

Hello. My name is Noel Avilucea. My family and I have been residents of the Rolando Park community since November 1997. We are a diverse family - my husband is Hispanic and I am Caucasian. We have two amazing adult sons, one who currently still lives with us and is attending college.

My family and I support the move to redistrict our neighborhood back to D9 where it belongs. Rolando Park is a college area neighborhood and we often refer to it as such when asked what part of San Diego do we live in. It makes perfect sense to include our neighborhood in D9 since we are located close to the neighborhoods of El Cerrito, Rolando and Talmadge, just to name a few.

I kindly ask for your consideration to redistricting Rolando Park into D9 during your next redistricting meeting.

Thank you for your time.

Sincerely,

Noel Avilucea
