

Please DO NOT move the eastern part of University City into District 6. We have lived in UC for 21 years. Like all of our neighbors, we have been involved in this neighborhood, not Mira Mesa, not Penasquitos, not Kearny Mesa. We do not have similar demographics, needs or wants.

Moving this community into a different district will not give us the representation we need, it will take it away. This decision to move us does not make sense!
