The Airports Division manages Brown Field and Montgomery-Gibbs Executive Airport with a combined 1,330 acres. These two general aviation airports contain nearly eight miles of runways and taxiways, which safely accommodate over 275,000 annual aircraft operations, including those of the military, U.S. Customs and Border Protection, San Diego Police, San Diego Fire-Rescue, Cal-Fire, Sheriff, Medi-Evacs, as well as business and recreation sectors. The most critical factor associated with airport management is maintaining safety. To that end, the Capital Improvements Program plays an important role by rehabilitating and repairing the pavement and lighting of its runways, taxiways and aircraft ramp areas. These capital improvements are largely funded by Federal Aviation Administration (FAA) and Caltrans matching grants, as well as enterprise funds
