**Date: March 13, 2024**

**Subject: Housing Action Package 2.0 to take effect March 17, 2024**

---

The amendments to the [San Diego Municipal Code](#) enacted in [Housing Action Package 2.0](#) (HAP 2.0) will take effect on March 17, 2024.

HAP 2.0 builds upon the adoption of the first Housing Action Package by encouraging more residential development and a greater variety of homes by adopting new initiatives and the amendment of existing programs and policies.

These include:

- Amendments to the Complete Communities Housing Solutions program
- Anti-displacement measures.
- An accessible accessory dwelling unit (ADU) incentive.
- The implementation of reduced parking standards in Transit Priority Areas.
- Discontinued incompatible uses in certain communities.

If you have any questions, you can contact the project team at [homesforallofus@saniego.gov](mailto:homesforallofus@saniego.gov).

Please note that Housing Action Package 2.0 will not become effective in the [Coastal Overlay Zone](#) until it is certified by the California Coastal Commission, which is anticipated in early 2025.
