

Dear Redistricting Commission,

I realize your task is a very difficult one, however, I can't disagree more than with the plan to cut University City in two, we live in East University City just steps from Genesee, proposed to move to district 6. This makes no sense, our common goals and interests are the same as West University City, not Sabre Springs or Mira Mesa. Please reconsider your map, the boundary should be the 805 not Genesee.

Thank you for your time and consideration.

Bob Treitler
