Honorable Members of the Agency:

The Annual Financial Report on all projects of the Redevelopment Agency of the City of San Diego for the year ended June 30, 2010 is presented in accordance with the Community Redevelopment Law (§33,000 et seq., of the Health and Safety Code of the State of California).

All expenditures and revenues for these projects have been reported for in accordance with generally accepted accounting principles in the United States applicable to municipalities, and all financial transactions occurring during the year were made in accordance with the redevelopment laws of the State of California.

Respectfully submitted,

Jerry Sanders
Executive Director

Jay M. Goldstone
Assistant Executive Director

INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Redevelopment Agency of the
City of San Diego
San Diego, California

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Redevelopment Agency of the City of San Diego, California (Agency), a component unit of the City of San Diego, California (City), as of and for the year ended June 30, 2010, which collectively comprise the Agency's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Agency's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Agency's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Agency, as of June 30, 2010, and the respective changes in financial position for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated December 29, 2010, on our consideration of the Agency's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The management's discussion and analysis on pages 16 through 30 and the budgetary comparison schedules on pages 72 through 75 are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Agency's basic financial statements. The introductory section, combining nonmajor governmental funds financial statements, and the supplemental information section are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining nonmajor governmental funds financial statements have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The introductory and supplemental information sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

Management's Discussion and Analysis

MANAGEMENT'S DISCUSSION AND ANALYSIS
(Unaudited)
(In Thousands)
June 30, 2010

As management of the City of San Diego (the "City"), we offer readers of the Redevelopment Agency (the "Agency") financial statements this narrative overview and analysis of the financial activities of the Agency for the fiscal year ended June 30, 2010.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the Agency's basic financial statements. The Agency's basic financial statements are comprised of three components: (1) government-wide financial statements, (2) fund financial statements, and (3) notes to the financial statements. This report also contains required and other supplementary information in addition to the basic financial statements themselves.

Government-wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the Agency's finances, in a manner similar to a private-sector business.

The Statement of Net Assets presents information on all of the Agency's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the Agency is improving or deteriorating.

The Statement of Activities presents information showing changes in the Agency's net assets during the most recent fiscal year. All changes in net assets are reported when the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. The focus is on both gross and net cost of Agency functions, which are supported by general revenues. This Statement also displays functions of the Agency that are principally supported by taxes, private contributions, and intergovernmental revenues (governmental activities). The governmental activities of the Agency include General Government and Support and Neighborhood Services. The Agency does not engage in business-type activities.

The government-wide financial statements exclusively include the Agency (known as the Primary Government) with no legally separate, discretely presented component units. The government-wide financial statements can be found on pages 32 and 33 of this report.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Agency, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All funds of the Agency are combined into the governmental funds category.

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The Agency maintains individual governmental funds. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances for the Centre City Low and Moderate Income Housing Special Revenue Fund, Centre City Other Special Revenue Fund, Centre City Debt Service Fund and Centre City Capital Projects Fund all of which are considered to be major funds. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

The basic governmental funds financial statements can be found on pages 34-38 of this report.

Notes to the Basic Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the basic financial statements can be found beginning on page 40 of this report.

Other Information

In addition to the basic financial statements and accompanying notes, budget to actual comparison schedules of the Centre City Low and Moderate Income Housing Special Revenue Fund and the Centre City Other Special Revenue Fund can be found on pages 72-75. Combining fund statements and schedules for nonmajor governmental funds can be found beginning on page 78 of this report.

The "Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*" can be found on pages 108-111 of this report.

As part of supplementary information provided in this report, a schedule of changes to principal and interest due to the City for each Project Area can be found on page 116. In addition, assessed valuation information for each project area can be found beginning on page 118 of this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS**SUMMARY OF NET ASSETS**

	Governmental Activities		Dollar	Percent
	2010	2009	Increase (Decrease)	Increase (Decrease)
Current and Other Assets	\$ 911,089	\$ 897,899	\$ 13,190	1%
Capital Assets	200,752	187,863	12,889	7%
Total Assets	1,111,841	1,085,762	26,079	2%
Current and Other Liabilities	88,373	51,126	37,247	73%
Net Long-Term Debt	949,453	991,839	(42,386)	(4%)
Total Liabilities	1,037,826	1,042,965	(5,139)	0%
Net Assets				
Invested in Capital Assets, Net of Related Debt	90,716	96,064	(5,348)	(6%)
Restricted	162,514	133,478	29,036	22%
Unrestricted (deficit)	(179,215)	(186,745)	7,530	4%
Total Net Assets	\$ 74,015	\$ 42,797	\$ 31,218	73%

As noted earlier, net assets may serve over time as a useful indicator of a government's financial position. In the case of the Agency, assets exceeded liabilities at June 30, 2010, by \$74,015.

Of the Total Net Assets, \$90,716 represents the Agency's investment in capital assets, less any outstanding debt used to acquire these assets. The Agency uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the Agency's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves are generally not used to liquidate these liabilities.

The Agency's Restricted Net Assets of \$162,514 represent resources that are subject to external restrictions on how they may be used. Restricted Net Assets increased by \$29,036 over the prior fiscal year, or about 22% primarily due to a net increase in resources available for Low and Moderate Income Housing.

There are several factors contributing to the Agency's deficit of \$179,215 in Unrestricted Net Assets. First, the Agency has borrowed funds from the City when a project area has not generated sufficient tax increment to fund redevelopment activities in the area, mostly during the initial stages of a project area's life. At the point sufficient tax increment revenues are generated, the Agency issues long-term debt to carry out redevelopment and housing activities in the project area, pledging future tax increment revenues for the repayment of these long-term obligations. Interest expense associated with City Loans and other long-term debt is an important factor contributing to the deficit in Unrestricted Net Assets. In addition, the Agency has used long-term debt to acquire properties that have been sold to developers or conveyed to the City at a loss, for improvements of public infrastructure, rehabilitation of properties not owned by the Agency and for development of affordable housing.

CHANGES IN NET ASSETS

	Governmental Activities		Dollar	Percent
	2010	2009	Increase (Decrease)	Increase (Decrease)
Revenues:				
Program Revenues				
Operating Grants and Contributions	\$ 336	\$ 44	\$ 292	664%
Capital Grants and Contributions	12,780	17,888	(5,108)	(29%)
General Revenues				
Tax Increments	186,572	192,562	(5,990)	(3%)
Grants and Contributions Not Restricted to Specific Programs	12,938	1,793	11,145	622%
Revenue from Use of Money and Property	13,780	24,087	(10,307)	(43%)
Total Revenues	226,406	236,374	(9,968)	(4%)
Expenses:				
General Government and Support	109,399	53,838	55,561	103%
Neighborhood Services	46,185	128,383	(82,198)	(64%)
Interest on Long-Term Debt	39,604	46,623	(7,019)	(15%)
Total Expenses	195,188	228,844	(33,656)	(15%)
Change in Net Assets	31,218	7,530	23,688	315%
Net Assets, July 1	42,797	35,267	7,530	21%
Net Assets, June 30	\$ 74,015	\$ 42,797	\$ 31,218	73%

Governmental activities increased the Agency's net assets by \$31,218 during fiscal year 2010. Key elements of this increase are as follows:

- Capital Grants and Contributions decreased by \$5,108, or 29%, due to one-time prior fiscal year transfers for Developer Impact Fees from the City to the Agency for the reimbursement of costs associated with the acquisition of land for parks in the Centre City Project Area.
- Tax Increment Revenue decreased by \$5,990 or approximately 3%. This was mostly due to a decrease in the assessed valuation of properties in the various project areas. Also, decreases in tax increment revenues are mostly due to assessment appeals, increases in exemptions, and Proposition 8 reductions made by the County Assessor.
- Grants and Contributions not Restricted to Specific Programs increased by \$11,145, or 622%, mostly due to the fact that revenue of \$8,392 was recognized to account for a reduction of outstanding long-term debt obligations resulting from negotiations with various developers (see Note 5c, on page 60). Additionally, revenue in the amount of \$943 was recognized in the current fiscal year to account for funds returned, by the San Diego Housing Commission to the Agency, upon termination of the Downtown First Time Home Buyer program.
- Revenue from the use of Money and Property decreased by \$11,145, or 43%, due to the fact that short-term interest rates remained at historically low levels and any investment maturities in the Agency's funds were reinvested at these very low rates.

- General Government and Support Expense increased by \$56,561, or 103%. This is mostly attributed to a \$55,649 payment to the State Supplemental Educational Revenue Augmentation Fund (SERAF) required under State Assembly Bill (AB) 26 4x.
- Neighborhood Services Expense decreased by \$82,198, or 64%. This is mostly attributed to a settlement agreement with the County of San Diego (the "County"), reached in the prior fiscal year, related to a Superior Court Case seeking to invalidate the Redevelopment Plan for the Grantville Project Area. Pursuant to the agreement the Agency will pay a total of \$70,560 to the City and County. This obligation of \$70,560 was recognized in the prior fiscal year and recorded as Neighborhood Services expense. This decrease was offset by an expense in the amount of \$1,230 related to the payment of a claim settlement by Jack in the Box for loss of goodwill, relocation benefits, fixtures and equipment, regarding a property acquired through eminent domain in the City Heights Project Area.

Additionally, onetime contributions of \$4,749 were made to the City in the prior year to fund updates to the North Bay, Grantville, San Ysidro and Barrio Logan project area community plans. Also, planning expenses in the Centre City Project Area decreased by \$2,080 due to greater planning activity in the prior year related to the Civic Center Complex Project, assessment of park needs, as well as, planning related to lighting and transit.

Moreover, prior fiscal year adjustments to the value of land held for resale to reflect the lower of cost or net realizable value were \$4,852 greater when compared to the current fiscal year. Reductions in property valuations are recorded when a property is expected to be sold for less than the Agency's cost and reported as Neighborhood Services Expense in the year in which this determination is made. In the prior fiscal year, the Agency executed a development and disposition agreement with a developer for the sale of a North Bay property, with a cost to the Agency of \$2,711, to be sold for a nominal amount, resulting in Neighborhood Services Expense in the prior year equal to the Agency's cost of the property. Also, sharper prior fiscal year declines in the market value of various properties, over the current fiscal year, resulted in greater prior fiscal year reductions in the value of land held for resale.

- Interest on Long-Term Debt Expense decreased by \$7,019, or 15%. This is mostly due to a decrease in the prime rate from 7.25% in the prior fiscal year to 3.25% in the current fiscal year. Because interest applied on City Loans at a rate of prime rate plus 2%, there was a resulting year over year decrease of \$4,569. Additionally, interest expense on contracts payable decreased by approximately \$2,077 mostly due to changes to the terms on certain obligations to developers.

FINANCIAL ANALYSIS OF THE GOVERNMENT’S FUNDS

As noted earlier, the Agency uses fund accounting to ensure and demonstrate compliance with finance related legal requirements.

Governmental Funds

All of the Agency’s funds are governmental funds, the focus of which is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the Agency’s financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government’s net resources available for spending at the end of the fiscal year.

As of June 30, 2010, the Agency’s governmental funds reported combined ending fund balances of \$883,814. Of the total, \$601,336, or 68%, is reserved to indicate that it is not available for new spending because it has already been committed (1) to liquidate contracts and purchase orders of the period, (2) to pay debt service, (3) to increase low and moderate income housing or (4) for a variety of other restricted purposes. The remaining amount of \$282,478, or 32%, constitutes unreserved fund balance, which is available for spending at the Agency’s discretion, including funds that have already been designated for subsequent years’ expenditures through the Agency’s budgetary process.

COMPOSITION OF AGENCY FUND BALANCES

The Agency’s fund balances increased by \$5,299, or less than 1% over the prior fiscal year. Expenditures exceeded revenue by \$23,400, which were offset by \$28,699 in proceeds from bonds and other long-term debt. Total expenditures in the current fiscal year increased by \$54,047 or approximately 31% over the prior fiscal year, mostly due to a current fiscal year \$55,649 payment to the State Supplemental Educational Revenue Augmentation Fund (SERAF) required under State Assembly Bill (AB) 26 4x. The Agency’s revenue decreased by \$33,273, or about 14% over the prior fiscal year, due to one-time prior fiscal year transfers of \$4,749 for Developer Impact Fees from the City to the Agency for the reimbursement of costs associated with the acquisition of land for parks in the Centre City Project Area. Additionally, Private Source revenue decreased by \$6,203, or 68%, mostly due to onetime contributions received in the prior fiscal year related to the Pedestrian Bridge and North Embarcadero projects in the

Centre City Project Area. Additionally, Investment Income Revenue decreased by \$10,096, or about 46% due to the fact that short-term interest rates remained at historically low levels and any investment maturities in the Agency's funds were reinvested at these very low rates. Moreover, tax increment revenue decreased by \$11,551, or about 5%, mostly due to assessment appeals, increases in exemptions, and Proposition 8 reductions made by the County Assessor. The following table shows a breakdown of year over year changes in tax increment revenue for each project area.

