

(1.)

San Diego, California:--Nov. 29th. 1901.

To the Honorable Common Council,

of the City of San Diego, California.

Gentlemen:--

At a regular meeting of the Board of Public Works held this day the following communication was received from the Superintendent of Parks; Viz:--

" ~~I~~^{He} ~~re~~^{re}commend to your Honorable Body that a piece of land 400 feet square in the southwest corner of the City Park, located at the northeast corner of Sixth and Date streets, be planted in trees, shrubbery, and lawn, and cultivated and improved. This piece of land lies so that it is within one block of the Fifth street car line, and so it can be seen by all ~~XXXXXXXX~~ people going up and down the Fifth street car line, and is nearer the business portion of the City than any other portion of the City Park. The land could be graded by the City teams without a great deal of expense to the City, except that it would require some surface dirt.

I have seen Miss. Sessions and she will furnish the trees and shrubbery to the City without extra ~~charge~~ expense. The City has plenty of surplus water pipe on hand in the Park which could be used for this purpose, which is not now being used at all, and as the City owns its own water the Park could be cared for without any expense to the City except the services of one man.

This portion of the Park slopes to the south and west, and by proper cultivation, and without a great deal of expense, could be made beautiful and attractive.

I present the foregoing recommendation for your consideration. "

We respectfully recommend that the necessary ordinance be adopted to carry into effect the foregoing plan.

Respectfully submitted,

Board of Public Works,

By

A. H. Dixon
Secretary.
