

Hello All,

As a resident of Scripps Ranch, and one south of Pomerado Road, I was shocked to learn that my neighborhood has been planned to be moved from District 5 to 6.

One of the reasons cited for moving my neighborhood was to re-unite other parts of the City, such as Clairemont. Please do not divide a tight knit community as it will simply move the problem of “a community divided” to Scripps Ranch. Please consider alternatives to re-unite Clairemont without dividing Scripps Ranch!

Scripps Ranch is more than a zip code, it is a COMMUNITY with a unified voice and a single Council district allows Scripps Ranch to be represented in a unified way.

In the December meetings, please reconsider dividing Scripps Ranch into separate Districts and work to a solution that doesn't divide communities.

Thank you,
James and Christine Benzie
