

My name is Linda Castro, and I am a long-time resident of Rolando Park. I support the Preliminary Map, which reunites Rolando Park and Redwood Village with other College area communities, where we have historically always been until 10 years ago. This map reunites our communities in the SDSU area in District 9. This will enable our volunteers to work on issues and problems that affect College Area communities (of which we are a part). Keep Rolando Park & Redwood Village in D9!
Thank you.
