	<u>\$ 13,664</u>

## 10. COMMITMENTS AND LITIGATION SETTLEMENT (In Thousands)

### BALLPARK COOPERATION AGREEMENT

On February 22, 2000 the Agency entered into a Ballpark Cooperation Agreement (the "Agreement") between the Agency and the City which authorized the Agency to pay for and implement certain activities for the development of the Baseball Park and Related Improvements. The development of the Baseball Park was financed with downtown redevelopment funds, City funds and private funding by the Padres. The City issued Lease Revenue Refunding Bonds, Series 2007A (Ballpark Bonds) to facilitate the financing of the Ballpark, of which, as of June 30, 2009, \$149,930 remained outstanding, with an annual debt service of approximately \$11,300. On March 20, 2009, the Agency Board and the City Council approved an amendment to the Agreement to provide for payment of additional funds by the Agency up to \$56,597, from Centre City Project Area tax increment funds, towards debt service of the Ballpark Bonds for fiscal years 2009-2013.

### GRANTVILLE SETTLEMENT AGREEMENT

In the current fiscal year, the Agency entered into a settlement agreement with the County of San Diego (the "County") and Atomic Investments, Inc. related to a San Diego Superior Court Case seeking to invalidate the Redevelopment Plan for the Grantville Redevelopment Project Area. The settlement agreement provides that the Agency, through CCDC, will pay \$31,360 to the County in thirty-nine (39) annual payments commencing in fiscal year 2011-2012 to fund a portion of the cost of the construction of the North Embarcadero Project Improvements, as defined by the agreement. The settlement agreement also provides that the Agency will use land disposition proceeds and tax increment funds of the Grantville Redevelopment Project Area to pay \$31,360 to the City in thirty-nine (39) annual payments commencing in fiscal year 2011-2012 to fund certain Transit Line Improvements in downtown San Diego. Finally, the settlement agreement provides that the Agency will pay \$7,840 to the County to fund a portion of certain Joint Projects that benefit the Grantville Redevelopment Project Area and the County commencing in fiscal year 2011-2012.

## 11. CONTINGENCIES (In Thousands)

### FEDERAL AND STATE GRANTS

The City recognizes as revenue grant monies received as reimbursement for costs incurred in certain Federal and State programs it administers. Although the City's Federal grant programs are audited in accordance with the requirements of the Federal Single Audit Act of 1984, the Single Audit Act Amendments of 1996 and the related U.S. Office of Management and Budget Circular A-133, these programs may be subject to financial and compliance audits by the reimbursing agencies. The amount, if any, of expenditures which may be disallowed by the granting agencies cannot be determined at this

time. The Single Audit for fiscal year 2008 was completed by Macias Gini & O'Connell LLP. The Single Audit for fiscal year 2009 is in process.

The Office of the Inspector General (OIG) audited the City's Community Development Block Grant (CDBG) program, specifically CDBG loans to the Agency, and on December 30, 2008, OIG issued its audit report to HUD, Office of Community Planning and Development (OPD). In addition to other findings, OIG determined that the City failed to execute loan agreements and repayment schedules for the CDBG loans issued to RDA that include a principal balance of \$63,073 and an accumulated interest of approximately \$76,129 totaling \$139,202 in loans outstanding. The OIG audit report recommended that HUD require the City to execute written interagency agreements and loan agreements with the Agency for these outstanding loan amounts. The City is currently in discussions with HUD on the audit findings and any actions HUD may require of the City, including the possible repayment by the City of certain CDBG funds and that HUD could forgive a portion of the accumulated interest so that repayment of the loans would not adversely impact the Agency's project areas. Depending on the outcome of the City's negotiations with HUD, repayment of the loans by the Agency could impact the Agency's liquidity. The impact on liquidity could vary widely by project area whereby some project areas could experience little to no impact, other project areas could experience moderate impact, and other project areas could experience extensive impact to the point of potentially affecting the project areas' fundamental capacity to operate. These loans are reported as a component of loans payable and accrued interest payable to the City in the long-term liabilities footnote of this report with an "unscheduled" maturity date (see note 5).

