

DSD ONLINE PERMITS Apply for a Permit Ready Letter

The Development Services Department's (DSD) online permitting system is a full cloud-based application that allows customers to apply for permits online and upload plans and documents for review 24/7.

Before you begin, please review the information about the permit submittal requirements at <u>sandiego.gov/dsd</u>.

When new permit applications are received, DSD will review the required documents for completeness, if documents are incomplete, staff will request a resubmittal. Applicants must address the requirements prior to resubmitting documents.

- For help with user accounts or uploading documents, please call us at 619-446-5000.
- For project application status, login to your <u>online permitting account</u>.

TABLE OF CONTENTS

- How to submit an application

A	APPENDIX A – WORKFLOW/RECORD STATUS MAPPING AND DEFINITIONS					
Task Name		Workflow Task Status Record Status (Project)		Process		
	Pre-Screen	In Queue	In Queue	Initial submittal from applicant		
	Pre-Screen	In Process	Pre-Screen	The Pre-Screen process has been started by staff and a due date is set		
	Pre-Screen	Updates Required	Updates Required	Staff determines during Pre-Screen that the applicant's submission is incomplete		
	Pre-Screen	Resubmitted	Resubmitted	The applicant has submitted any additional documents requested during Pre-Screen		
	Pre-Screen	Pending Invoice Payment	Application Pending Payment	Staff has deemed the submission complete, assessed fees for plan check, and the project is ready for review		
	Project Review	In Review	In Review	The status of the project review until all disciplines sign-off and the project is ready for issuance		
	Project Review	Recheck Required	In Review	Reviewer has requested a resubmittal of documents and/or information		
	Project Review	Final version submitted	In Review	The final version will be reviewed by all disciplines		
	Project Review	Review Complete	In Review	The project review has completed and requires one last assessment by issuance staff		
	Project Review	Ready for Issuance	Review Phase Complete	The review phase can be closed out and the project is ready for issuance		
	Issuance	In Progress	Review Phase Complete	Permit issuance is in progress		
	Issuance	Updates Required	Issuance Checklist Requested	Issuance Checklist items are needed prior to permit issuance		
	Issuance	Resubmitted	Issuance Checklist Submitted	Issuance Checklist items have been resubmitted by the applicant		
	lssuance	Approved Upon Final Payment	Approved Upon Final Payment	Staff has confirmed that all required documents are present, approved plans are available in Accela, and all required fees have been assessed at both the project level and the permit level		
	Issuance	Approved Upon Final Payment	lssued (When all Permits are set to lssued)	Inspection invoice(s) will be sent to customer. When all fees are paid, permit is issued.		
	lssuance	Closed	Closed (When all Permits are set to Closed)	The record is closed. Any changes to the building construction plans require a construction change application.		

APPENDIX B – REQUIREMENTS TO UPLOAD PLANS AND DOCUMENTS

Sheet Numbering

Please make sure your sheet numbers are located in the bottom right corner of your plans. Use <u>the</u> <u>designated templates</u> or follow <u>sheet numbering styles</u> to ensure the timely processing of reviews.

File Size

The max size of each file you can upload cannot exceed 200MB. File sizes larger than 200MB will be rejected.

FIX: Return to the source document and create PDF files that are below the file size limitation.

Page Size

PDF files with page sizes 8.5- by 11-inches are accepted for DSD-approved fillable documents and required reports. However, plans must be at minimum 11- by 17-inches and a maximum of 36- by 48-inches.

FIX: Return to the source document and change the paper size to meet the requirements.

Page Orientation

Having a mix of paper sizes and orientations is not a problem, as orientation issues will not prevent the file from being accepted. However, this will generate more difficult reviewing conditions for review teams. A warning will pop-up if different orientations are found to help you research whether any pages are upside down or improperly oriented.

FIX: Verify that pages are not upside down or improperly oriented.

Password Protection

Files must not be password protected. If the PDF cannot be opened, the file will be rejected.

FIX: Remove the password protection to allow users to open the PDF.

Annotations and Comments

An annotation is any 'object' that appears in the Adobe Reader 'Comment' panel. It could be a 'comment' or 'stamp' or font issue like SHX Text from AutoCad.

FIX: To remove annotations in a PDF, use the print to PDF option. This process eliminates annotations by "flattening" the PDF.