CHANGES IN TAX INCREMENT

	Tax Increment		Dollar Increase	Percent Increase
	2010**	2009	(Decrease)	(Decrease)
Barrio Logan	\$ 651	\$ 691	\$ (40)	(6%)
Central Imperial	2,100	2,455	(355)	(14%)
Centre City	121,271	125,366	(4,095)	(3%)
City Heights	11,651	13,954	(2,303)	(17%)
College Community	1,061	1,142	(81)	(7%)
College Grove	795	818	(23)	(3%)
Crossroads	3,513	4,299	(786)	(18%)
Gateway Center West	353	346	7	2%
Grantville*	1,346	2,364	(1,018)	(43%)
Horton Plaza	8,025	8,616	(591)	(7%)
Linda Vista	109	96	13	14%
Mount Hope	1,427	1,674	(247)	(15%)
Naval Training Center	5,205	4,905	300	6%
North Bay	9,105	8,876	229	3%
North Park	7,250	7,729	(479)	(6%)
San Ysidro	5,154	6,825	(1,671)	(24%)
Southcrest	1,995	2,406	(411)	(17%)
	<u>\$ 181,011</u>	<u>\$ 192,562</u>	<u>\$ (11,551)</u>	<u>(6%)</u>

* Tax Increment revenue in the amount of \$737 and \$447 for fiscal years 2008 and 2007, respectively, were recognized in fiscal year 2009 after settlement of the of the Grantville Action Validation law suit . Tax Increment for fiscal year 2009 was \$1,170.

** Difference of \$5,561 between Tax Increment Revenue reported in the Statement of Activities and the Statement of Revenues, Expenditures and Changes in Fund Balances, in fiscal year 2010, is due to differences in revenue recognition related to the timing of cash flows (see Note 1-d on page 42 and Note 2 on page 49).

Of the total tax increment revenue received by a project area, 80% is allocated for redevelopment activities and 20% for affordable housing projects. The Agency has pledged tax increment revenue to satisfy long-term debt obligations. These payments are made from the 80% and 20% allocations in proportion to the amount of long-term debt proceeds used for either housing or redevelopment activities. In addition, tax increment revenue is distributed to other governmental entities, from the redevelopment activities 80% allocation, based on formulas established by California Redevelopment Law, or by tax sharing agreements. The summary of significant accounting policies in the notes to the basic financial statements Note 1-r, on page 47, includes a description of the Agency's tax sharing obligations.

The Agency's seventeen project areas are managed by the Redevelopment Department of the City of San Diego and by two non-profit independent corporations, the Centre City Development Corporation (CCDC) and the Southeastern Economic Development Corporation (SEDC). The following chart illustrates the percentage of the Agency's fund balances managed by each of the three administrative units.

**PERCENTAGE OF AGENCY COMBINED FUND BALANCES
BY ADMINISTRATIVE UNIT**

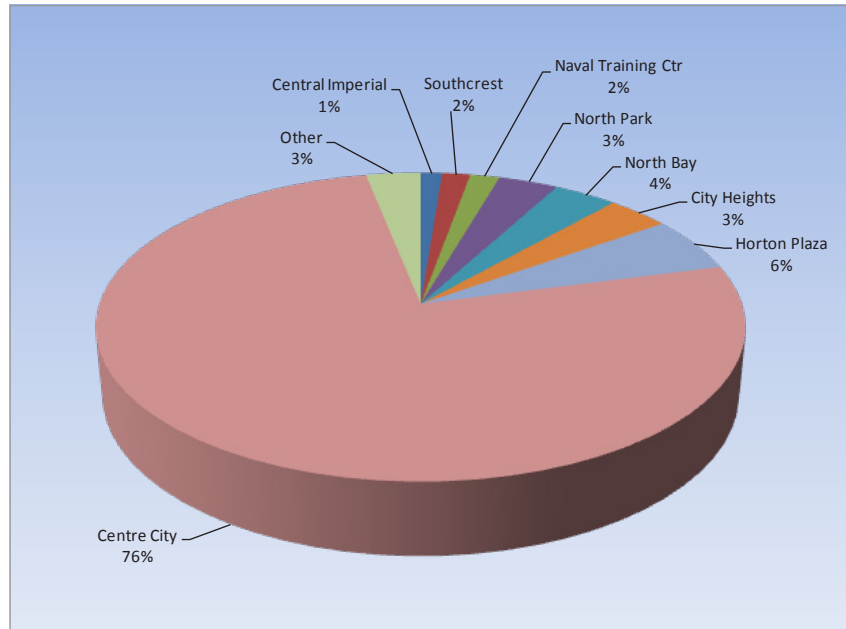

The CCDC administers the two project areas in downtown San Diego, which have the largest share of the Agency's combined fund balances. As of June 30, 2010, project areas administered by the CCDC, accounted for \$721,646 or about 82% of the Agency's combined fund balances.

The SEDC administers four project areas in southeastern San Diego, which, as of the end of the fiscal year, accounted for \$29,515 or about 3%, of the Agency's combined fund balances.

The Redevelopment Division of the City of San Diego administers eleven project areas throughout the City, which, as of the end of the fiscal year, accounted for \$132,653 or about 15%, of the Agency's combined fund balances.

PERCENTAGE OF AGENCY COMBINED FUND BALANCES BY PROJECT AREA

The above chart reflects the composition of the Agency’s fund balances by project area. The Centre City project area accounted for 76% of the Agency’s combined fund balances. All of the Centre City project area funds are major funds. Major funds are reported as separate columns in the fund financial statements. Combining fund statements and schedules for nonmajor governmental funds can be found beginning on page 78 of this report.

The following chart reflects the composition of the Agency’s nonmajor fund balances by project area and excludes all Centre City Project Area funds.

PERCENTAGE OF AGENCY COMBINED NONMAJOR FUND BALANCES BY PROJECT AREA

* Other includes all Barrio Logan, College Community, College Grove, Gateway and Grantville Project Area funds.

Major Governmental Funds

Centre City Low and Moderate Income Housing Special Revenue Fund

The Centre City Low and Moderate Income Housing Special Revenue Fund is used to account for costs associated with increasing, improving, or preserving the community's supply of low and moderate income housing in the Centre City Project Area. The primary source of revenue for this fund is the 20% tax increment revenue allocation pursuant to redevelopment law as well as housing bond proceeds. The fund balance at June 30, 2010 was \$212,335, which is an increase of \$1,979, or about 1% over the prior fiscal year. Fund revenues decreased by \$2,461, or 8%, mostly due to decreases interest earnings on cash and investments. Expenditures increased by \$3,506, or 62% over the prior fiscal year, mainly due to the issuance of a forgivable loan of \$3,018 to the San Diego Housing Commission for the purchase and rehabilitation of the Sandford Hotel. Net transfers increased by \$1,889, or 12%, mainly due to greater scheduled debt service requirements for the project area's housing bonds. Approximately 79% or \$167,395 of the fund's fund balance is reserved to indicate that it is not available for new spending because it has already been committed to liquidate contracts and purchase orders of the period or to reflect that funds have been used to purchase land or to make loans and are not readily available for spending. The remaining amount of \$44,940 or 21% is reserved for spending on low and moderate income housing projects.

Centre City Other Special Revenue Fund

The Centre City Other Special Revenue Fund is used to account for transactions that cannot be clearly identified with redevelopment activities, debt service or affordable housing. These transactions include tax sharing payments to other entities in the project area; those related to the Grantville settlement agreement with the City and County; revenue collected from the operation of two parking structures in the project area; and satisfaction of the City's debt service obligations related to the Ballpark Lease Revenue Bonds, Series 2007A. The fund balance at June 30, 2010 was \$3,349 which is an increase of \$2,269, or 210% over the prior fiscal year. The increase is mostly attributed to tax increment transfers to fund future payments to the County pursuant to the Grantville settlement agreement. Also reported in the current fiscal year was the Agency's payment of \$36,220 to the State Supplementary Education Revenue Augmentation Fund, a payment of \$17,150 to other taxing entities and an \$11,321 reimbursement by the Agency, pursuant to the ballpark cooperation agreement, of lease payments made by the City related to the Ballpark Lease Revenue Bonds, Series 2007A.

Centre City Debt Service Fund

The Centre City Debt Service Fund is used to record debt-related activity such as debt service payments, investment activity for bond reserves held with fiscal agents, and bond issuance costs associated with the Centre City Project Area. In addition, the Centre City Debt Service Fund accumulates tax increment revenue for repayment of indebtedness related to the project area. At the end of the fiscal year, the Centre City Debt Service Fund reported a fund balance of \$240,621 which is a decrease of \$42,619, or about 15% over the prior fiscal year. Revenues decreased by \$6,094, or 6%, due to lower tax increment revenue and lower investment income from cash and investments. Expenditures increased by \$5,813, or 16%, mostly due to payments made according to debt service schedules for previously issued debt. Overall, revenues exceeded expenditures by \$59,985 mostly due to tax increment revenue collected in excess of debt service payments. This was offset by transfers to the Centre City Capital Projects fund of \$67,774 to fund redevelopment activity of the project area and transfers of \$54,416 to the Centre City Other Special Revenue Fund, mostly for payments made to the State Supplementary Education Revenue Augmentation Fund and to other taxing entities. Approximately 34% or \$81,124 of the fund's fund balance is reserved to indicate that it is not available for new spending because it has already been committed for debt service. The remaining amount of \$159,497 or 66% is available for spending at the Agency's discretion, including funds that have already been designated for subsequent years' expenditures through the Agency's budgetary process.

Centre City Capital Projects Fund

The Centre City Capital Projects Fund is used to account for expenditures related to redevelopment activities in the Centre City Project Area, with the use of such funding sources as tax increment, bond proceeds, developer contributions and participation revenue from the City. The fund balance at June 30, 2010 amounted to \$214,909 which is an increase of \$29,717 or about 16% over the prior fiscal year. Expenditures decreased by approximately \$9,610, or 22%, due in part to a decrease in administrative costs of \$742 related to reductions in CCDC's operating budget. Planning expenses decreased by \$2,080, or 52%, due to greater planning activity in the prior fiscal year related to the Civic Center Complex Project, assessment of park needs and planning related to lighting and transit. Costs associated with the purchase of land for parks decreased by approximately \$6,277. Revenue decreased by \$13,480, or 60%, due in part to one-time prior fiscal year transfers of \$4,749 for Developer Impact Fees from the City to the Agency for the reimbursement of costs associated with the acquisition of land for parks. Additionally, Private Source Revenue decreased by \$6,409 mostly due to onetime contributions received in the prior fiscal year related to the Pedestrian Bridge and North Embarcadero projects. Additionally, investment income revenue decreased by \$2,999, or 63%, due to the fact that short-term interest rates remained at historically low levels and any investment maturities in the Agency's funds were reinvested at these very low rates. Expenditures exceeded revenue by \$25,669 which was offset by net transfers of \$55,386 mostly from the Centre City Debt Service Fund.

Approximately 74% or \$159,649 of the fund's fund balance is reserved to indicate that it is not available for new spending because it has already been committed to liquidate contracts and purchase orders of the period or to reflect that funds have been used to purchase land or to make loans and are not readily available for spending. The remaining amount of \$55,260, or 26%, is available for spending at the Agency's discretion, including funds that have already been designated for subsequent years' expenditures through the Agency's budgetary process.

CAPITAL ASSET AND DEBT ADMINISTRATION**Capital Assets**

Capital assets of governmental funds are capitalized at the government-wide level and not at the fund level. Differences between the fund and government-wide statements reporting for these governmental assets will be explained in both the reconciliation and the accompanying notes to the financial statements.

In the current fiscal year, expenditures related to the development of parks in the Centre City Project Area totaled \$7,374, accounting for all the current fiscal year additions to the Agency's Capital Assets. Of the total, \$403 was related to the development of the East Village Green Park site and \$6,971 for the development of Saint Joseph's Park. Additionally, \$7,592 was added to Land to reflect the reclassification of a property previously reported as land held for resale. It was reclassified due to the fact that the property will be leased for development of the 9th and Broadway Affordable Housing Project. These additions were offset by a decrease of \$307 in land related to the Children's Museum Park which was conveyed to the City.

Additional information about the Agency's capital assets can be found in the accompanying notes to the financial statements (see Note 4 on page 55).

Construction Commitments

The Agency has active construction projects as of June 30, 2010. Significant projects include the construction of the Harbor Drive Pedestrian Bridge in the Centre City Project Area. The Agency has entered into a construction contract totaling \$24,330, of which, \$15,564 has been spent and \$8,776 remains committed as of the end of the Fiscal Year. Of the remaining commitment \$1,773 will be financed from Centre City Redevelopment Project Tax Allocation Bonds Series 2004 A, \$2,199 from the Centre City Redevelopment Project Tax Allocation Bonds Series 2006 A, \$2,883 from Federal and State Grants and the remaining \$1,921 from the Centre City Capital Project Fund. Also, the Agency has committed to contribute \$80,000 to the City for construction of the New Main Library of which \$62,940 remains to be contributed to the City as of the end of the fiscal year. Of the remaining commitment, \$20,840 will be funded from Centre City Redevelopment Project Tax Allocation Bonds Series 2004 A and \$42,100 from Centre City tax increment funds.

HIGHLIGHTS OF FISCAL YEAR 2010 REDEVELOPMENT ACTIVITIES

(In Thousands)

Barrio Logan Project Area

- The Agency approved an affordable housing developer agreement with Mercado CIC, L.P. for the Estrella del Mercado Apartments Project in Barrio Logan. The development will provide 92 units of affordable multi-family housing.

Central Imperial Project Area

- The Agency entered into an exclusive negotiating agreement for Redevelopment Agency-owned Valencia Business Park parcels at Imperial Avenue and Stevens Way with St. Steven's Church and Dudley Ventures.
- Completed construction of the 24 Hour Fitness facility at the Imperial Marketplace Commercial Center, providing recreation and fitness facilities to the community per the Disposition and Development Agreement with Pacific Development Partners.