#### CONTINUING DISCLOSURE OBLIGATIONS

The Agency, in connection with all bond offerings since the effective date (July 1995) of the continuing disclosure requirements of SEC Rule 15c2-12, has contractually obligated itself to provide annual financial information, including audited financial statements, within certain specified time periods (generally nine months) after the end of each fiscal year. The Agency has not been able to satisfy all contractual obligations to provide to the national repositories audited financial statements, or financial information and operating data, for fiscal years 2003 through 2009, on a timely basis. For each respective bond issuance, the Agency, as required by its continuing disclosure contractual obligations, provided to the national repositories a notice of the failure to file the audited annual financial statements information. In certain cases notices of failure to file were filed significantly after such filings were due.

#### LITIGATION AND REGULATORY ACTIONS

The Agency is a defendant in lawsuits pertaining to material matters, including claims asserted which are incidental to performing routine governmental and other functions. This litigation includes but is not limited to: actions commenced and claims asserted against the Agency arising out of alleged torts; alleged breaches of contracts; alleged violations of law; and condemnation proceedings.

Estimates of the liabilities for unsettled claims are reported in the Government-Wide Statement of Net Assets. The liability is estimated by categorizing the various claims and supplemented by information provided by the City Attorney, as well as outside counsel, with respect to certain large individual claims and proceedings. The recorded liability is the Agency's best estimate based on available information. In the current fiscal year there were no liabilities reported in the Government-Wide Statement of Net Assets.

Significant individual lawsuits are described below.

##### Betty Jones v. San Diego Redevelopment Agency

This case concerns an allegation of personal injury due to a trip and fall in a City park. In the event of an adverse ruling, the liability facing the City is estimated to be in the range of \$0 - \$2,000.

## SERAF OBLIGATIONS TO STATE OF CALIFORNIA

On July 24, 2009, the State Legislature passed Assembly Bill (AB) 26 4x, which requires redevelopment agencies statewide to deposit a total of \$2.05 billion of property tax increment in county "Supplemental" Educational Revenue Augmentation Funds (SERAF) to be distributed to meet the State's Proposition 98 obligations to schools. The SERAF revenue shift of \$2.05 billion will be made over two years, \$1.7 billion in fiscal year 2010 and \$350 million in fiscal year 2011. The SERAF would then be paid to school districts and the county offices of education which have students residing in redevelopment project areas, or residing in affordable housing projects financially assisted by a redevelopment agency, thereby relieving the State of payments to those schools. The Agency's share of this revenue shift is approximately \$55,649 in fiscal year 2010 and \$11,457 in fiscal year 2011. Payments are to be made by May 10 of each respective fiscal year. The Agency intends to fund these payments with a combination of tax increment to be collected in fiscal year 2010 and 2011 and carryover funds from the current year.

A similar item was included in the AB1389 requiring an \$11,457 SERAF payment by the Agency. On May 7, 2009, a Judgment was issued in the action filed in the Superior Court of California for Sacramento County titled "California Redevelopment Association et al v. Genest declaring the payment unconstitutional. In light of the Judgment, it was anticipated that the State would appeal the Judgment and/or attempt to revise the Cal. Health and Safety Code to remedy the unconstitutional nature of the statutes. Therefore, as of June 30, 2009 the funds remained encumbered for possible payment in case the State was successful in its appeal. On September 28, 2009, the State dropped the appeal.

The California Redevelopment Association (CRA) is the lead petitioner on a lawsuit to invalidate AB 26 4x, similar to last year's successful lawsuit challenging the constitutionality of AB 1389. CRA filed the lawsuit on October 20, 2009. The lawsuit asserts that the transfer of property tax increment to the SERAF is not permitted under Article XVI, Section 16 of the California Constitution. The complaint also asserts impairment of contract and gift of public funds arguments. While the State made adjustments in AB 26 4x to address the constitutional issues raised by the Superior Court over last year's lawsuit challenging AB 1389, the Agency, along with the CRA and other California redevelopment agencies, believe that the SERAF remains unconstitutional.

