### **Council President Sherri Lightner to Attend the San Diego Festival of Science and Engineering**

SAN DIEGO --- San Diego City Council President Sherri Lightner is pleased to announce that she will be attending the San Diego Festival of Science and Engineering EXPO Day on Saturday, March 21, 2015. The event is free to all attendees.

“As an engineer, I am a proud supporter of the San Diego Festival of Science and Engineering. The Festival features a week of interactive demonstrations, hands-on activities and dynamic speakers. It will engage thousands of school children, parents, scientists, educators and community members. It culminates on Saturday with EXPO Day, a free event open to all San Diegans. What a great way to promote STEM and STEAM education in San Diego and get our children interested in science and engineering,” Council President Lightner stated.
