

OFFICE OF THE INDEPENDENT BUDGET ANALYST REPORT

Date Issued: June 15, 2007

IBA Report Number: 07-64

Budget & Finance Committee Agenda Date: June 20, 2007

Item Number: 1

Item: Statement of Fiscal Year 2008 Budgetary Principles and Budget Authority/
Service Level Proposal

Attached for Budget and Finance Committee review and consideration is a proposal that has been jointly developed by the Office of the IBA, the CFO, the Mayor's Office and the City Attorney's Office. This proposal is a consensus document from these entities that focuses on setting budgetary operating principles, establishing budget authority regarding service levels and enhancing communication on management issues between the executive and legislative branches for FY 2008.

This Statement of Budgetary Principles has been modeled after the intent and spirit of the Statement of Operating Principles that is guiding the working protocols and communication of the Internal Auditor, the Audit Committee and the Mayor's Office.

We are recommending that this proposal be adopted as an accompanying resolution to the FY 2008 Appropriation Ordinance (AO) in order to preserve the intent of the AO as a true appropriation setting document rather than a policy document. Since this resolution speaks specifically to FY 2008 if approved, the City Council and Mayor will have an opportunity to consider its value and effectiveness for future years.