Centre City Project Area:

- Two new market-rate residential projects were added for a total of 255 units. They are the Strata, consisting of 229 units and the Q, consisting of 26 units.
- The Hotel Indigo, a 210 room hotel, was completed.
- An additional .16 acre parcel was acquired for the St. Joseph's Park.
- Six traffic signals were completed located at Front & Cedar, Market & Third, Market & Ninth, Market & Union, Park & Island and Park & J.
- The \$26,800 Harbor Drive Pedestrian Bridge was awarded to Reyes Construction, estimated to be completed by January 2011. The bridge will connect two of San Diego's most important assets-- Balboa Park and the San Diego Bay.
- Three public construction projects were completed: Seventh and market site remediation, rehabilitation of Fire Station 1 and the Date State Storm Drain.
- Initiated the construction of the Area-wide Sidewalk Assessments Project.

- The 1050 B Street development, a 229 unit apartment building of which 226 units are affordable, was completed. This project was built with Agency assistance.
- The construction of the Parkside development, a 77 unit apartment building of which 76 units are affordable, was completed. This project was built with Agency assistance.
- The construction of the expansion of the Cortez Hill Family Center is scheduled to be completed in December 2010.

City Heights Project Area

- Construction began on the City Heights Square Residential and Retail Project, a mixed use project that will provide 92 residential units, 20,500 square feet of retail space, and two levels of subterranean parking.

Crossroads Project Area

- The Agency provided funding for rehabilitation of the Village Green Apartments to preserve, enhance and upgrade 94 multi-family rental housing units within the project area.

Linda Vista Project Area

- The Agency approved an Exclusive Negotiation Agreement with MRW Development Company LLC for the rehabilitation and redevelopment of Agency-owned properties.

Horton Plaza Project Area:

- The design of the Lyceum Theatre lobby and restroom renovation is underway with an estimated completion date of June 2011. The Lyceum Theatre is a two-level subterranean structure and each level has a lobby and two restrooms. Proposed renovations include 14,000 square feet of common areas along with a 1,500 square feet outside subterranean entrance.
- Funded the Transitional Senior Housing which provided funding for 37 vouchers for homeless seniors to rent rooms and housing facilities.
- Assisted in the funding for the design and construction of the 19,000 square feet Bayside Fire Station. Preliminary planning for this station will include three apparatus bays to house engine, truck, medic and other fire-rescue vehicles. The final design will be completed in September 2011.

Mount Hope Project Area

- The Agency provided funding and leveraged additional funding sources for streetlights and median improvements along Market Street. The project will reduce traffic and make the neighborhoods for both vehicles and pedestrians safer.
- The Agency entered into an Owner Participation Agreement for rehabilitation of 49 units for the Vista Grande Apartments to provide 48 restricted units to low- and very- low income families. The property owner was awarded Low Income Housing Tax Credits and the project commenced in November 2010.

North Bay Project Area

- Completed the Urban Corps LEED Recycling Education Center and Roof Garden project to replace the Urban Corps current facility with a rehabilitated office building, a LEED Certified Recycling Education Center, Auditorium, roof garden, and other auxiliary buildings.

- The Agency provided funding to Veterans Village of San Diego for phase III of the construction project. The project will provide an additional 96 transitional housing beds for former homeless veterans.

North Park Project Area

- Construction of 17 units of permanent supportive rental housing for formerly homeless men with a dual diagnosis of substance abuse and mental illness was started in August 2009 at 2625 University Avenue.
- A \$4 million rehabilitation project of the historic Lafayette Hotel at 2223 El Cajon Boulevard began in April 2010. The renovations are intended to ensure viability of the hotel and retain more than 50 jobs.

San Ysidro Project Area

- Completed the construction of the El Pedregal Family Apartments, a 45 unit affordable housing project on approximately 2.2 acres located at the northeast corner of West San Ysidro Boulevard and Averil Street. The total project cost was approximately \$18.4 million, of which the Agency provided \$4.6 million in residual receipt loans.
- Started construction on the Verbena Family Apartments, an 80 unit affordable housing project on approximately 6.8-acres located at 3774 Beyer Boulevard. The total project cost is estimated at \$29 million, of which the Agency provided \$6.9 million in residual receipt loans.

Southcrest Project Area

- The Agency provided funding for the installation of 73 mid-block streetlights throughout the project area for improved neighborhood safety.
- The Agency completed the Mayberry Townhomes Rehabilitation Project, which included the preservation of 69 townhomes for very-low, low- and moderate-income tenants' housing.

Long-Term Debt

At June 30, 2010, the Agency long-term debt totaled \$922,792. Of this amount, \$26,435 is secured by specified revenue sources (revenue bonds), \$529,423 is comprised of tax allocation bonds and \$32,780 of Pooled Financing Authority Loans Payable, all of which are secured by tax increment revenue. The remainder of the Agency's debt represents contracts payable, notes payable, loans payable and accrued interest in loans and notes from the City.

REDEVELOPMENT AGENCY OUTSTANDING DEBT (In Thousands)

	2010	2009
Revenue Bonds	\$ 26,435	\$ 27,430
Tax Allocation Bonds	529,423	534,547
Contracts Payable	1,018	4,715
Notes Payable	11,601	13,086
Pooled Financing Authority		
Loans Payable	32,780	33,460
Loans Payable	158,578	161,220
Accreted Interest Payable	16,535	14,682
Accrued Interest Payable	162,957	156,246
Total	<u>\$ 939,327</u>	<u>\$ 945,386</u>

In the current fiscal year, the Agency issued \$13,930 of North Park Tax Allocation Bonds, drew \$13,750 from the City Heights, Naval Training Center, North Bay and North Park San Diego National Bank housing lines of credit for various housing projects and \$1,111 from the Naval Training Center San Diego National Bank line of credit for the rehabilitation of historical buildings in the project area. Accrued interest on City Loans and Notes of \$7,294 were offset by \$583 in current fiscal year interest payments.

The Agency's contracts payable decreased by \$965 due to a settlement agreement reached with a San Diego State University Foundation and by \$1,872 due to provisions included in a development agreement with Western Pacific Housing. Loans Payable decreased by \$4,969 due to termination of a development agreement with CentrePoint LLC. Notes Payable to Price Charities decreased by \$586 in consideration for a property conveyed by the Agency to the developer.

Total principal payments for long-term debt were \$35,022. Of this amount, \$20,049, was for outstanding bonds, \$860 for contracts payable, \$899 for notes payable and \$13,214 for loans payable.

Additional information about the Agency's long-term debt can be found in the accompanying notes to the financial statements (see Note 5 on page 56). Information on loans payable to the City, by project area, can be found on page 116 of this report.

Rates

Standard & Poor's Ratings Services assigned its "A-" long-term rating to the North Park Redevelopment Project subordinate series 2009A tax allocation bonds (TAB's), issued in the current year, and reinstated its ratings on the existing senior TAB's, series 2003A to "A-".

On October 22, 2009, Fitch, Inc. upgraded the ratings on the Horton Plaza Redevelopment Project tax allocation bonds series 2003C from "BBB" to "BBB+" and assigned a rating of "BBB+" to the series 2000 tax allocation bonds.

On December 31, 2009, Fitch, Inc. upgraded the ratings on the North Park Redevelopment Project TAB's series 2000, series 2003A and series 2003B to "A" from "A-".

On May 11, 2010, Standard & Poor's Ratings Services reestablished the ratings on several tax allocation bonds. The rating for the City Heights Redevelopment Project, 2003 housing set-aside TAB's, series A and B changed to "BBB+" from "NR". Also, the rating for the North Bay Redevelopment Project TAB's, series 2000 changed to "A-" from "NR".

On December 22, 2010, Fitch, Inc. upgraded the ratings on the City Heights Redevelopment Project housing set-aside TAB's series A and B to "A+" from "A".

REQUESTS FOR INFORMATION

This financial report was designed to provide a general overview of the Agency's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Office of the City Comptroller, 202 C Street, San Diego, CA 92101 or e-mailed to the City Comptroller at comptroller@sandiego.gov. This financial report is also available on the City's website at www.sandiego.gov, under the Office of the City Comptroller department.

**RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND
CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
Year Ended June 30, 2010
(In Thousands)**

Net change in fund balances - total governmental funds (page 37)	\$	5,299
Governmental funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period.		13,196
The Statement of Activities reports losses arising from the retirement of existing capital assets. Conversely, governmental funds do not report any gain or loss on retirement of capital assets.		(307)
Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the funds.		5,996
The issuance of long-term debt (i.e. bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any affect on net assets. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the Statement of Activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.		13,108
Some expenses reported in the Statement of Activities do not require the use of current financial resources (i.e. interest on long-term debt, amortization of bond premiums and discounts), and therefore are not accrued as expenses in governmental funds.		<u>(6,074)</u>
Change in net assets of governmental activities (page 33)	\$	<u>31,218</u>

The accompanying notes are an integral part of the financial statements.

**NOTES TO THE BASIC FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2010**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (In Thousands)

The financial statements of the Redevelopment Agency of the City of San Diego ("Agency") have been prepared in conformity with generally accepted accounting principles ("GAAP") as applicable to government units. The Governmental Accounting Standards Board ("GASB") is responsible for establishing GAAP for state and local governments through its pronouncements. The significant accounting principles and policies utilized by the Agency are described below.

a. Scope of Financial Reporting Entity

The Agency was established by the City Council in 1958 for the purpose of providing a method to revitalize deteriorated and blighted areas within designated areas of the City. The Agency began functioning in 1969 pursuant to the Community Redevelopment Law of California as codified in the State of California Health and Safety Code.

Under GASB Statement No. 14, the Agency is considered a component unit of the City. The Agency's basic financial statements, which are presented as a blended component unit in the basic financial statements of the City, present an aggregation of funds associated with 17 redevelopment project areas. The redevelopment project areas are overseen by the City's Redevelopment Department, and two corporations, the Centre City Development Corporation ("CCDC") and the Southeastern Economic Development Corporation, Inc. ("SEDC").

CCDC and SEDC are non-profit corporations organized by the City to administer certain redevelopment projects (CCDC in downtown San Diego and SEDC in southeastern San Diego) as well as to provide redevelopment advisory services to the Agency. These activities are carried out pursuant to operating agreements with the Agency under which the Agency agrees to reimburse CCDC and SEDC for all eligible costs (as defined) incurred in connection with such activities. Neither the financial position nor the transactions of CCDC and SEDC are included as part of the financial statements. However, reimbursements to CCDC and SEDC for services provided to the Agency result in administrative charges that are included in the financial statements as Agency costs.

The City Council and the City Mayor, acting in accordance with the City Charter, the City's Municipal Code and applicable state laws, appoint the members of the Board of Directors of CCDC and SEDC. The City Council acts as the Agency's Board of Directors.

On January 1, 2006 the City implemented the strong mayor form of government. Accordingly, the Agency's Bylaws were amended to state that the Executive Director or Directors shall be the Mayor or such person or persons as may be designated by the Agency. The Agency Board has designated the Mayor as Executive Director for a limited term and has extended such term through March 1, 2011 by resolution.

b. Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the Statement of Net Assets and the Statement of Activities) report information on all activities of the Agency. The effect of interfund activity has been removed from these statements.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported instead as general revenues.

All funds presented in the fund financial statements are governmental funds. Major governmental funds are reported as separate columns in the fund financial statements.

The Agency reports the following major funds:

Centre City Low and Moderate Income Housing Fund – The Centre City Low and Moderate Income Housing Fund is a Special Revenue Fund used to account for 20 percent of the tax increment revenue generated from the Centre City Project Area, affordable housing bond proceeds and the costs associated with the Agency's effort to increase and improve the community's supply of affordable housing for persons and families of low and moderate income in this area.

Centre City Other Special Revenue Fund – The Centre City Other Special Revenue Fund is used to account for transactions that cannot be clearly identified with capital projects, debt service or affordable housing. These transactions include those related to the Grantville settlement agreement with the City and County; revenue collected from the operation of two parking structures in the project area; satisfaction of the City's debt service obligations related to the Ballpark Lease Revenue Bonds, Series 2007A; and tax sharing payments to other entities.

Centre City Debt Service Fund – The Centre City Debt Service Fund is used to account for the accumulation of resources for, and the payment of, long-term debt principal, interest, and related costs of the Centre City Project Area.

Centre City Capital Projects Fund – The Centre City Capital Projects Fund is used to account for the receipt of bond proceeds, costs associated with the acquisition of land held for resale, construction of major capital facilities, development and improvement of infrastructure and other public improvements in the Centre City Project Area.

Additionally, the Agency reports the following other governmental fund types:

Special Revenue Funds – Special revenue funds are used to account for proceeds of specific revenue sources (other than those for major capital projects) that are legally restricted to expenditures for specified purposes.

Debt Service Funds – Debt service funds are used to account for the accumulation of resources for, and the payment of, governmental activities long-term debt principal, interest, and related costs.

Capital Projects Funds – Capital projects funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities.

All nonmajor governmental funds are accounted for and reported similarly to major governmental funds.

c. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

Government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements have been met.

Amounts reported as program revenues include (1) operating grants and contributions and (2) capital grants and contributions. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes. As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. Expenditures are recognized when the related fund liability is incurred except for principal and interest of general long-term debt which are recognized when due.

Revenues which are considered susceptible to accrual include tax increment, rents, interest and grants, provided they are received within 60 days from the end of the fiscal year. Revenue from private sources, other agencies, city participation, and other revenues are recorded as revenues when received in cash because they are generally not measurable until actually received.

d. Tax Increment Revenues

Tax Increment Revenues represent taxes collected in the Agency's redevelopment project areas from the excess of taxes levied and collected over that amount which was levied and collected in the base year (the inception year of redevelopment project areas) property tax assessment along with a provision for inflation.

The County of San Diego (the "County") assesses, bills, and collects property taxes on behalf of numerous special districts and incorporated cities, including the Agency. The Agency's collections of current year's taxes are received through 9 periodic apportionments from the County.

