Water Purification | Demonstration Project

The City of San Diego's water resource strategy includes planning, conservation, recycled water, groundwater, water reuse, and watershed and resource protection to help meet future water needs.

THE CITY OF SAN DIEGO

The City of San Diego | Public Utilities Department

Dear Danielle,

As part of sweeps week, ABC affiliate 10 News in San Diego is promoting a segment scheduled to air tonight at 5 p.m. called "[Toilet to Tap Reality](#)." If you miss the segment when it airs, it should be viewable [online](#) following the broadcast. This segment proposes to examine the process of purifying recycled water at the Orange County Groundwater Replenishment System in relation to how a similar process may eventually be used in San Diego.

Learn More

If you are interested in learning more about water purification in San Diego, call the City's Water Purification Demonstration Project information line at (619) 533-7572 or visit the project website at www.purewatersd.org. An excellent way to learn more about the project is through a tour of the Advanced Water Purification Facility at North City Water Reclamation Plant. Reservations can be made [online](#).

Speakers bureau presentations to your organization are also available by calling (619) 533-6638.

For those who want to find out more about what Orange County is already doing for water purification, visit www.gwrssystem.com/.