## BOND ISSUANCE

On July 30, 2009, RDA issued \$13,930 of Subordinate Tax Allocation Bonds for the purpose of repaying certain outstanding obligations and to finance redevelopment activities relating to the North Park Redevelopment Project area. The Series 2009A bonds are payable solely from and secured by a pledge of Tax Revenues and are subordinate to the prior liens of the outstanding North Park Redevelopment Project Tax Allocation Bonds, Series 2000, Series 2003A and Series 2003B. The bond issuance is structured as term bonds and has an interest rate that ranges from 6.0% to 7.0%, with a final maturity date of November 1, 2039.

## LITIGATION

On September 25, 2009, the Related Companies (Plaintiffs) filed a lawsuit against the Agency contending the Agency breached a negotiating agreement the Agency entered into with Plaintiffs. Plaintiffs claim a development agreement acceptable to Plaintiffs wrongfully failed to be executed by the Agency under the pretext that CCDC's president had a financial interest in Plaintiffs' sister company while CCDC's president resided in Florida. Plaintiffs claim they lost millions of dollars in pre-development investment expenditures as a result of the breach of the negotiating agreement. No estimate of the amount or range of potential loss may be made at this time.

#### TERMINATION OF AGREEMENT

On November 30, 2009, the Agency terminated a Disposition and Development Agreement (DDA) with CentrePoint LLC for the development of a mixed-use project within the Crossroads Project Area. Pursuant to the DDA, the Agency's contribution was in the form of a developer loan of \$5,245 to be repaid from the Crossroads Low and Moderate Income Housing Fund to subsidize 47 affordable units. The loan amount was later reduced to \$4,969 pursuant to a third implementation agreement with the developer. Termination of the agreement will result in recognition of revenue for the loan payable amount balance of \$4,969 and removal of the long term liability in the government wide financial statements.

#### SETTLEMENT AGREEMENT

On December 9, 2009, the Agency Board approved the settlement agreement with San Diego State University Foundation (Foundation) on a complaint for specific performance alleging that the Agency breached an agreement requiring the Agency to sell certain property to the plaintiff. The settlement provides that the Agency's contractual obligation of \$1,715 and accrued interest of \$1,613 payable to the Foundation will be reduced to the sum of \$750. Additionally, the Agency will transfer fee title of the property to the Foundation by Grant Deed.

**Notes to Required Supplementary Information  
(In Thousands)**

**Note A - Budgetary Data**

Prior to June 1, the Executive Director submits to the Agency Board of Directors and the City Council, a proposed budget for the fiscal year commencing July 1. The budget document does not adopt formal budgets for each of the Agency's funds. Rather, it presents a detailed list of revenue sources and expenditure line items for each of the project areas. Budgetary comparison schedules are presented for the Centre City Low and Moderate Income Housing and the Centre City Other Special Revenue funds.

During the proposed budgetary hearing, public comment is heard. The Agency's budget is then legally adopted generally during the months of May or June, through passage resolutions by the Agency's Board of Directors.

Budgetary control is maintained at the budget category level. All amendments to the adopted budget require Agency Board of Directors' approval except as delegated in the Annual Appropriation Resolution. The head of each of the administrative units, or their designee are authorized under the Appropriation Resolution to request the City Comptroller to make budgetary transfers within each project fund and transfer appropriations or loan available funds between sub-projects within a project, provided that such transfers or loans do not increase or decrease the total project budget or result in a use of funds which would be inconsistent with the permitted use(s) of such funds.

Reported budget figures are as originally adopted or subsequently amended plus prior year continuing appropriations. Such budget amendments during the year, including those related to supplemental appropriations, did not cause reported budget amounts to be significantly different than the originally adopted budget amounts.

