

Park Village should never been part of Mira Mesa it was changed the last redistricting time by some under handed misconceived idea by the owners of Jasmine restaurant who funded this change to provided more power to the Asian community to the Mira Mesa district . This happened without most of Park Village knowing the change . I am a Asian and want Park Village the way it always was in the beginning in Rancho Penasquitos . I have been a home owner since inception of Park Village since 1991 . I was on a committee to try to preserve the same district and keep ParkVillage intact with Penasquitos where it belongs we're 92129 not Mira Mesa 92126.

Regards

Jeff Storey
