

Dear Redistricting Commission

The Redistricting Commission follow up outreach presentation to the Downtown Community Planning Council (DCPC) and availability throughout the process to our members remains appreciated. DCPC recommends that the boundary on the SW corner of downtown district 3 be redrawn to follow 19th street to the waterfront as requested in the attached letter.

The 19th Street boundary line will retain the MTS and Railyard, 10th Ave Marine Terminal and the Waterfront Hilton in Downtown District 3. There is no residential population in the recommended boundary area. Retention will facilitate our continued representation responsibilities including the hotel and entertainment venues and critical transportation infrastructure.

Thank you for your consideration.

R,
Bob Link
DCPC Chair
