City of San Diego Redistricting Commission
202 C Street
San Diego, CA 92101

Dear City of San Diego Redistricting Commissioners -

The La Jolla Shores Association (LJSA) has been watching the important redistricting process unfold. We applaud the Commission's commitment to this process and doing what is right for the Citizens of San Diego. It is always hard to be a dedicated volunteer. It is even more difficult, when you are subjected to the intimidation and treatment evinced at the November 4th Special Meeting.

The LJSA has confidence in the Commissioners' commitment to doing their job fairly with professionalism and confidence. That confidence to follow your 6 criteria to create a map that truly serves all the 1.4 million citizens.

We are proud of our City. We want to enhance it by serious District Maps drawn to serve all and not bullied by a few. LJSA supports the efforts of D1 United and their Map presented 11/4/21. Please, use this Map as one of the Maps drawn upon to create the Final Preliminary Map.

Again, thank you all for your tireless service. You have a daunting task. LJSA believes you have the ability to focus on the goal of serving all of San Diego's citizens as you draw the District Map - a Map that will influence all our lives for the next 10 years.

Sincerely,
Janie Emerson
President
La Jolla Shores Association