**Note B - Explanation of Differences between Revenues, Expenditures, and Other Financing Sources (Uses) for Budgetary Funds on a Budgetary Basis and GAAP Major Special Revenue Funds on a GAAP Basis.**

The Budgetary Comparison Schedules presented in this report reflect the total appropriations available for current fiscal year expenditures in the Centre City Low and Moderate Income Housing fund and Centre City Other Special Revenue funds. The categories used to report revenues, expenditures and other financing sources and uses at the fund level financial statements on a GAAP basis conform to uniform accounting standards established by the California State Controller's Office for all redevelopment agencies in the State. The Budgetary Comparison Schedules reflect expenditures as identified in the budget documents and do not reflect the GAAP basis categories established by the State because budgetary control is not maintained at this level.

The following table provides an explanation of additional adjustments made to the GAAP basis revenues and expenditures to reflect a budgetary basis of accounting.

<u>Financial Statements Major Funds</u>	<u>Centre City Low/Mod</u>	<u>Centre City Other Special Revenue</u>
<b>Revenues</b>		
Actual amounts (budgetary basis) "revenues" from the budgetary comparison schedules.....	\$ 29,878	\$ 2,347
<b>Adjustments:</b>		
Investment Income revenue resulting from unrealized gains on are excluded from the budgetary basis of accounting.....	(86)	(3)
Other Revenue associated with the reclassification of a capital asset to a fund asset is excluded from the budgetary basis of accounting.....	1,189	N/A
Principal payments on notes receivable are included in the budgetary basis of accounting.....	<u>(77)</u>	<u>N/A</u>
<b>Total revenues on a GAAP basis of accounting.....</b>	<b><u>\$ 30,904</u></b>	<b><u>\$ 2,344</u></b>
<b>Expenditures</b>		
Actual amounts (budgetary basis) "expenditures" from the budgetary comparison schedules.....	\$ 59,614	\$ 35,141
<b>Adjustments:</b>		
Encumbrances are included in the budgetary basis of accounting.....	(36,777)	(7,473)
Losses related to net realizable value of property held for resale are not included in the budgetary basis of accounting.....	2,508	N/A
Expenditures for notes receivable are included in the budgetary basis of accounting.....	<u>(19,668)</u>	<u>N/A</u>
<b>Total expenditures on a GAAP basis of accounting.....</b>	<b><u>\$ 5,677</u></b>	<b><u>\$ 27,668</u></b>

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Board of Directors  
Redevelopment Agency of the  
City of San Diego  
San Diego, California

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Redevelopment Agency of the City of San Diego, California (Agency), a component unit of the City of San Diego, California, as of and for the year ended June 30, 2009, which collectively comprise the Agency's basic financial statements and have issued our report thereon dated December 23, 2009. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

**Internal Control Over Financial Reporting**

In planning and performing our audit, we considered the Agency's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Agency's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Agency's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses. However, as discussed below, we identified certain deficiencies in internal control over financial reporting that we consider to be significant deficiencies.

A *control deficiency* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A *significant deficiency* is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles, such that there is more than a remote likelihood that a misstatement of the

entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control. We consider the deficiencies described in 2009-1 in the accompanying schedule of current year findings and recommendations and 2003-1 in the accompanying status of prior year findings and recommendations schedule to be significant deficiencies in internal control over financial reporting.

A *material weakness* is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies and, accordingly, would not necessarily disclose all significant deficiencies that are also considered to be material weaknesses. However, of the significant deficiencies described above, we consider item 2003-1 to be a material weakness.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Agency's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. Such provisions include those provisions of laws and regulations identified in the *Guidelines for Compliance Audits of California Redevelopment Agencies* issued by the State Controller's Office and as interpreted in the *Suggested Auditing Procedures for Accomplishing Compliance Audits of California Redevelopment Agencies*, issued by the Governmental Accounting and Auditing Committee of the California Society of Certified Public Accountants. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion.