Property owners of the City can appeal the assessment of their property to the County Assessment Appeals Board. A property's taxable value may be reduced as a result of a successful appeal of the taxable value of property determined by the County Assessor. An appeal may result in a reduction of the County Assessor's original taxable value and tax refund to the applicant property owner. The reduction in future Project Areas taxable values and the refund of taxes affects all taxing entities, including the Agency.

The County's tax calendar is from July 1 to June 30. Property taxes attach as a lien on property on January 1, are levied the following July 1, are then payable in two equal installments on November 1 and February 1, and become delinquent after December 10 and April 10, respectively. General property taxes are based either on a flat 1% rate applied to the 1975-76 full value of the property or on 1% of the sales price of any property sold or of the cost of any new construction after the 1975-76 valuation. Taxable values of properties (exclusive of increases related to sales and new construction) can increase a maximum of 2% per year. The limitation on general property taxes does not apply to taxes levied to pay the debt service on any indebtedness approved by the voters prior to June 6, 1978.

At the government-wide level, Tax Increment Revenues are recognized in the fiscal year for which the taxes have been levied. For the governmental funds, Tax Increment Revenues are recognized in the fiscal year for which the taxes have been levied, provided the taxes are received within 60 days of year end. Tax Increment Revenues received after this date are not considered available as a resource that can be used to finance the current fiscal year operations of the Agency and, therefore, are recorded as deferred revenue in the governmental funds. The Agency provides an allowance for uncollected property taxes of 3% of the outstanding balance which reflects historical collections.

e. Encumbrances

Encumbrance accounting, under which purchase orders, contracts and other commitments for the expenditure of funds are recorded in order to reserve that portion of the applicable appropriation, is employed as an extension of formal budgetary control in the budgeted governmental funds.

Encumbrances outstanding at year-end are reported as reservation of fund balances since the commitments will be honored through subsequent years' continuing appropriations. Encumbrances do not constitute expenditures or liabilities for GAAP reporting purposes.

f. Equity in Pooled Cash and Investments

The Agency's Pooled Cash and Investments are part of the City's Pooled Cash and Investments. The City's cash resources are combined to form a cash and investment pool managed by the City Treasurer (the City Pool). The City Pool is not registered as an investment company with the Securities and Exchange Commission (SEC) nor is it a 2a7-like pool. The investment activities of the Treasurer in managing the Pool are governed by California Government Code § 53601 and the City's Investment Policy which is reviewed by the Investment Advisory Committee and approved annually by the City Council. Interest earned on pooled investments is allocated to participating funds and entities based upon their average daily cash balance during the allocation month. Fair value adjustments to the Pool are recorded annually; City Treasurer reports fair values on a monthly basis. The value of the shares in the Pool is equal to the fair value of the Pool.

Additionally, the Agency maintains individual accounts pursuant to bond issuances. The investment of these funds is governed by the policies set forth in individual indenture and trustee agreements.

All City investments are reported at fair value in accordance with GASB 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools*. Deposit and investment risks are disclosed in Note 3 of the notes to the financial statements in accordance with GASB 40, *Deposit and Investment Risk Disclosures*. GASB 40 communicates deposit and investment risks to financial statement users. Common risk disclosures include interest rate risk, credit risk, concentration of credit risk, and custodial credit risk. Note 3 also contains additional information on permissible investments per the City's Investment Policy and other policies applicable to the cash and investments reported herein.

g. Land Held for Resale

Land Held for Resale, purchased by the Agency, is reported in the government-wide and fund financial statements at the lower of cost or net realizable value. In the governmental funds financial statements, fund balances are reserved in an amount equal to the carrying value of Land Held for Resale because such assets are not available to finance the Agency's current operations.

Land is originally recorded at historical cost and adjusted to net realizable value when the Agency enters into disposition and development agreements whereby the property will be sold for less than its historical cost, when a property is impaired or when property values decrease due to market conditions.

h. Capital Assets

Non-depreciable capital assets, which include land and construction in progress, are reported in the government-wide financial statements. Depreciable capital assets, which include structures, improvements and equipment, are reported in the government-wide financial statements net of accumulated depreciation. To meet the criteria for capitalization, the asset must have a useful life in excess of one year and in the case of capital outlay, must equal or exceed a capitalization threshold of \$5. All other capital assets such as land and structures are capitalized regardless of cost. Subsequent improvements are capitalized to the extent that they extend the initial estimated useful life of the capitalized asset or improve the efficiency or capacity of that asset. Costs for routine

maintenance are expensed as incurred. Costs related to development of City infrastructure are not capitalized because these assets are maintained by the City and not the Agency. In cases where the Agency purchases land or structures for development of City infrastructure, acquisition and improvement costs are capitalized and reported as Agency capital assets until they are conveyed to the City, once the project is completed. Losses on the retirement of assets conveyed to the City are reflected in the Statement of Activities.

Capital assets, when purchased or constructed, are recorded at historical cost or estimated historical cost. Donated capital assets are recorded at the estimated fair value on the date of donation. Depreciation of capital assets is computed using the straight-line method over the estimated useful life of the asset as follows:

Assets	Years
Structures and Improvements	20-50
Equipment	3-25

i. Deferred Charges

In the government-wide financial statements, deferred charges represent the unamortized portion of bond issuance costs. These costs will be amortized over the life of the related bonds using a method which approximates the effective yield method.

j. Deferred Revenue

In the governmental funds financial statements, deferred revenue represents revenues which have been earned but have not met the recognition criteria based on the modified accrual basis of accounting.

k. Interfund Transactions

Interfund transactions between the Agency’s governmental funds are mostly transfers of assets (such as cash or goods) without equivalent flows of assets in return.

Tax increment revenue is originally deposited in the project area’s debt service fund to satisfy the Agency’s debt service obligations and in the low and moderate income housing fund for affordable housing activities. Tax increment is transferred from the project area’s debt service fund to the capital projects fund to pay for redevelopment activities, and to the other special revenue funds to make tax sharing payments and satisfy other obligations.

Housing bond proceeds are recorded in the Low and Moderate Income Housing Funds while redevelopment bond proceeds are recorded in the Capital Projects Funds. These proceeds are typically expended in the funds where they are recorded. However, they are sometimes transferred to the Debt Service Funds to satisfy a debt obligation to the City or a developer.

l. Long-Term Liabilities

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the Statement of Net Assets. Bond premiums and discounts, bond issuance costs and bond refunding gains and losses are amortized over the life of the bonds, using a method that approximates the effective yield method. Net bonds payable reflect amortized bond accretion and unamortized bond discounts, premiums and refunding gains and losses.

m. Sundry Trust Liabilities

Under approval of certain agreements, developers submit to the Agency an initial deposit to ensure the developer proceeds diligently and in good faith to negotiate and perform all of the obligations

under the agreement. These deposits can normally be used for administrative costs of the Agency. In the government-wide financial statements and in the fund financial statements, the unspent portion of these deposits, called Sundry Trust Liabilities, are reported as liabilities of the Agency.

n. Claims and Judgments

The costs of claims and judgments are accrued when incurred and measurable in the government-wide financial statements. In governmental funds, the costs of claims and judgments are recorded as expenditures when payments are made.

o. Net Assets and Fund Equity

In the government-wide financial statements, net assets are categorized as follows:

- Invested in Capital Assets, Net of Related Debt consists of capital assets, net of accumulated depreciation, and reduced by outstanding debt attributed to the acquisition of these assets.
- Restricted Net Assets consist of assets, net of any related liabilities, which have had restrictions imposed on them by external creditors, grantors, contributors, or laws or regulations of other governments or law through constitutional provisions or enabling legislation. When both restricted and unrestricted resources are available for use, it is the Agency's policy to use restricted resources first and then unrestricted resources, as they are needed.
- Unrestricted Net Assets consist of net assets that do not meet the definition of Invested in Capital Assets, Net of Related Debt or Restricted Net Assets.

In the fund financial statements, portions of fund equity of governmental funds have been reserved for specific purposes. Reservations were created to either (1) satisfy legal covenants that require a portion of the fund balance to be segregated or (2) identify the portion of the fund balance that is not appropriable for future expenditures.

Designated fund balance represents that portion of fund equity for which the Agency has made tentative plans.

Undesignated fund balance represents that portion of fund equity which is available for appropriation in future periods.

p. Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amount of certain assets and liabilities, disclosure of contingent assets and liabilities, and the related reported amounts of revenues and expenses. Actual results could differ from those estimates. Management believes that the estimates are reasonable.

q. Agreements

On March 30, 2004 the Agency entered into a Development and Disposition Agreement (DDA) with Western Pacific Housing for a condominium development project in the North Park Redevelopment Project Area. Under the agreement, the Agency promised to pay the maximum aggregate principal amount of \$3,000 of which \$2,100 represented the Affordability Component of the Agency Payment Obligation, and \$900 represented the Public Improvement Component. The Affordability Component was subject to an adjustment based on the actual project sales revenue proceeds received by Western Pacific Housing. Western Pacific Housing completed the sale of all 45 affordable units in the current fiscal year. The resulting adjustment to the Affordable Component of the obligation, computed based on the actual project sales was a reduction of \$972 to an adjusted balance outstanding of \$1,128. Additionally, due to the fact that Western Pacific Housing did not comply with prevailing wage

requirements of the DDA, the Public Improvement Component of the obligation was eliminated. The principal amount outstanding bears simple interest at a rate equal to 5% per annum. All payments shall be made from the site-generated property tax increment.

The Redevelopment Agency has entered into various agreements with the San Diego Housing Commission (SDHC) for the administration of programs that benefit, very low, low and moderate-income persons and families in various redevelopment project areas.

The Housing Enhancement Loan Program finances up to \$25 for property rehabilitation and enhancement and an additional \$5 (subject to an annual simple interest rate of 3%) for water conserving landscape improvements and/or energy conserving improvements to eligible homeowners. The total amount of the loan and accrued interest is forgiven in 20% increments and forgiven over a ten year period upon participant's compliance with the terms and conditions of the loan agreement.

The Housing Rehabilitation Loan Program finances interior and exterior improvements and the repair of health and safety hazards. Interior and health and safety hazard loans have a ten year deed restriction, while the exterior enhancement loans have a five year deed restriction. These loans require that the owner maintain residence in the property for at least the agreed number of years, or restricts sale of property to buyers with certain income requirements. Loans are forgivable after the agreed upon term.

Agency contributions to these programs are expensed at the government-wide and fund financial statements at the time the cash is transferred to the SDHC. Revenue generated by the programs are not recognized by the Agency due to the fact that they are intended to be used to finance additional loans within the programs, will be retained by the SDHC and are not available to fund other activities. Should the Agency decide to terminate these agreements, revenue would be recognized at the time the program is discontinued and any outstanding loan balance would be recorded as a Note Receivable in the government-wide and fund financial statements.

The Downtown First Time Home Buyer program provides 30-year, zero-interest second trust deed loans of up to \$75 to eligible low and moderate income persons and families for purchase of eligible units within the Project Areas. Level monthly principal payments commence in year six. All loan proceeds, including the Agency's share of appreciation, must be deposited in the Low and Moderate Income Housing Set-Aside fund. The program was terminated in the current fiscal year and SDHC returned any funds it was holding on the Agency's behalf in October 2010. The Housing Commission continues to monitor any existing loans on behalf of the Agency.

As of June 30, 2010, \$943 had been loaned under the Downtown First Time Home Buyer program and \$435 continued to be held by SDHC. Termination of the program resulted in revenue recognition of \$1,378 at the government-wide level, the total amount which had been disbursed to SDHC for implementation of the program. At the government-wide and fund level, the amount loaned to qualifying buyers is reported as a note receivable and the balance held with SDHC as accounts receivable. At the fund level, the \$435 currently held by SDHC is reported as Deferred Revenue because it was collected 60 days after the end of the fiscal year. The balance of \$943 was recognized as revenue.

The Office of the Inspector General (OIG) audited the City's Community Development Block Grant (CDBG) program, specifically CDBG loans to the Agency, and on December 30, 2008, OIG issued its audit report to HUD, Office of Community Planning and Development (OPD). In addition to other findings, OIG determined that the City failed to execute loan agreements and repayment schedules for the CDBG loans issued to the Agency, totaling \$69,250. The OIG audit report recommended that HUD require the City to execute written interagency agreements and loan agreements with the Agency for these outstanding loan amounts.

After reaching agreement with HUD on appropriate corrective actions with respect to the audit report, on June 30, 2010, the City and Agency executed a repayment agreement in which a total of \$75,153

was scheduled to be repaid by the Agency to the City over a ten year period commencing with the current fiscal year. The source of these repayments was determined based on the ability of each project area to repay the debt. Additionally, the amount of CDBG outstanding principal and related accrued interest resulted in scheduled principal payments of \$36,716 and interest payments of \$38,437.

Interest will continue to accrue on the outstanding principal balance of all loans at a rate of prime rate plus 2%. For those City loans under the repayment agreement between the City and Agency, payments are to apply to principal first and then to accrued interest. For those City loans not included under the repayment agreement, on the outstanding principal of \$77,777 and accrued interest of \$117,252 payments will continue to apply to accrued interest first and then to outstanding principal.

r. Tax Increment Sharing Payments

Prior to the adoption of Section 33607.5 of the Redevelopment Law, a redevelopment agency was authorized to enter into agreements to pay tax increment revenues to any taxing agency that had territory located within a redevelopment project area in an amount which, in the Agency's determination, was appropriate to alleviate any financial burden or detriment caused by the redevelopment project. These agreements normally provided for a pass-through of tax increment revenues directly to the affected taxing agency, and, therefore, are commonly referred to as "pass-through agreements".

