

Hi,

My name is Natasha Wong, and I serve on the Asian Pacific American Coalition (APAC) Board of Directors and the APAC Redistricting Sub-Committee.

- Thank you for adding Convoy and partial Kearny Mesa back into D6.
- I support the Chairman's updated map.
- Gaining Torrey Highlands, Park Village, and part of University City and Clairemont to the east to rebalance the population makes sense.
- Requesting to keep the D6 API population as close to 40% or higher. This is achievable through APAC Maps 1 and 3.
- Please do your best to not split the communities of University City and Clairemont as much as possible.
- I also support keeping UCSD in D1.

Best regards,

Natasha Wong
