

I would like to apologize and correct my own correction regarding the location of the College Grove Shopping Center.

The College Grove Shopping Center is not in Oak Park, but adjacent to Oak Park.

The shopping center's border is the west side of College Ave. Rolando Park's border is the east side of College.

Again, College Grove Shopping Center is not in Rolando Park and should not be a consideration in whether or not Rolando Park remains in D4 or is redistricted to D9.

Thank you.
Lynn Edwards