Section 33607.5 of the Redevelopment Law repealed the provisions that enabled pass-through agreements, although existing pass-through agreements remained in place. Section 33607.5 replaces the payments from new pass-through agreements with a statutory tax increment sharing formula for all redevelopment project areas established on or after January 1, 1994 and requires statutory pass-through payments ("Statutory Pass-through Payments") to all existing taxing entities.

Section 33607.7 was subsequently added to Redevelopment Law to provide for Statutory Pass-through Payments to affected taxing entities that do not have existing tax sharing agreements. If a redevelopment plan adopted prior to January 1, 1994 is amended to eliminate its time limit on the establishing of loans, advances and indebtedness, the amounts of Statutory Pass-through Payments under section 33607.5 are computed as follows:

- From the first fiscal year in which the Agency receives tax increment until the last fiscal year in which the Agency receives the tax increment, 25% of the tax increment is passed through to the entities (net of the 20% housing set aside).
- Commencing in the eleventh fiscal year, an additional 21% of the tax increment in excess of the tenth fiscal year tax increment is passed through to the entities (net of the 20% housing set aside).
- Commencing in the thirty first fiscal year, an additional 14% of the tax increment in excess of the thirtieth fiscal year tax increment is passed through to the entities (net of the 20% housing set aside).

The Agency records liabilities and expenditures related to tax sharing payments based on the criteria established by GASB 33. The Agency defines the applicable period for recognition as the fiscal year in which tax increment sharing payments are appropriated. Instances in which tax sharing payments are not made in the fiscal year they are appropriated result in a liability and expenditure to the Agency for that year, regardless of the timing of cash flows.

s. New Governmental Accounting Standards Implemented during fiscal year ended June 30, 2010

The requirements for the following accounting standards are effective for the purpose of implementation, for the Agency, for fiscal year ended June 30, 2010.

In June 2007, GASB issued Statement No. 51, *Accounting and Financial Reporting for Intangible Assets*, which establishes accounting and financial reporting requirements for intangible assets, particularly in the areas of recognition, initial measurement, and amortization. As of June 30, 2010, the Agency did not own intangible assets.

In June 2008, GASB issued Statement No. 53, *Accounting and Financial Reporting for Derivative Instruments*, which addresses the recognition, measurement, and disclosure of information regarding derivative instruments entered into by state and local governments. It requires governments to measure derivative instruments, with the exception of synthetic guaranteed investment contracts, that are fully benefit-responsive, at fair value in their economic resources measurement focus financial statements. These improvements should allow users of those financial statements to more fully understand a government's resources available to provide services. As of June 30, 2010, the Agency has not entered into derivative instruments.

In December 2009, GASB issued Statement No. 58, *Accounting and Financial Reporting for Chapter 9 Bankruptcies*, which provides accounting and financial reporting guidance for governments that have petitioned for protection from creditors by filing for bankruptcy under Chapter 9 of the United States Bankruptcy Code. It requires governments to remeasure liabilities that are adjusted in bankruptcy when the bankruptcy court confirms (that is, approves) a new payment plan. As of June 30, 2010, the Agency has not filed for bankruptcy.

2. RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS (In Thousands)

The Governmental Funds Balance Sheet includes a reconciliation between Total Fund Equity - Governmental Funds and Total Net Assets - Governmental Activities as reported in the Government-wide Statement of Net Assets. Certain adjustments are necessary to reconcile governmental funds to governmental activities. The details of these adjustments are as follows.

- a. Explanation of certain differences between the Governmental Funds Balance Sheet and the Government-wide Statement of Net Assets:

One element of the reconciliation states, "Other assets and liabilities used in governmental activities are not financial resources, and therefore, are either deferred or not reported in the funds." The details of this \$15,360 difference are as follows:

Deferred Charges, net July 1, 2009	\$ 9,709
Issuance Costs	246
Amortization Expense	(591)
Deferred Charges, net June 30, 2010	<u>9,364</u>
Deferred Revenue:	
Taxes Receivable	5,561
Other Receivable	435
Deferred Revenue, net June 30, 2010	<u>5,996</u>
Net adjustment to increase Total Fund Balances – Governmental Funds to arrive at Total Net Assets of Governmental Activities	<u>\$ 15,360</u>

Another element of the reconciliation states that "Some liabilities are not due and payable in the current period and therefore are not reported in the funds." The details of this \$ (1,025,911) difference are as follows:

Liability Claims	\$ (71,790)
Bonds Payable	(555,858)
Pooled Financing Loans	(32,780)
Net Premiums and Discounts on Bond and Loan Issuances	(5,725)
Unamortized Loss on Refunding	827
Contracts Payable	(1,018)
Notes Payable	(11,601)
Loans Payable	(158,578)
Accreted Interest Payable on Bonds	(16,535)
Accrued Interest Payable on Long-Term Debt	(9,896)
Accrued Interest Payable on City Loans and Notes	<u>(162,957)</u>
Net adjustment to decrease Total Fund Balances - Governmental Funds to arrive at Total Net Assets of Governmental Activities	<u>\$ (1,025,911)</u>

- b. Explanation of certain differences between the Governmental Funds Statement of Revenues, Expenditures, and Changes in Fund Balances and the Government-wide Statement of Activities:

The Governmental Funds Statement of Revenues, Expenditures, and Changes in Fund Balances includes reconciliation between Net Change in Fund Balances - Total Governmental Funds and Changes in Net Assets of Governmental Activities as reported in the Government-wide Statement of Activities. One element of that reconciliation explains that, "Governmental funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense." The details of this \$13,196 difference are as follows:

Capital outlay	\$ 14,966
Depreciation expense	<u>(1,770)</u>
Net adjustment to increase Net Changes in Fund Balances – Governmental Funds to arrive at Changes in Net Assets of Governmental Activities	<u>\$ 13,196</u>

Another element of the reconciliation states that "The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities." The details of this \$13,108 difference are as follows:

Debt Issued or Incurred:	
Issuance of Tax Allocation Bonds	\$ (13,930)
Add Discounts	92
Bond Issuance Costs	246
Net Accretion on Capital Appreciation Bonds	(1,853)
Loans Payable	(14,861)
Principal Repayments:	
Revenue Bonds	995
Tax Allocation Bonds	19,054
Pooled Financing Authority Loans Payable	680
Loans Payable	12,534
Contracts Payable	860
Notes Payable	899
Other Changes in Long-Term Debt	
Note Payable Modification	586
Contract Payable Modification	2,837
Loan Payable Modification	<u>4,969</u>
Net adjustment to increase Net Changes in Fund Balances – Total Governmental Funds to arrive at Changes in Net Assets of Governmental Activities	<u>\$ 13,108</u>

Another element of the reconciliation states that “Some expenses reported in the Statement of Activities do not require the use of current financial resources, and therefore are not accrued as expenses in governmental funds.” The details of this \$(6,074) difference are as follows:

Change in Liability Claim	\$ (1,230)
Change in Accrued Interest on Long-Term Debt	2,265
Change in Accrued Interest on City Note and Loans	(6,711)
Amortization of Bond Issuance Costs	(591)
Amortization of Bond Premiums, Discounts and Deferred Charges on Refunding	193
Net adjustment to decrease Net Changes in Fund Balances – Total Governmental Funds to arrive at Changes in Net Assets of Governmental Activities	<u>\$ (6,074)</u>

3. CASH AND INVESTMENTS (In Thousands)

The following is a summary of the carrying amount of the Agency’s cash and investments:

	<u>Governmental Activities</u>
Cash or Equity in Pooled Cash and Investments	\$ 508,160
Cash and Investments with Fiscal Agent	98,464
Investments	<u>90,163</u>
Total	<u>\$ 696,787</u>

a. Cash or Equity in Pooled Cash and Investments

The Agency participates in the City’s Pooled Cash and Investments. Cash or Equity in Pooled Cash and Investments represents petty cash, cash at the bank in demand Pool deposit and/or savings accounts, and cash in escrow for contract retention payables. Furthermore, it represents equity in pooled cash and investments. The Agency does not own identifiable investment securities of the Pool; rather, it participates as a shareholder of the Pool. It does however, own identifiable investments which are not part of the Pool and are managed by the City Treasurer.

b. Cash and Investments with Fiscal Agent

Cash and Investments with Fiscal Agents represents cash and investments held by fiscal agents resulting from bond issuances. More specifically, these funds represent reserves held by fiscal agents or trustees as legally required by bond issuances and liquid investments held by fiscal agents or trustees which are used to pay debt service.

c. Investments

Investments represent investments managed by the City Treasurer which are not part of the City’s Pooled Cash and Investments.

d. Investment Policy

City of San Diego Investment Policy

The Agency follows the City’s Investment Policy. In accordance with City Charter Section 45 and under authority annually approved by the City Council, the City Treasurer is responsible for the

safekeeping and investment of the unexpended cash in the City Treasury according to the City Treasurer's Investment Policy (the "Policy"). This Policy applies to all of the investment activities of the City except for the pension trust funds, the proceeds of certain debt issues, which are managed and invested at the direction of the City Treasurer in accordance with the applicable indenture or by Trustees appointed under indenture agreements or by fiscal agents, and the assets of trust funds, which are placed in the custody of the Funds Commission by Council ordinance.

City staff review the Policy annually and make revisions based upon changes to the California Government Code and the investment environment. These suggested revisions are presented to the City Treasurer's Investment Advisory Committee (IAC) for review and comment. The IAC consists of two City representatives and three outside financial professionals with market and portfolio expertise. The City Council reviews the Policy and considers acceptance on an annual basis.

The Policy is governed by the California Government Code (CGC), Sections 53600 et seq. The following table presents the authorized investments, requirements, and restrictions per the CGC and the City Policy:

Investment Type	Maximum Maturity (1)		Maximum % of Portfolio		Maximum % with One Issuer		Minimum Rating	
	CGC	City Policy	CGC	City Policy	CGC	City Policy	CGC	City Policy
U.S. Treasury Obligations (bills, bonds, or notes)	5 years	5 years	None	None	None	None	None	None
U.S. Agencies	5 years	5 years	None	(2)	None	(2)	None	None
Bankers' Acceptances (6)	180 days	180 days	40%	40%	30%	10%	None	(3)
Commercial Paper (6)	270 days	270 days	25%	25%	10%	10%	P1	P1
Negotiable Certificates (6)	5 years	3 years	30%	30%	None	10%	None	(3)
Repurchase Agreements	1 year	1 year	None	None	None	None	None	None
Reverse Repurchase Agreements (4)	92 days	92 days	20%	20%	None	None	None	None
Local Agency Investment Fund	N/A	N/A	None	None	None	None	None	None
Non-Negotiable Time Deposits (6)	5 years	3 years	None	25%	None	10%	None	(3)
Medium Term Notes/Bonds (6)	5 years	3 years	30%	30%	None	10%	A	A
Municipal Securities of California Local Agencies (6)	5 years	5 years	None	20%	None	10%	None	A
Mutual Funds	N/A	N/A	20%	20%	10%	5%	AAA	AAA
Notes, Bonds, or Other Obligations	5 years	5 years	None	None	None	None	None	AA
Mortgage Pass-Through Securities	5 years	5 years	20%	20%	None	None	AA	AAA
Financial Futures (5)	N/A	None	None	None	None	None	None	None

Footnotes:

- (1) In the absence of a specified maximum, the maximum is 5 years.
- (2) No more than one-third of the cost value of the total portfolio at time of purchase can be invested in the unsecured debt of any one agency.
- (3) Credit and maturity criteria must be in accordance per Section X of the City's Investment Policy.
- (4) Maximum % of portfolio for Reverse Repurchase Agreements is 20% of base value.
- (5) Financial futures transactions would be purchased only to hedge against changes in market conditions for the reinvestment of bond proceeds.
- (6) Investment types with a 10% maximum with one issuer are further restricted per the City's Investment Policy: 5% per issuer and an additional 5% with authorization by City Treasurer.

According to the Policy, the City may enter into repurchase and reverse repurchase agreements only with primary dealers of the Federal Reserve Bank of New York with which the City has entered into a master repurchase agreement.

Additionally, the Policy authorizes investment in other specific types of securities. The City may invest in floating rate notes with coupon resets based upon a single fixed income index (which would be representative of an eligible investment), provided that security is not leveraged. Structured notes issued by U.S. government agencies that contain imbedded calls or options are authorized as long as those securities are not inverse floaters, range notes, or interest only strips derived from a pool of mortgages. A maximum of 8% of the "cost value" of the pooled portfolio may be invested in structured notes.

Ineligible investments prohibited from use in the portfolio include, but are not limited to, common stocks and long-term corporate notes/bonds. A copy of the Investment Policy can be found on the City Treasurer's webpage at www.sandiego.gov/treasurer/investments/invpolicy.shtml.

Other Investment Policies

The City and its component units, including the Agency, have funds invested in accordance with various bond indenture and trustee agreements. The investment of these bond issuances is in accordance with the Permitted Investments section and applicable account restrictions outlined in the Indenture of each bond issuance. The Permitted Investments section in each Indenture will vary based upon the maturity, cash flow demands and reserve requirements associated with each issuance. In general, the Permitted Investments section of each Indenture will closely resemble the City Treasurer's Investment Policy, but may include certain investment options not authorized by applicable law for the City Treasurer's Investment Policy (CGC §53601). Copies of the individual bond indentures can be requested from the City Treasurer's Investment Division, 1200 3rd Avenue, Suite 1624, San Diego, CA 92101.

e. Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Market or interest rate risk for the City's pooled investments is intended to be mitigated by establishing two portfolios, a liquidity portfolio and a core portfolio. Target durations are based upon the expected short and long-term cash needs of the City. The liquidity portfolio is structured with an adequate mix of highly liquid securities and maturities to meet major cash outflow requirements for at least six months (per CGC Section 53646). The liquidity portfolio uses the Merrill Lynch 3-6 months Treasury Index as a benchmark with duration of plus or minus 40% of the duration of that benchmark.

