

I have been a resident of University City since 1982, and I wish that our community stay in District 1.

I have lived in both south UC and north UC. Even though there is a canyon in the middle of the neighborhood, we share the high school and use the retail facilities in south UC.

Parts of 93037 are closer to north UC than Clairemont, so I see no reason to change the status quo.

Sincerely,

Lynnette Newman
