Re: Redistricting 2020

Dear City of San Diego Redistricting Commissioners:

The Mira Mesa Town Council has followed the current redistricting process from its beginning, and until this time has had no cause for concern. However, as there is now no longer a representative of District 6 on the Redistricting Commission, we thought it best to submit a statement of our position on the map of council districts soon to be released by the Commission.

The position of the Mira Mesa Town Council has not deviated from the last redistricting cycle; however, it is of even greater importance during this process due to the Mira Mesa Community Plan Update now in progress. We believe that it is in the best interest of the entire Mira Mesa Community Planning Area that it be included in a single City Council district. Our Community Plan is a holistic document, and the separation of the community planning area into two or more districts risks misunderstanding of the goals of the plan or conflicting interpretations of the document.

Sincerely,

Bari Vaz
President, Mira Mesa Town Council
