

Redistricting Commission,

Thank you for moving the Montgomery-Gibbs Executive Airport to District 7. We appreciate that you listened to Serra Mesa’s concerns regarding the impacts of the airport on the community.

In the Updated Preliminary Plan (with tracked changes) reference is made to Birdland. There’s confusion about Birdland. Birdland is a community located in Serra Mesa and is part of the Serra Mesa Planning Area. The area between Birdland and north of Friars Road is part of the Mission Valley Planning Area. Refer to maps.

Please review the areas of the report regarding Birdland and Mission Valley and make clarifications. For example, District 7, p. 14, states “Mission Valley (partial north and Friars Road and easternmost portion east of Interstate 8)” and p. 15, states “Mission Valley East (partial-portion east of Interstate 805 and north of Friars Road.” There’s no mention of the Mission Valley area south of Birdland and north of Friars.

Cindy Moore

Vice President, Serra Mesa Community Council

**Map:** Highlighted area shows Birdland. The area between Mission Center Road and I-805, south of Birdland, and north of Friars Road is Civita. Area between SR-163 and Mission Center Road, south of Birdland, and north of Friars is part of Mission Valley.
