

Greetings to all,

With regrets I am writing to inform everyone that we have canceled our Annual Meeting for the San Pasqual Lake Hodges Planning Group that would have occurred on March 6, 2014. This was based upon a consensus at our last meeting that we did not have enough important material to review; that this was a non-election year; and that we did not want to waste the time or resources of everyone that would be responsible for putting the event together. We have great hopes that the Public Utilities Department will have a very enlightening presentation available for us at our April 3, 2014 meeting, and everyone is invited to attend. An agenda for that meeting will be published in mid-March.

Sincerely,

Frank Konyn
