Community Planning:	Centre City	Priority Category:	Medium
Project Status:	Continuing	Contact Information:	Gibson, William
Duration:	2017 - 2026		619-533-5401
Improvement Type:	Betterment		wgibson@sandiego.gov

Description: This project funded the architectural, electrical, plumbing, asbestos mitigation, and mechanical tenant improvements to the 19 floors of 101 Ash Street for multiple City departments, including tenants of the City Operations Building and former tenants of 1010 2nd Ave building. Improvements were anticipated to increase building's occupancy and bring the building into compliance with current Americans with Disabilities Act (ADA) standards. After near completion of tenant improvements, project work was suspended due to the discovery of Asbestos Containing Materials (ACM).

Justification: These tenant improvements were intended to increase the occupancy of the building by approximately 356 employees and accommodate the office space requirements for a development permit center, as well as several City departments. These improvements were intended to provide the needed office space for the more than 500 employees who were displaced from the 1010 2nd Ave building along with Development Services staff from the City Operations Building, which based on a 2014 estimate, has more than \$90 million in deferred maintenance.

Operating Budget Impact: No significant changes have been made to this project in Fiscal Year 2026.

Relationship to General and Community Plans: This project is consistent with the Centre City Community Plan and is in conformance with the City's General Plan.

Schedule: Design was completed in Fiscal Year 2018. Construction bidding and construction began in Fiscal Year 2019. Construction was anticipated to be completed in Fiscal Year 2020. The project is currently on hold. Notice of Availability was issued in Fiscal Year 2024. The project is on hold pending redevelopment negotiations.

Summary of Project Changes: No significant changes have been made to this project for Fiscal Year 2026.