The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which are described in the accompanying schedule of current year findings and recommendations as items 2009-a, and 2009-b

The Agency's response to the findings identified in our audit are described in the accompanying schedules of current year findings and recommendations and status of prior year findings and recommendations. We did not audit the Agency's response and, accordingly, we express no opinion on it.

This report is intended solely for the information and use of the Board of Directors, management of the Agency, and the State Controller's Office and is not intended to be and should not be used by anyone other than these specified parties.

*Macias Jini & O'Connell LLP*

December 23, 2009

REDEVELOPMENT AGENCY OF THE CITY OF SAN DIEGO  
CURRENT YEAR FINDINGS AND RECOMMENDATIONS  
FOR THE YEAR ENDED JUNE 30, 2009

**Financial Statements Findings:**

***2009-1 Documentation Retention for Property Held for Resale***

During the performance of our testwork on the Agency's controls over additions of property held for resale for the year ended June 30, 2009, we noted that for one (1) sample out of four (4) transactions selected, the Agency could not provide the supporting documents to verify reasonableness of the addition amount. The property was originally acquired as a capital asset prior to 1980, reported in the Agency financial statements as land, and transferred to property held for resale during fiscal year 2009.

We recommend that the Agency establish procedures and internal controls over documentation retention not only for recent transactions but also historical transactions where the item still exists in the Agency's financial statements.

***Management Response:***

We agree. All additions since fiscal year 2003 have been properly documented and the supporting transactions have been added to the land held for resale and capital assets permanent folders. It is the Comptroller's Office policy, and has been since fiscal year 2003, to permanently retain the supporting documentation until five years after the property's disposition. The property described above was purchased prior to 1980. Due to the number of years since the purchase of the property, procurement records have been discarded pursuant to the City's document retention policies. Efforts were made to support the value of the property including an appraisal by the Real Estate Assets Department which valued the property above its book value. Additionally, permanent records retained by the project area's manager were searched and County records were requested without success.

**Compliance Findings:**

***2009-a Continuing Annual Disclosure Requirements***

During the performance of our procedures over continual annual disclosure requirements, we noted that the Agency did not submit one out of the thirty-five required Annual Reports for fiscal year 2008 to the National Recognized Municipal Securities Repository Agencies within the required time frame (270 days after the fiscal year-end).

We recommend that the Agency establish procedures to ensure that all reports are submitted in a timely manner to avoid noncompliance with the continuing disclosure requirements stated with their bond issuances/debt covenants.

***Management Response***

We agree. The continuing disclosures were not filed as a result of turnovers of the management personnel responsible for making these filings. The Agency did file a "Failure to File" on the date that the continuing disclosure was required to be filed. An internal control annual requirements calendar has been put into place to prevent this from recurring. The delinquent continuing disclosures will be filed prior to the next filing date in 2010.

REDEVELOPMENT AGENCY OF THE CITY OF SAN DIEGO  
CURRENT YEAR FINDINGS AND RECOMMENDATIONS  
FOR THE YEAR ENDED JUNE 30, 2009

***2009-b Inappropriate Open Encumbrance***

California Government Code §33334.12(g)(2)states *Moneys shall be deemed encumbered if committed pursuant to a legally enforceable contract or agreement for expenditure for purposes specified in Section 33334.2 or 33334.3.*

During the performance of our testwork, we noted that out of a sample of twenty four (24) open encumbrance transactions selected for testing, one (1) of the encumbrances selected was included as an open encumbrance as of June 30, 2009, that should not have been. The open encumbrance related to a third party contract. The contract amount was certified and encumbered by the City's Comptroller's Office; however, the Agency Board of Directors never approved the execution of the contract.

We recommend that the Agency establish strong internal controls to review and reconcile open encumbrances periodically with the approved Comptroller's Certificate and to detect and delete encumbrances, which should not exist in the financial records. Additionally, the Agency should develop a system to automate the encumbrance process related to purchase orders.

