Department of Information Technology

The Department of Information Technology provides citywide technology strategy, operational support of applications, infrastructure, and wireless technologies, enterprise application services and manages Information Technology (IT) services contracts and assets.

The purpose of technology is to support business and operations by allowing customers to operate more efficiently, provide better data for decision-makers, and drive higher customer satisfaction for stakeholders. In order to achieve these goals, the City will need to continue modernizing its software applications and hardware. The IT annual allocations provide for upgrades and enhancements to information technology projects that are eligible for capitalization. Individual projects are expected to result in a city-owned asset, which can include, but is not limited to, equipment, system interfaces, and intellectual property.

2026 CIP Goals

The Department of Information Technology plans on initiating the following in Fiscal Year 2026:

- DCS Network Equipment Upgrades at NCWRP & PS2 (NEW)
- Pt. Loma WWTP DCS Upgrades Phase 2 (NEW)
- Pump Station 2 DCS Improvements (NEW)
- Pump Station 64/65 Distributed Control System (DCS) (NEW)
- South Bay Water Reclamation Plant DCS Upgrades (NEW)

Description: This project provides for the modernization of the City's SAP system to implement a modernized Enterprise Resource Planning (ERP) system using emerging cloud, data analytics, and intelligent technologies. The modernization of SAP is critical for effective asset management and service delivery.

Justification: This is a new ERP solution with technologies to facilitate optimized application development, integrations, and infrastructure management.

Operating Budget Impact: As the project develops and progresses, operating impacts will be identified.

Schedule: Implementation of the new solution is anticipated to begin in Fiscal Year 2026 and be completed in Fiscal Year 2031.

Summary of Project Changes: Total project cost has increased by \$7.2 million due to increased licensing costs, labor costs, and other associated expenses. The project schedule has been updated for Fiscal Year 2026.
