

*I have leafed through this and aside from my general, there are a number of inaccuracies*

*LJ is not connected to UC by Nobel Drive. Nobel exists only in the UC Planning Group*

*Why not cite Rte 52 as they do with Rte*

*Both D1 and D5 are credited with having the western part of the LPQ preserve*

*D6 has part of 6 planning groups, but the HaystaqDNA tables say no district has more than three, unless something fell off my screen*