The core portfolio uses the Merrill Lynch 1-3 years Treasury Index as a benchmark with a duration of plus or minus 20% of the duration of that benchmark. It consists of high quality liquid securities with a maximum maturity of 5 years and is structured to meet the longer-term cash needs of the City. Information about the sensitivity of the fair value of the Agency's investments to market interest rate fluctuations is presented in the table below.

	Maturity in Years			Fair Value
	Under 1	1-3	3-5	
<u>Cash or Equity in</u>				
City Pooled Cash & Investments	\$ -	\$ 508,160	\$ -	\$ 508,160
<u>Non-Pooled Investments with</u>				
<u>City Treasurer:</u>

US Agency Notes & Bonds	1,467	-	-	1,467
Money Market Funds	10,965	-	-	10,965
Subtotal - Investments with Fiscal Agent	52,636	24,890	20,938	98,464
Total Cash and Investments	\$ 140,747	\$ 535,102	\$ 20,938	\$ 696,787

¹ As of June 30, 2010, the City Pooled Cash and Investments weighted average maturity was 468 days.

f. Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. At June 30, 2010, the Agency's investments and corresponding credit ratings are as follows:

	<u>Moody's Rating</u>	<u>S&P</u>	<u>Fair Value</u>	<u>Percentage</u>
<u>Cash or Equity in</u>				
City Pooled Cash & Investments	Not Rated	Not Rated	\$ 508,160	<u>100.00%</u>
<u>Non-Pooled Investments with</u>				
<u>City Treasurer:</u>				
US Treasury Bills	Exempt	Exempt	72,024	79.88%
US Treasury Notes & Bonds*	Exempt	Exempt	7,598	8.43%
US Agencies - Federal National Mortgage Association	P1	N/A	2,419	2.68%
Commercial Paper	P1	N/A	<u>8,122</u>	<u>9.01%</u>
Subtotal - Non-Pooled Investments			<u>90,163</u>	<u>100.00%</u>
<u>Investments with Fiscal Agent</u>				
<u>and Other Investments:</u>				
US Treasury Bills	Exempt	Exempt	21,244	21.57%
US Treasury Notes & Bonds	Exempt	Exempt	64,788	65.80%
US Agencies - Federal National Mortgage Association	P1	N/A	1,467	1.49%
Money Market Funds	Aaa	N/A	<u>10,965</u>	<u>11.14%</u>
Subtotal - Other Investments			<u>98,464</u>	<u>100.00%</u>
Total Cash and Investments			<u>\$ 696,787</u>	

"N/A" - S&P rating not applicable, Moody's rating provided.

"Exempt" - Per GASB 40, US Treasury Obligations do not require disclosure of credit quality.

g. Concentration of Credit Risk

Concentration of credit risk is the risk of loss attributed to the relative size of an investment in a single issuer. Investments issued explicitly guaranteed by the U.S. government and investments in mutual funds, external investment pools, and other pooled investments are exempt.

h. Custodial Credit Risk

At June 30, 2010, all of the Agency's cash and investments were part of the City's Pool, held by fiscal agents or invested by the City Treasurer outside of the City Pool. None of the Agency's cash and investments are uninsured and unregistered, with securities held by a counterparty, or by its trust department or agent but not in the Agency's name.

4. CAPITAL ASSETS (In Thousands)

Capital asset activity for the fiscal year ended June 30, 2010, was as follows:

	Beginning Balance	Increases	Decreases	Ending Balance
Governmental Activities:				
Non-Depreciable Capital Assets:				
Land	\$ 123,437	\$ 14,966	\$ (307)	\$ 138,096
Total Non-Depreciable Capital Assets	<u>123,437</u>	<u>14,966</u>	<u>(307)</u>	<u>138,096</u>
Depreciable Capital Assets:				
Structures and Improvements	69,732	-	-	69,732
Equipment	819	-	-	819
Total Depreciable Capital Assets	<u>70,551</u>	<u>-</u>	<u>-</u>	<u>70,551</u>
Less Accumulated Depreciation for:				
Structures and Improvements	(5,374)	(1,744)	-	(7,118)
Equipment	(751)	(26)	-	(777)
Total Accumulated Depreciation	<u>(6,125)</u>	<u>(1,770)</u>	<u>-</u>	<u>(7,895)</u>
Total Depreciable Capital Assets, Net	<u>64,426</u>	<u>(1,770)</u>	<u>-</u>	<u>62,656</u>
Governmental Activities Capital Assets, Net	<u>\$ 187,863</u>	<u>\$ 13,196</u>	<u>\$ (307)</u>	<u>\$ 200,752</u>

Depreciation expense was charged to the Neighborhood Services governmental activities function in the amount of \$ 1,770.

In the current fiscal year, land purchases for the development of parks in the Centre City Project Area resulted in an increase in the Agency's capital assets of \$7,374. Land purchases and related costs of \$403 were incurred for the development of the East Village Green Park and \$6,971 for Saint Joseph's Park. Increases also include the reclassification of \$7,592 related to a property previously reported as land held for resale now reported as a capital asset. The property will be used for the 9th and Broadway affordable housing project and will be leased to Bridge Housing Corporation for a term of 70 years with a 20 year option to extend by the developer. These additions were offset by a decrease of \$307 in land related to the Children's Museum Park which was conveyed to the City.

5. GOVERNMENTAL ACTIVITIES LONG-TERM DEBT (In Thousands)**a. Long-Term Liabilities**

Governmental activities long-term debt consists of revenue bonds, tax allocation bonds, contracts payable, notes payable, and loans payable. A summary of these obligations as recorded in the government-wide Statement of Net Assets as of June 30, 2010, is as follows:

<u>Type of Obligation</u>	<u>Interest Rates</u>	<u>Fiscal Year Maturity Date</u>	<u>Original Amount</u>	<u>Balance Outstanding June 30, 2010</u>
Liability Claims				\$ 71,790
<u>Revenue Bonds:</u>

Total Governmental Activities			<u>\$ 727,898</u>	<u>\$ 1,011,117</u>

¹ Interest rates are fixed, and reflect the range of rates for various maturities from date of issuance to maturity.

² Loans Payable also includes six separate non-revolving secured three-year term lines of credit executed by the Agency with San Diego National Bank dated July 26, 2007. Four lines of credit are for affordable housing in North Park, City Heights, North Bay and Naval Training Center (NTC) Redevelopment Project Areas. Two lines of credit are for non-housing or general purposes for City Heights and NTC Redevelopment Project Areas. Each advance taken from the lines of credit has a fixed rate that is set on the day of the advance to be equal to either the United States Three-Year Treasury Constant Maturities Index plus one and nine-tenths percentage point or the One-Month LIBOR Rate plus one and one-tenth percentage point and that rate remains constant during the entire period such advance is outstanding.

³ The City of San Diego has loaned funds to the Redevelopment Agency to carry out and implement redevelopment activities which are expected to generate future tax increment revenues. The basis for computation of interest on these loans is based on the Prime Rate as printed in the Wall Street Journal on the first Monday following January 1 of the calendar year in which the fiscal year begins plus 2 percent on the outstanding principal loan balance only. The Prime Rate on January 1, 2009 was 3.25 percent. Pursuant to a repayment agreement by and between the Agency and the City executed on June 30, 2010, a portion of the outstanding principal of \$36,716 and related interest of \$38,437 has been scheduled to be repaid over a ten year period commencing with the current fiscal year. Payments shall be applied to outstanding principal first and then to accrued interest. The remaining outstanding principal balance of \$77,777 and related interest of \$117,252 continues to be unsecured and payable when practicable. Payments on this portion of the obligation shall be applied to accrued interest first and then to outstanding principal.

⁴ Interest on City Loans is not compounded.

⁵ Interest on City Note is compounded.

b. Amortization Requirements

The debt service for tax allocation bonds are paid from tax increment from the project area and the bonds are secured from the tax increment of the project area. The debt service for revenue bonds are secured and paid first from the revenue generated by certain public parking facilities operated by the City pursuant to a Parking Structure Operating Agreement between the City and the Agency. In the event that the operating revenues are insufficient to pay the debt service, parking meter revenue and tax increment have been pledged as additional security for the bonds.

The annual requirements to amortize the Agency's long-term debt outstanding as of June 30, 2010, including interest payments to maturity, are as follows:

Year Ending June 30,	Revenue Bonds		Tax Allocation Bonds			Pooled Financing Authority Loans	
	Principal	Interest	Principal	Unaccreted	Interest	Principal	Interest
				Appreciation**			
2011	\$ 1,040	\$ 1,418	\$ 19,948	\$ 2,243	\$ 26,682	\$ 770	\$ 1,846

*The contract payable to Western Pacific Housing, Inc. in the amount of \$1,018, notes payable to the Price Charities in the amount of \$3,301, note payable to the City in the amount of \$8,300, loans payable to the City in the amount of \$77,777, loans payable to the California Housing Financing Agency in the amount of \$1,250 and accrued interest associated with Contracts, Loans and Notes of \$125,626 do not have annual repayment schedules. Annual payments to Western Pacific Housing, Inc. and Price Charities debt are based on available tax increment. Principal and accrued interest totaling \$195,029 payable on City Loans and principal and accrued interest on the Naval Training Center Note to the City totaling \$15,568 are payable when practicable. Loans payable to the City of \$36,716 and related accrued interest of \$38,437, previously reported as unscheduled are now reported as scheduled, pursuant to a repayment agreement by and between the Agency and the City executed on June 30, 2010.

** Unaccreted Appreciation represents the amount to be accreted in future years regardless of the timing of cash flows.

c. Changes in Long-Term Liabilities

The following is a summary of changes in governmental activities long-term liabilities for the fiscal year ended June 30, 2010. The effect of bond accretion, bond premiums, discounts, and deferred amounts on bond refunds are amortized as adjustments to long-term liabilities.

	Balance, July 1, 2009	Additions	Reductions	Balance, June 30, 2010	Due Within One Year
Liability Claims	\$ 70,560	\$ 1,230	\$ -	\$ 71,790	\$ 1,230
Revenue Bonds	27,430	-	(995)	26,435	1,040
Less deferred amounts:					
For Issuance Discounts	(88)	-	5	(83)	-
Net Revenue Bonds	27,342	-	(990)	26,352	1,040
Tax Allocation Bonds	534,547	13,930	(19,054)	529,423	19,948
Accretion	14,682	2,163	(310)	16,535	392
Net with Accretion	549,229	16,093	(19,364)	545,958	20,340
Less/Plus deferred amounts:					
For Issuance Premiums/Discounts	5,824	(92)	(271)	5,461	-
On Refunding	(914)	-	87	(827)	-
Net Tax Allocation Bonds	554,139	16,001	(19,548)	550,592	20,340
Pooled Financing Authority Loans	33,460	-	(680)	32,780	770
Less/Plus deferred amounts:					
For Issuance Premiums/Discounts	361	-	(14)	347	-
Net Pooled Financing Authority Loans	33,821	-	(694)	33,127	770
Contracts Payable	4,715	-	(3,697)	1,018	-
Notes Payable	13,086	-	(1,485)	11,601	-
Loans Payable	161,220	14,861	(17,503)	158,578	43,070
Interest Accrued on City Note and Loans	156,246	7,294	(583)	162,957	112
Total	\$ 1,021,129	\$ 39,386	\$ (44,500)	\$ 1,016,015	\$ 66,562

The Agency issued \$13,930 of Subordinate Tax Allocation Bonds for the purpose of repaying the principal and interest outstanding on the Bank of America Line of Credit and to finance redevelopment activities relating to the North Park Redevelopment Project area. The Agency drew \$13,750 from the City Heights, Naval Training Center, North Bay and North Park San Diego National Bank housing lines of credit. Proceeds from these draws were used for various housing projects, including the Wakeland Village Green Apartments Project in the Crossroads Project Area, the Verbena Project in the San Ysidro Project Area, the Los Vientos Family Apartments Project and the Mercado Project in the Barrio Logan Project Area, and the Boulevard Apartments Project in the North Park Project Area. Additionally, the Agency drew \$1,111 from the Naval Training Center San Diego National Bank line of credit for the rehabilitation of historical buildings in the project area. In addition, accrued interest increased by \$6,141 on outstanding City Loans Payable and by \$1,153 on the outstanding Naval Training Center Note Payable to the City.

On December 9, 2009, the Agency Board approved the settlement agreement with San Diego State University Foundation (Foundation) on a complaint for specific performance alleging that the Agency breached an agreement requiring the Agency to sell certain property to the plaintiff. Based on the settlement, the Agency's Contract Payable to the Foundation of \$1,715 was reduced by \$965 to \$750 and related accrued interest of \$1,613 was eliminated. As part of the agreement the Agency transferred fee title of the property to the Foundation by Grant Deed.

On November 30, 2009, the Agency terminated a Disposition and Development Agreement (DDA) with CentrePoint LLC for the development of a mixed-use project within the Crossroads Project Area. Pursuant to the DDA, the Agency's contribution was in the form of a developer loan of \$5,245 to be repaid from the Crossroads Low and Moderate Income Housing Fund to subsidize 47 affordable units. The loan amount was later reduced to \$4,969 pursuant to a third implementation agreement with the developer. Termination of the agreement resulted in the elimination of the loan payable amount balance.

In the current fiscal year, the outstanding balance of the Contracts Payable to Western Pacific Housing of \$3,000 was reduced by \$1,872 pursuant to the disposition and development agreement between the Agency and Western Pacific Housing. The Affordability Component of the obligation, which is subject to an adjustment based on the actual project sales revenue proceeds received by Western Pacific Housing, resulted in a reduction of \$972. Additionally, due to the fact that Western Pacific Housing did not comply with prevailing wage requirements of the DDA, the Public Improvement Component of the obligation of \$900 was eliminated.

