Source Water Protection Guidelines

TABLE OF CONTENTS

	Page
Introduction	1
What Pollutants of Concern are Important in the Reservoir Watersheds?.....	3
– Water Quality Objectives and Goals	4
– Pollutants of Concern.....	4
Determining the Sensitivity of Your Project.....	6
Selecting the Right BMPs for Your Project.....	7
– Project Design BMPs	7
– Source Control BMPs	8
– Treatment Control BMPs	9
Additional Approaches to Improve Runoff Water Quality	9
– Treatment Trains.....	10
– Regional, Watershed-Based Approaches	10
Runoff Calculations	11
How to Use the Guidelines	11
Using the <u>Treatment BMP Technologies Matrix</u>	18
Source Water Protection Guidelines	20
– <u>Project Evaluation Worksheet</u>	20
– <u>Decision Guide A: Project Design BMPs</u>	22
– <u>Decision Guide B: Source Control BMPs</u>	23
– <u>Decision Guide C: Treatment Control BMPs</u>	24
– <u>Decision Guide D: Pre-Treatment and Post-Treatment BMPs</u>	25
– <u>Treatment BMP Technologies Matrix</u>	26

Source Water Protection Guidelines

TABLE OF CONTENTS (Continued)

List of Tables

1	Water Quality Objectives and Goals for San Diego Source Water Reservoirs.....	5
E-1	Example Maintenance Requirements of Selected BMPs	E-1
F-1	Summary of Land Use Considerations Used to Determine Runoff Coefficients in San Diego County Jurisdictions	F-4

List of Figures

1	Reservoir Watershed Index Map	12
–	1a- Portions of Hodges, Sutherland, San Vicente, and El Capitan Watersheds..	13
–	1b- Portions of Hodges, San Vicente, and El Capitan Watersheds.....	14
–	1c- Portions of Otay, El Capitan, Barrett, and Morena Watersheds	15
–	1d- Portions of Morena Watershed and Otay, Dulzura, and Barrett Watersheds.	16
2	Overall Process for Use of Source Water Protection Guidelines	17

List of Appendices

Appendix A	Supplemental Information on Project Design BMPs	A-1
Appendix B	Supplemental Information on Source Control BMPs	B-1
Appendix C	Supplemental Information on Treatment Control BMPs	C-1
–	Filtration Systems	C-2
–	Infiltration Systems.....	C-3
–	Detention/Settling Systems.....	C-6
–	Biofiltration Systems	C-8
–	Miscellaneous BMPs.....	C-11
Appendix D	Supplemental Information on Pre-treatment and Post-treatment BMPs	D-1
Appendix E	BMP Maintenance Considerations	E-1
Appendix F	Runoff Estimates Methodologies and BMP Sizing Criteria	F-1
Appendix G	References and Acknowledgements	G-1
