

I am totally against dividing our community up according to the new plan. I thought it was bad enough to be divided into two parts but four parts is ridiculous. We bought our house in Clairemont in 1977 and we are now witnessing major changes in some of our neighborhoods due to the SB9 and 10. If you divide Clairemont as proposed we will have no way to control our own community.

Thank you.

Respectfully yours,

Jo-Ann Gilbert