On April 23, 2010, the Agency conveyed a property in the City Heights Project Area to the developer of the City Heights Square Project. In accordance with the development and disposition agreement, the developer agreed to pay a purchase price for the acquisition parcel equal to \$586, to be applied as a credit to reduce the principal balance owed by the Agency to the developer, resulting in a reduction to the Price Charities Note Payable of the same amount.

Liability claims increased by \$1,230 due to settlement of a claim with Jack in the Box for loss of goodwill, relocation benefits, fixtures and equipment, regarding a property acquired through eminent domain in the City Heights Project Area.

d. Defeasance and Redemption of Debt

As of June 30, 2010, principal amounts payable from escrow funds established for defeased bonds are as follows:

<u>Defeased Bonds</u>	<u>Amount Outstanding</u>
Central Imperial Redevelopment Project Tax Allocation Bonds, Series 2000	\$ 2,910
Southcrest Redevelopment Project Tax Allocation Bonds, Series 2000	<u>1,470</u>
Total Defeased Bonds Outstanding	<u>\$ 4,380</u>

e. Long-Term Pledged Liabilities

In September 2006, GASB issued Statement No. 48, *Sales and Pledges of Receivables and Future Revenues and Intra-Entity Transfers of Assets and Future Revenues*. Governments sometimes exchange an interest in their expected cash flows from collecting specific receivables or specific future revenues for immediate cash payments—generally, a single lump sum. The disclosures pertaining to future revenues that have been pledged are intended to provide financial statement users with information about which revenues will be unavailable for other purposes and how long they will continue to be so.

Governmental long-term pledged liabilities as of June 30, 2010 are comprised of the following:

<u>Type of Pledged Revenue</u>	<u>Fiscal Year Maturity Date</u>	<u>Pledged Revenue to Maturity</u>	<u>Debt Principal & Interest Paid</u>	<u>PI Re Re</u>
<u>Pledged Net Operating Revenue (Parking):</u>				
Centre City Parking Revenue Bonds, Series 1999 A	2026	\$ 15,111	\$ 954	\$

¹ Proceeds received by the City were loaned to the Agency and are reflected as part of City Loans Payable in other sections of the report. Tax Increment revenue from the Naval Training Center Project Area was pledged for repayment of this obligation.

6. INTERFUND RECEIVABLES, PAYABLES, AND TRANSFERS (In Thousands)

Interfund transfers result from the transfer of assets without the expectation of repayment. In the case of the Agency, transfers are most commonly used to move revenues from the fund in which they are collected to the fund in which they are expended. Interfund transfers for fiscal year ended June 30, 2010 are as follows:

Contributing Fund (Transfer Out)	Benefiting Fund (Transfer In)					
	Centre City Special Revenue Low /Mod	Centre City Special Revenue Other	Centre City Debt Service	Centre City Capital Projects	Other Governmental Funds	Total Governmental Funds
Centre City Special Revenue Low -Mod	\$ -	\$ -	\$ 17,352	\$ -	\$ -	\$ 17,352
Centre City Special Revenue Other	-	-	2,304	-	-	2,304
Centre City Debt Service	70	54,416	-	67,774	-	122,260
Centre City Capital Projects	-	12,388	-	-	-	12,388
Other Governmental Funds	-	-	-	-	93,060	93,060
Total Governmental Funds	\$ 70	\$ 66,804	\$ 19,656	\$ 67,774	\$ 93,060	\$ 247,364

7. RISK MANAGEMENT (In Thousands)

The Agency is exposed to various risks and losses related to torts, including theft of, damage to, and destruction of assets, errors and omissions, and natural disasters. The Agency maintains contracts with various insurance companies to manage excessive risks and typically requires indemnification and insurance coverages in all contracts with its business partners.

The Agency does not directly employ management or staff. Rather, the business of the Agency is performed under contract with the City, CCDC, and SEDC. Each entity maintains insurance programs for workers compensation and employee injury risk as well as employee benefits plans.

The Agency maintains liability insurance for its own benefit and for the benefit of CCDC and SEDC for general liability, automobile liability, public officials liability, directors and officers liability, employment practices liability, and employee benefit liability. The Agency also carries crime and property insurance and earthquake insurance for designated buildings and structures.

There have been no significant reductions in these coverages in the past three fiscal years and there have been no settlements that exceeded the coverages in the past three fiscal years. The Agency, retains no significant risk of loss related to in any of the above referenced coverages.

8. FUND DEFICIT AND UNFAVORABLE BUDGET VARIANCE (In Thousands)

FUND DEFICIT

Fund	Net Deficit
College Community Capital Projects	\$ (84)

The deficit can be attributed to timing of inflows of financial resources. Expenditures related to City services have been accrued in the Capital Projects Funds and will be funded by transfers at the time of payment the following fiscal year.

UNFAVORABLE BUDGET VARIANCE

The Centre City Other Special Revenue Fund Budgetary Comparison Schedule on page 73 of the report reflects an unfavorable variance of \$4,175 as of June 30, 2010. The Agency encumbered funds related to the California Supplemental Education Revenue Augmentation Fund (SERAF) payment, due in Fiscal Year 2011, in order to properly reflect a legal obligation mandated by the State of California (see Note 12 on page 68). The amount encumbered related to this payment was \$7,450. The unfavorable variance is due to the fact that encumbrances were included in the budgetary basis of accounting, but the SERAF payment will not be appropriated until Fiscal Year 2011.

9. RELATED PARTY TRANSACTIONS (In Thousands)

During the fiscal year ended June 30, 2010, the Agency made principal and interest payments to the City totaling \$4,557. Of the total, a \$276 payment was made from City Heights Project Area funds and \$648 from Naval Training Center Project Area funds. Both payments were made according to Section 108 loan debt service schedules. Additionally, the Agency made principal and interest payments to the City of \$3,633 pursuant to a loan repayment agreement of Community Development Block Grant related debt, executed in the current fiscal year. The breakdown of the payment related to this agreement, by project area, is provided in the table below:

	Principal	Interest	Total
Barrio Logan	\$ 10	\$ -	\$ 10
Central Imperial	100	-	100
Centre City	1,500	-	1,500
City Heights	470	-	470
Crossroads	578	155	733
Grantville	100	-	100
Linda Vista	100	-	100
Naval Training Center	149	26	175
North Park	220	-	220
San Ysidro	225	-	225
	<u>\$ 3,452</u>	<u>\$ 181</u>	<u>\$ 3,633</u>

During the fiscal year ended June 30, 2010 the Agency received participation revenue from the City totaling \$5,936. Of the total, \$5,796 was received for activities in the Centre City Project Area, of which approximately \$543 was associated with reimbursements of costs by the City, for construction work related to the Cortez Hill Family Center. Additionally, approximately \$2,392 was associated with transfers of parking revenue to the Agency for debt service payments related to parking revenue bonds. Also, the Centre City Project Area received \$2,861 in state transportation grants awarded to the City for the construction of the Park Boulevard at Harbor Drive Pedestrian Bridge project. Furthermore, the Naval Training Center Project Area recognized \$140 in participation revenue to reflect a Section 108 payment made by the City which reduced the Agency's obligation.

For fiscal year ended June 30, 2010, the Agency's contribution to City activities totaled \$13,922. The Agency contributed \$1,087 for City Capital Improvement Projects in various project areas. In addition, the Agency contributed \$165 to the City for an affordable housing parking study and \$570 for the New Main Library Project. Also, the Agency reimbursed the City for costs of \$11,321 related to the Ballpark Lease Revenue Bonds. The Agency also contributed \$93 for the transitional housing program for homeless seniors and \$36 to repay principal and interest of the portion of HUD Section 108 Loan received by the City to fund public improvements in the Mount Hope Project Area. Additionally, \$650 of administrative costs incurred in prior years by the City were reimbursed by the Agency's in the current fiscal year.

In the current fiscal year, the Agency executed a grant deed, transferring title of the Children's Museum Park to the City. The property was part of the Agency's capital assets with a book value of \$307.

Also, in the current fiscal year, the Agency contributed affordable housing funds of approximately \$2,052 for loan programs administered by the San Diego Housing Commission designed to assist low and moderate income persons and families with property rehabilitation and first time home buyer financing. Additionally, the Agency contributed Centre City Project Area low and moderate income funds in the amount of \$3,018 to the San Diego Housing Commission for the purchase and rehabilitation of the Sandford Hotel.

The Agency does not directly employ management or staff. The redevelopment project areas are overseen by the City's Redevelopment Department and two independent corporations, CCDC and SEDC. These activities are carried out pursuant to operating agreements with both the City and the Agency under which the City and the Agency agree to reimburse CCDC, SEDC and the Redevelopment Department for all eligible costs incurred in connection with such activities. These costs include the annual required contribution for the pension and other post employment benefits incurred by Redevelopment Department staff as well as payments made by CCDC and SEDC towards the defined contribution plans of its employees.

Pursuant to these operating agreements, the Agency provides a working capital advance to CCDC and SEDC to be deposited in an account with a commercial bank designated by each corporation as its depository. The corporations then draw funds to pay for eligible expenses incurred in connection with services rendered. At the end of each calendar month, the corporations submit to the Agency a voucher for the total of eligible expenses paid out of the account during the previous calendar month. Upon approval by the City, the corporations are reimbursed for these expenses. Similarly, costs for services incurred under the operating agreement with the Redevelopment Department of the City are initially recorded in the Redevelopment Department Administrative Fund and reimbursed by the Agency.

The following table reflects administrative expenses incurred by the Agency for each of its administrative units during the current fiscal year:

	Amount
Centre City Development Corporation	\$ 6,899
Southeastern Economic Development Corporation	1,894
City Redevelopment Department	<u>3,182</u>
Total	<u>\$ 11,975</u>

10. COMMITMENTS AND LITIGATION SETTLEMENT (In Thousands)

BALLPARK COOPERATION AGREEMENT

On February 22, 2000 the Agency entered into a Ballpark Cooperation Agreement between the Agency and the City which authorized the Agency to pay for and implement certain activities for the development of the Baseball Park and Related Improvements. The development of the Baseball Park was financed with downtown redevelopment funds, City funds and private funding by the Padres. The City issued Lease Revenue Refunding Bonds, Series 2007A (Ballpark Bonds) to facilitate the financing of the Ballpark, of which, as of June 30, 2010, \$149,930 remained outstanding, with an annual debt service of approximately \$11,300. On March 20, 2009, the Agency Board and the City Council approved an amendment to the Agreement for reimbursement by the Agency, to provide for reimbursement up to \$56,597, from Centre City Project Area tax increment funds, for lease payments made by the City on the Ballpark Bonds for fiscal years 2009-2013.

GRANTVILLE SETTLEMENT AGREEMENT

In fiscal year 2009, the Agency entered into a settlement agreement with the County of San Diego (the "County") and Atomic Investments, Inc. related to a San Diego Superior Court Case seeking to invalidate the Redevelopment Plan for the Grantville Redevelopment Project Area. The settlement agreement

provides that the Agency, through CCDC, will pay \$31,360 to the County in thirty-nine (39) annual payments commencing in fiscal year 2011-2012 to fund a portion of the cost of the construction of the North Embarcadero Project Improvements, as defined by the agreement. The settlement agreement also provides that the Agency will use land disposition proceeds and tax increment funds of the Grantville Redevelopment Project Area to pay \$31,360 to the City in thirty-nine (39) annual payments commencing in fiscal year 2011-2012 to fund certain Transit Line Improvements in downtown San Diego. Finally, the settlement agreement provides that the Agency will pay \$7,840 to the County to fund a portion of certain Joint Projects that benefit the Grantville Redevelopment Project Area and the County commencing in fiscal year 2011-2012. The total obligation of the Agency under the settlement agreement is reported as liability claims in the government-wide financial statements. This includes scheduled payments to the City and County of \$70,560, all of which remains outstanding as of June 30, 2010.

CONSTRUCTION COMMITMENTS

The Agency has active construction projects as of June 30, 2010. Significant projects include the construction of the Harbor Drive Pedestrian Bridge in the Centre City Project Area. The Agency has entered into a construction contract totaling \$24,330, of which, \$15,564 has been spent and \$8,776 remains committed as of the end of the Fiscal Year. Of the remaining commitment \$1,773 will be financed from Centre City Redevelopment Project Tax Allocation Bonds Series 2004 A, \$2,199 from the Centre City Redevelopment Project Tax Allocation Bonds Series 2006 A, \$2,883 from Federal and State Grants and the remaining \$1,921 from the Centre City Capital Project Fund. Also, the Agency has committed to contribute \$80,000 to the City for construction of the New Main Library of which \$62,940 remains to be contributed to the City as of the end of the fiscal year. Of the remaining commitment, \$20,840 will be funded from Centre City Redevelopment Project Tax Allocation Bonds Series 2004 A and \$42,100 from Centre City tax increment funds.

11. CONTINGENCIES (In Thousands)

LITIGATION AND REGULATORY ACTIONS

The Agency is a defendant in lawsuits pertaining to material matters, including claims asserted which are incidental to performing routine governmental and other functions. This litigation includes but is not limited to: actions commenced and claims asserted against the Agency arising out of alleged torts; alleged breaches of contracts; alleged violations of law; and condemnation proceedings.

Estimates of the liabilities for unsettled claims are reported in the Government-Wide Statement of Net Assets. The liability is estimated by categorizing the various claims and supplemented by information provided by the City Attorney, as well as outside counsel, with respect to certain large individual claims and proceedings. The recorded liability is the Agency's best estimate based on available information. In the current fiscal year there were no liabilities reported in the Government-Wide Statement of Net Assets.

