

Redistricting Commission,

The preliminary plan for the map (#74956) for “Keeping a community together makes sense” and “Clairemont United Update 11/3/21” **incorrectly states** in the District 7, Community Plan area, section (p. 12):

Mission Valley (partial – Birdland and Civita neighborhoods and portion of East Mission Valley east of Interstate 15 and north of Friars Road)

The Birdland area is part of Serra Mesa and not part of Mission Valley.

The confusion occurs because the Community Planning Group Areas District redistricting mapping tool incorrectly shows some Birdland streets as part of the Mission Valley planning area rather than the Serra Mesa planning area. The streets which have incorrectly been identified as part of Mission Valley are Cardinal Road, Cardinal Drive, Cardinal Lane, Teal Place, Mockingbird Drive, Pheasant Drive, Peacock Drive, Sprig Place, Kiwi Street, Finch Lane, Bobolink Way, Seagull Court, Seagull Lane, Teebird Lane, Goshawk Street, Hornbill Avenue, Whinchat Street, Talon Way, Macaw Way, and Redbird Drive. Also, Sevan Court (location of Hye Park) is part of Serra Mesa.

This community plan boundary error may have some impact on all of the reports, also.

In this Redistricting process accuracy should be of paramount importance. If this preliminary plan for map #74956 were accepted what impact would this mistake, if not corrected, have on the legitimacy of the final map and report?

Please ask your consultant to correct this error.

Cindy Moore

Vice-President, Serra Mesa Community Council