***Management Response:***

We agree. A year-end process is currently in place to ensure that all open encumbrances are valid and active. The Office of the Comptroller provides a list of encumbrances to the Agency. The encumbrances are then reviewed by Agency staff. Any required adjustment is communicated to Office of the Comptroller accounting staff, who make the necessary adjustments in the financial system. The encumbrance cited above was not identified by Agency staff during the review process. The Agency will strengthen internal controls over the review of encumbrances to ensure only authorized and active encumbrances remain open. Additionally, the Agency will explore the automation of the encumbrance process through the OneSD system.

REDEVELOPMENT AGENCY OF THE CITY OF SAN DIEGO  
STATUS OF PRIOR YEAR FINDINGS AND RECOMMENDATIONS  
FOR THE YEAR ENDED JUNE 30, 2009

Findings related to the financial statements:

<b>Reference Number:</b>	<b>2003-1</b>
--------------------------	---------------

Financial Statement Area:	<i>Material Weakness in Internal Controls over Financial Reporting</i>
---------------------------	--

Audit Finding:	There were several internal control deficiencies that resulted in numerous errors and restatements of previously issued financial statements. Some of the deficiencies noted were as follows:
----------------	---

- Improper financial statement presentation of debt transactions
- Failure to properly record certain loan transactions
- Failure to transfer completed projects out of CIP and begin depreciating assets
- Improper classification of assets
- Improper valuations of land held for resale
- Incomplete capture of capitalizable expenditures
- Failure to recognize certain revenues that met applicable revenue recognition criteria.

Status of Corrective Action:	In progress. However, prior to the issuance of this report several modifications to the Agency's financial reporting process and control environment have been made. These modifications include the hiring of new management to oversee financial reporting and internal controls, and the implementation of revised policies, procedures and training for employees.
------------------------------	--

Additionally, the implementation of OneSD will dramatically change and improve the year-end process; however, the preparation of the Fiscal year 2009 Annual Financial Report was completed using the City's current accounting systems.

Also improving controls for 2009, the City began implementing the Governance Risk Compliance (GRC) module of SAP, which will assist in documenting, monitoring and testing internal controls within SAP, including internal controls over the preparation of the Agency's financial statements.

Also improving controls implemented in the prior year is a new year-end processing flowchart that has been developed. It identifies tasks necessary to complete the annual financial report by the Redevelopment Accounting Section; identified items contingent on information from other sections within the Comptroller's Office and other departments within the City. Use of the flowchart along with the year-end closing

REDEVELOPMENT AGENCY OF THE CITY OF SAN DIEGO  
STATUS OF PRIOR YEAR FINDINGS AND RECOMMENDATIONS  
FOR THE YEAR ENDED JUNE 30, 2009

calendar already in use allows management to more effectively monitor progress toward completion of the annual financial report and ensure critical components are not omitted.

Notwithstanding the improvements made prior to the issuance of this report management agrees further improvement is necessary and remains committed to continuing to strengthen its internal controls and procedures over financial reporting.

Findings related to compliance:

**Reference Number:** 2008-a, 2007-a, 2006-a, 2005-a, 2004-b & 2003-b

Compliance Area: *Annual Report Submission to the City Council*

Audit Finding: The Agency did not prepare and submit a complete annual report for the fiscal year ended June 30, 2008, to the Board of Directors within six months of the end of the respective fiscal years, as required by the California Health and Safety Code section 33080.1. This was not done due to a lack of personnel and an incomplete audit of the Agency's financial statements.

Status of Corrective Action: Corrected. The Agency prepared and will submit a complete annual report for the fiscal year ended June 30, 2009, to the Board of Directors by the end of December 31, 2009.

**Reference Number:** 2007-c

Compliance Area: *Monitoring Reports*

Audit Finding: In accordance with California Health & Safety Code §33418, the Agency is required to obtain an annual report from property owners or managers of such housing. During the performance of our testing over the Agency's monitoring of affordable housing, we noted that four (4) out of twenty (20) samples selected for testing did not receive an annual report.

Status of Corrective Action: Corrected. The Agency has implemented the corrective action and received an annual report during fiscal year 2009 within adequate time period.
