

I have been an original homeowner in St Augustine, Torrey Hill for over 20 years and the reason we bought this house was to be in Carmel Valley and part of the school system to include the elementary schools and high schools. Mira Mesa school system was not an option for us. With the new lines, half us are moved to Mira Mesa District 6 and the others are Carmel Valley District 1. This splits our community and complex in the middle and does not follow the spirit of redistricting. You really need to take another look at this and not do this to our community. Please help us in this matter. I will be on the call at the meeting tonight to raise my concerns. Honestly, this is keeping me up at night. I have a daughter at Torrey Pines High School now and this would be devastating for her.

Thanks you.

Kris Hole