Significant individual lawsuits are described below.

Related California Urban Housing v. Redevelopment Agency

On September 25, 2009, the Related California Urban Housing (Plaintiffs) filed a lawsuit alleging the RDA breached an Exclusive Negotiation Agreement for the 7th and Market Mixed Use Project and acted in bad faith. In the event of an adverse ruling, the liability facing the Agency is estimated to be in the range of \$0 - \$2,800.

12. SUBSEQUENT EVENTS (In Thousands)

SERAF OBLIGATIONS TO STATE OF CALIFORNIA

On July 24, 2009, the State Legislature passed Assembly Bill (AB) 26 4x, which requires redevelopment agencies statewide to deposit a total of approximately \$2,050,000 of property tax increment in county "Supplemental" Educational Revenue Augmentation Funds (SERAF) to be distributed to meet the State's Proposition 98 obligations to schools. The SERAF revenue shift of approximately \$2,050,000 will be made over two years, approximately \$1,700,000 in fiscal year 2010 and \$350,000 in fiscal year 2011. The SERAF would then be paid to school districts and the county offices of education which have students residing in redevelopment project areas, or residing in affordable housing projects financially assisted by a redevelopment agency, thereby relieving the State of payments to those schools. The Agency's share of this revenue shift resulted in a \$55,649 payment in the current fiscal year and a payment of \$11,457, due by May 10, 2011. The Agency intends to fund this payment with a combination of tax increment to be collected in fiscal year 2011 and carryover funds from prior fiscal years.

The California Redevelopment Association (CRA) was the lead petitioner on a lawsuit to invalidate AB 26 4x. CRA filed the lawsuit on October 20, 2009. The lawsuit asserted that the transfer of property tax increment to the SERAF is not permitted under Article XVI, Section 16 of the California Constitution. The complaint also asserted impairment of contract and gift of public funds arguments. On May 2010, the Sacramento Superior Court upheld the legality of AB 26 4x. On August 30, 2010, CRA filed an appeal of this decision in the Third District Court of Appeal. The appeal seeks the repayment of the payment made in fiscal year 2010 and the prohibition of the second payment due in fiscal year 2011.

BOND ISSUANCE

On August 26, 2010, the Agency issued \$58,565 of Housing Set-Aside Tax Allocation Bonds for the purpose of repaying long-term debt and to finance a portion of the costs of low and moderate income housing projects within the City Heights, North Bay, North Park, Crossroads, Naval Training Center and San Ysidro Redevelopment Project areas. The Series 2010A taxable bonds are payable solely from, and secured by, a pledge of tax revenues derived from the 20% of tax increment allocated to the Agency from the Redevelopment Project Areas that the Agency is obligated to deposit into its Low and Moderate Income Housing Fund. The bond issuance is structured as term bonds and has an interest rate that ranges from 4.37% to 7.75% with a final maturity date of September 1, 2040. Bond proceeds were used to repay \$25,633 of the San Diego National Bank line of credit outstanding principal, \$1,018 to repay the Western Pacific Housing Contract Payable and \$1,607 to repay the Price Charities Note Payable dated April 2001.

On August 26, 2010, the Agency issued \$19,765 of Tax Allocation Bonds for the purpose of repaying long-term debt and financing a portion of the costs of redevelopment activities within the Naval Training Center Redevelopment Project. The Series A bonds are payable solely from, and secured by, a pledge of tax revenues allocated to the Agency from the Naval Training Center Redevelopment Project excluding those moneys that the Agency is obligated to deposit into its Low and Moderate Income Housing Fund and monies allocable to other taking agencies under the Redevelopment Law. The bond issuance is structured as both serial and term bonds and has an interest rate that ranges from 3.0% to 5.75% with a final maturity date of September 1, 2040. Bond proceeds were used to repay \$12,211 of the San Diego National Bank line of credit outstanding principal.

On August 26, 2010, the Agency issued \$4,915 of Tax Allocation Bonds for the purpose of financing certain redevelopment activities within or of benefit to the Crossroads Redevelopment Project. The Series A bonds are payable solely from, and secured by, a pledge of tax revenues allocated to the Agency from the Crossroads Redevelopment Project, excluding those moneys that the Agency is obligated to deposit into its Low and Moderate Income Housing Fund and excluding moneys which are allocable to other taking agencies under the Redevelopment Law. The bond issuance is structured as both serial and term bonds and has an interest rate that ranges from 3.0% to 6.0% with a final maturity date of September 1, 2040.

On August 26, 2010, the Agency issued \$5,635 of 2010 Series A tax-exempt and \$9,590 of 2010 Series B taxable City Heights Redevelopment Project Tax Allocation Bonds. The Series A bonds were issued to fund redevelopment projects within the City Heights Redevelopment Project and the Series B bonds were issued for the purpose of repaying long-term debt and to finance redevelopment activities in the City Heights Redevelopment Project. The 2010 Series A and B bonds are payable solely from, and secured by, pledged tax revenues allocated to the Agency from the City Heights Redevelopment Project, excluding amounts payable to the Agency's Low and Moderate Income Housing Fund, and amounts payable to other taxing agencies pursuant to tax sharing agreements. The Series A bond issuance was structured as term bonds with a fixed interest rate of 5.62% and a final maturity of September 1, 2040. The Series B bond issuance was structured as a term bonds with a fixed interest rate of 7.37% and a final maturity of September 1, 2037. Bond proceeds were used to repay \$2,010 of the San Diego National Bank line of credit outstanding principal and \$1,694 to repay the Price Charities Note Payable dated May 2005.

On August 26, 2010, the Agency issued \$2,900 of 2010 Series A tax-exempt and \$5,030 Series B taxable San Ysidro Redevelopment Project Tax Allocation Bonds. The Series A bonds were issued to repay certain redevelopment activities within or of benefit to the San Ysidro Redevelopment Project and the Series B bonds were issued for the purpose of repaying a loan with a developer and fund certain redevelopment activities in the Redevelopment Project. The 2010 Series A and B bonds are payable solely from, and secured by, tax revenues allocated to the Agency from the San Ysidro Redevelopment Project, excluding those moneys that the Agency is obligated to deposit into its Low and Moderate Income Housing Fund and excluding moneys which are allocable to other taxing agencies under the Redevelopment Law. The Series A bond issuance was structured as term bonds with a fixed interest rate of 5.75% and a final maturity of September 1, 2040. The Series B bond issuance was structured as term bonds with an interest rate that ranges from 4.37% to 7.75% with a final maturity date of September 1, 2035.

ELIMINATION OF TAX INCREMENT LIMIT

On October 19, 2010, the State Legislature passed Senate Bill No. 863, which eliminated the tax increment limit for the redevelopment plan for the Centre City Redevelopment Project, including, but not limited to, the original project area, the expanded project area, and the merged project area.

CONTINGENCIES

The Agency currently owns a leasehold interest on two properties in the Centre City Project Area. The Agency subleased both properties to Health Care Services Inc. Subsequent to the issuance of this report, Health Care Services Inc. failed to make rent payments to the owners of the properties, resulting in the filing of a complaint against the Agency for breach of contract on one of the properties and the filing of a government claim against the Agency on the other. The exposure of the Agency for rent is estimated to be in the range of \$0 - \$702.

**Notes to Required Supplementary Information
(In Thousands)**

Note A - Budgetary Data

Prior to June 1, the Executive Director submits to the Agency Board of Directors and the City Council, a proposed budget for the fiscal year commencing July 1. The budget document does not adopt formal budgets for each of the Agency's funds. Rather, it presents a detailed list of revenue sources and expenditure line items for each of the project areas. Budgetary comparison schedules are presented for the Centre City Low and Moderate Income Housing and the Centre City Other Special Revenue funds.

During the proposed budgetary hearing, public comment is heard. The Agency's budget is then legally adopted generally during the months of May or June, through passage resolutions by the Agency's Board of Directors.

Budgetary control is maintained at the budget category level. All amendments to the adopted budget require Agency Board of Directors' approval except as delegated in the Annual Appropriation Resolution. The head of each of the administrative units, or their designee are authorized under the Appropriation Resolution to request the City Comptroller to make budgetary transfers within each project fund and transfer appropriations or loan available funds between sub-projects within a project, provided that such transfers or loans do not increase or decrease the total project budget or result in a use of funds which would be inconsistent with the permitted use(s) of such funds.

Reported budget figures are as originally adopted or subsequently amended plus prior year continuing appropriations. Such budget amendments during the year, including those related to supplemental appropriations, did not cause reported budget amounts to be significantly different than the originally adopted budget amounts.

Note B - Explanation of Differences between Revenues, Expenditures, and Other Financing Sources (Uses) for Budgetary Funds on a Budgetary Basis and GAAP Major Special Revenue Funds on a GAAP Basis.

The Budgetary Comparison Schedules presented in this report reflect the total appropriations available for current fiscal year expenditures in the Centre City Low and Moderate Income Housing fund and Centre City Other Special Revenue funds. The categories used to report revenues, expenditures and other financing sources and uses at the fund level financial statements on a GAAP basis conform to uniform accounting standards established by the California State Controller's Office for all redevelopment agencies in the State. The Budgetary Comparison Schedules reflect expenditures as identified in the budget documents and do not reflect the GAAP basis categories established by the State because budgetary control is not maintained at this level.

The following table provides an explanation of additional adjustments made to the GAAP basis revenues and expenditures to reflect a budgetary basis of accounting.

Financial Statements Major Funds	Centre City Special Revenue	
	Low/Mod	Other
Revenues		
Actual amounts (budgetary basis) "revenues" from the budgetary comparison schedules.....	\$ 28,088	\$ 2,468
Adjustments:		
Unrealized losses on Investment Income are excluded from the budgetary basis of accounting.....	435	(8)
Principal payments on notes receivable are included in the budgetary basis of accounting.....	(80)	-
Total revenues on a GAAP basis of accounting.....	\$ 28,443	\$ 2,460

INDEPENDENT AUDITOR’S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Directors
Redevelopment Agency of the
City of San Diego
San Diego, California

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Redevelopment Agency of the City of San Diego, California (Agency), a component unit of the City of San Diego, California, as of and for the year ended June 30, 2010, which collectively comprise the Agency’s basic financial statements and have issued our report thereon dated December 29, 2010. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Agency’s internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Agency’s internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Agency’s internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity’s financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses, accordingly, would not necessarily disclose all significant deficiencies that are also considered to be material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Agency's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. Such provisions include those provisions of laws and regulations identified in the *Guidelines for Compliance Audits of California Redevelopment Agencies* issued by the State Controller's Office and as interpreted in the *Suggested Auditing Procedures for Accomplishing Compliance Audits of California Redevelopment Agencies*, issued by the Governmental Accounting and Auditing Committee of the California Society of Certified Public Accountants. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the Board of Directors, management of the Agency, and the State Controller's Office and is not intended to be and should not be used by anyone other than these specified parties.

Findings related to the financial statements:

Reference Number:	2009-1
Financial Statement Area:	<i>Documentation Retention for Property Held for Resale</i>

Audit Finding: The Agency could not provide the supporting documents to verify reasonableness of the addition amount of property held for resale for the fiscal year ended June 30, 2010. The property was originally acquired as a capital asset prior to 1980. This was due to the fact that the addition was made prior to the Comptroller's Office revised documentation retention policy, which was implemented in 2003.

Status of Corrective Action: Corrected. The Agency has implemented the corrective action and all additions are properly documented and the supporting transactions are added to the land held for the resale and capital assets permanent folder.

Reference Number:	2003-1
Financial Statement Area:	<i>Material Weakness in Internal Controls over Financial Reporting</i>

Audit Finding: There were several internal control deficiencies that resulted in numerous errors and restatements of previously issued financial statements. Some of the deficiencies noted were as follows:

- Improper financial statement presentation of debt transactions
- Failure to properly record certain loan transactions
- Failure to transfer completed projects out of CIP and begin depreciating assets
- Improper classification of assets
- Improper valuations of land held for resale
- Incomplete capture of capitalizable expenditures
- Failure to recognize certain revenues that met applicable revenue recognition criteria

Status of Corrective Action: Implemented. During the audit, we did not identify the same or similar matters related to the items identified in the finding above. The Agency has worked very closely with the City of San Diego to revise and implement accounting procedures to ensure controls are adequate over the financial activity relating to the Agency.

REDEVELOPMENT AGENCY OF THE CITY OF SAN DIEGO
STATUS OF PRIOR YEAR FINDINGS AND RECOMMENDATIONS
FOR THE YEAR ENDED JUNE 30, 2010

Findings related to compliance:

Reference Number:	2009-a
Compliance Area:	<i>Continuing Annual Disclosure Requirement</i>
Audit Finding:	The Agency did not submit a required Annual Report for fiscal year 2008 to the National Recognized Municipal Securities Repository Agencies within the required time frame (270 days after the fiscal year-end).
Status of Corrective Action:	Corrected. The Agency prepared and submitted the required Annual Report for fiscal year 2009 to the National Recognized Municipal Securities Repository Agencies within the required time frame.

Reference Number:	2009-b
Compliance Area:	<i>Inappropriate Open Encumbrance</i>
Audit Finding:	In accordance with California Health & Safety Code §33334.12(g)(2), an encumbrance is deemed if committed pursuant to a legally enforceable contract or agreement for expenditure for purposes specified in §33334.2 or 33334.3. During the performance of our testing over the encumbrance requirement, we noted one out of twenty-four (24) samples selected for testing was opened without a legally enforceable contract or agreement.
Status of Corrective Action:	Corrected. The Agency has implemented the corrective action.
