Re: Preliminary Redistricting Map #74956
Being Considered at Tuesday Nov 16 Commission Meeting

Dear Commissioners,

The Carmel Valley Community Planning Board (CVCPB) represents the communities of Carmel Valley, Pacific Highlands Ranch and Fairbanks Country Club/Via de la Valle/North City Subarea 2. Along with our immediate neighboring communities of Torrey Hills, Del Mar Mesa, and Torrey Pines we form the northern section of District 1.

As residents of north San Diego and represented by the Carmel Valley Community Planning Board, we thank the Redistricting Commission for keeping our communities of interest together and allowing us to continue protecting and preserving our quality of life up here, and for those generations to come.

We recognize the Commission's adopted Preliminary Redistricting Map #74956 as a product of hard work and compromise, and respectfully request only two minor revisions be made to it:

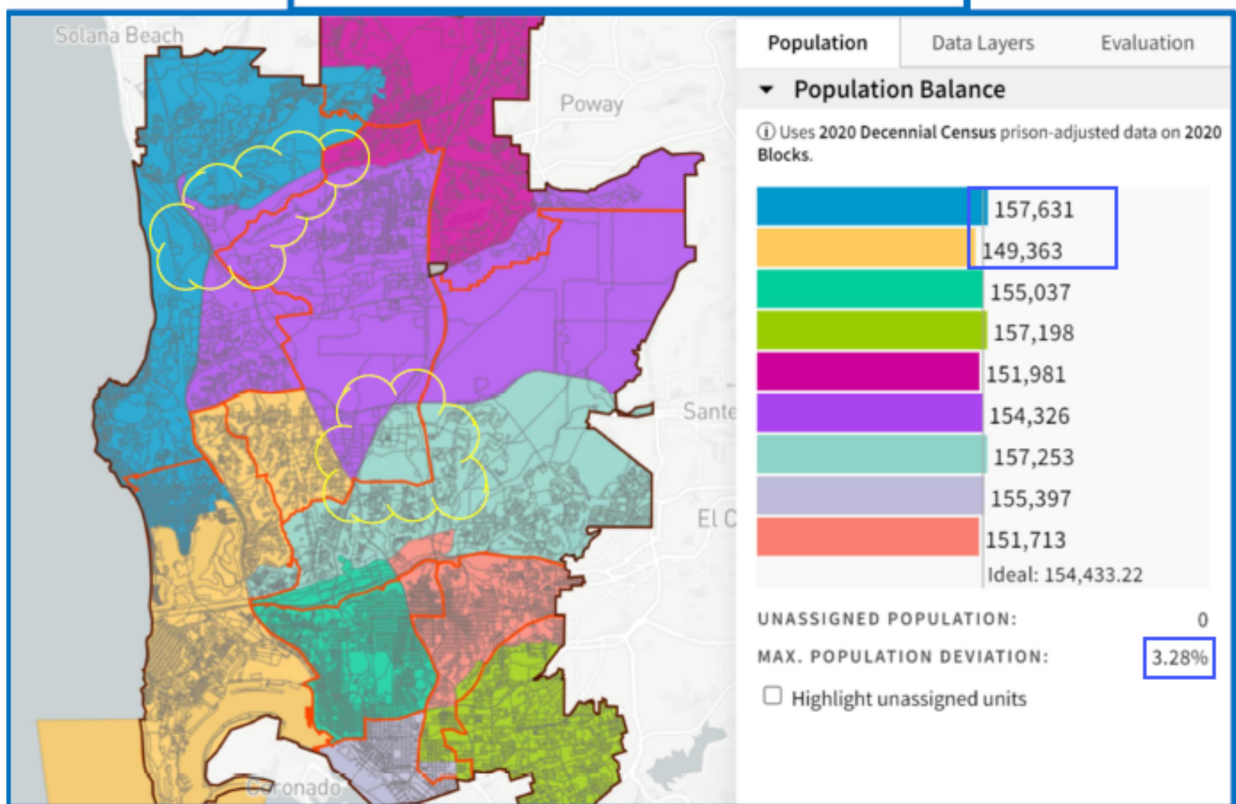

1-Reuniting the Los Penasquitos Canyon and Torrey Hills areas (6,350 residents combined) back with District 1 so that we can continue our oversight of this resource and developing property;

2-Reuniting the narrow parcel of the Torrey Pines Preserve area (63 residents) back with the balance of the Torrey Pines Preserve area so they can continue their planning and project review duties with consistency.

