

Dear Commission Members.

Dividing University City makes no sense. Sending half of it to Sorrento Valley makes no sense. There are no shared assets. UC residents can easily travel within UC. They have to drive to get to Sorrento Valley. And what would the council member there know or care about us? We voted for Joe LaCava to be our council representative. That vote should stand. Keep the 92122 zip code together.

Milo Worsham
