

Dear Commissioners:

As a resident of University City, I request that you keep ALL of University City (Golden Triangle) together in one council district.

Please reject any map that would divide University City at the Rose Canyon boundary. Rose Canyon is the heart of University City, NOT a boundary between communities. We are ONE community.

I support the boundaries for University City along the I-5 and the 52, as reflected in the Commission's Final Preliminary Map, approved Nov 11, 2021 (<https://districtr.org/plan/74956?portal>).

I support the Community of Interest, <https://districtr.org/COI/81137> - University City Together!

Thank you.

Petr Krysl
