The last couple of months at City Hall have been distracting with San Diego in the national news for all the wrong reasons. But, with that behind now us, we can get back to work focusing on the REAL issues facing our city. Below are a few ways you can get involved in helping to do just that. I hope to meet you at one of these events.

WATER WISE WORKSHOP TONIGHT

Join me at **6PM tonight at the Rancho Bernardo Library** to learn water conservation tips and how to better manage your water bill. Our District Five customer advocate from the Water Department, David Akin, will be on hand to answer questions. I hope you will join us.

NEIGHBORHOOD INPUT TRAINING

What infrastructure projects do you think are important for your community? If you want your voice to be heard, attend a training session to learn more about and participate in the Neighborhood Input Process passed by the Council this year. The policy makes permanent the role of community feedback in the City's process for investing limited infrastructure resources. The District Five training for community planning group members and members of the general public will be held on **Tuesday, August 27th at 6:30PM** at the **Scripps Miramar Ranch Library**, 10301 Scripps Lake Drive. For those of you who work or go to school in other areas of the City, or want to share with friends, you can find a list of all upcoming trainings [here](#).

SCRIPPS RANCH CIVIC ASSOCIATION WELCOMES STONEBRIDGE RESIDENTS

Residents of the StoneBridge community are invited to attend the StoneBridge Estates Community Meeting on **Thursday, August 29 at 6:30PM** at the Scripps Ranch Library Community Room, 10301 Scripps Lake Drive. The Scripps Ranch Civic Association is expanding into StoneBridge Estates, and there are many opportunities for residents to volunteer and get involved. As the City Councilman representing the StoneBridge community, I will be on hand to answer questions and hear any concerns you have.

Best,

Hon. Mark Kersey
