One of my constituents alerted us that someone has been using a staging area south of Rancho Bernardo Community Park as their private dump for broken concrete, sod, and construction materials. This morning I went out to the site with community leaders, our neighborhood watch, the Police Department, Code Enforcement, and Environmental Services.

The first order of business is to get the site cleaned up. Then we can work on a long-term solution to fix this ongoing problem. We also need your help to track down the culprits.

The police department is investigating. If you have information, please call SDPD Northeastern Division Community Relations Officer Susan Steffen at 858-538-8028.

Inspecting the site with City staff this morning

Thanks to the resident who observed the truck illegally dumping and notified authorities.

The site is just south of RB Community Park.

I won't tolerate this. We need to come together as a community to prevent community assets from being violated. If you see this in your neighborhood, call the SDPD non-emergency line at (858) 484-3154. If you know of a site where dumping has occurred in the past, contact my office at (619) 236-6655.

Best,

Hon. Mark Kersey
