

Hi

Please keep Golden Hill as part of District 3

We do not understand why this commission would tie Golden Hill to communities 10 miles away and border communities

The border communities have nothing in common with Golden Hill

Golden Hill has more points with South Park. For one Golden Hill has no parks, so it must share parks with South Park. Even the Golden Hill Rec center is in District 3

Both populations South Park and Golden Hill have historic bonds - people, challenges and programs and businesses

We don't conceive how the commission members would even consider separating Golden Hill and South Park

Services coming to downtown is better when Golden Hill is served by District 3.

Please commission think in benefit of Golden Hill residents and not political pressure.

Thank you

Jacob and Joel Sevilla
