

It is my opinion that the western areas of Clairemont, Bay Park and Bay Ho, have more of a community of interest with Pacific Beach and Pt Loma than they do with eastern Clairemont and therefore should stay together in District 2.

In fact, given that there has not been more than a 10% population change in any of the Districts, I believe that the Commission should leave all of the 9 Districts as they are.

Thank you for considering my input.