We have included a graphic on the following page indicating the location of these minor revisions to the Commission's Preliminary Redistricting Map #74956.

Commission's Preliminary Map #74956 – Populations per District

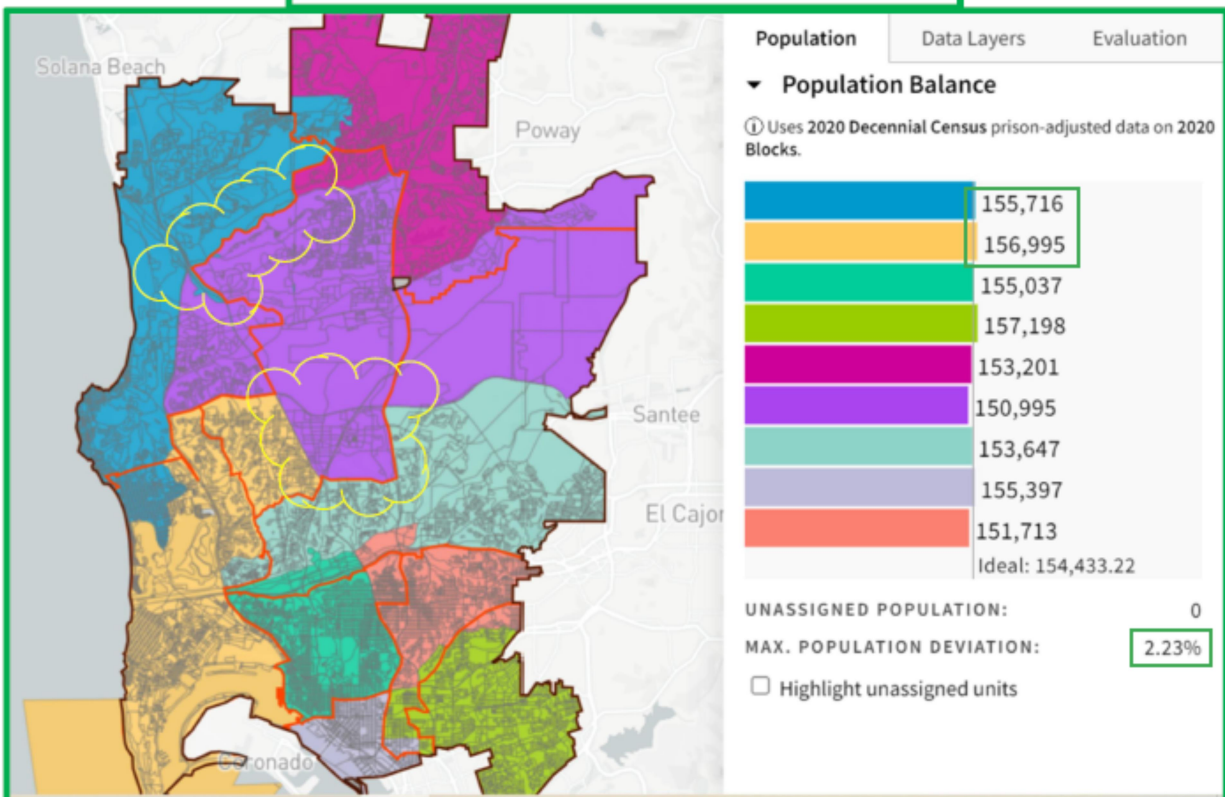

The graphic on the following page indicates the location of the requested district boundary lines after the minor adjustments.

The Maximum Population Deviation associated with the map on the next page falls to 2.23% from 3.28%, a 1% difference.

Minor Revisions to Preliminary Map #81893 – Populations per District

- **Los Penasquitos Canyon:** Los Penasquitos Canyon is a natural barrier between D1 and D6, and has been a successful planning partner with the community boards and neighborhoods of D1 and depends upon them for its protection.
- **Torrey Hills:** This prosperous and new neighborhood is served best by reuniting it back with its partners and communities of interest in D1.
- **University City/Golden Triangle:** At this point this important San Diego asset should remain as one (1) area, and not be broken into pieces, together with maintaining I-5 and SR-52 and hard boundaries between D1, D2 and D6.

Sincerely,
Carmel Valley Community Planning Board
