E-Update #2

February 2011

Under Construction

In January, work crews poured the foundation for the new Advanced Water Purification Facility (AWP Facility) located at the North City Water Reclamation Plant. Construction on the testing facility will continue throughout the spring.

Upon completion of the AWP Facility in summer 2011, the City will begin demonstrating advanced purification technology for approximately one year. During the demonstration period, 1 million gallons of purified water per day will be produced. The public will have the opportunity to visit the facility throughout the testing phase. To schedule a tour, please call (619) 533-7572 or email purewatersd@sandiego.gov.
